ROTARY CLUB OF NAGPUR

E-CIRCULAR 03:: FOR THE WEEK 18TH-24TH JULY 2022

Why is there a Rotary Pin and a Rotary Wheel?

The first lapel pin was designed and made by a New York Rotary Club member in 1909. The wheel became the symbol of Rotary in 1906, a year after Rotary's formation in Chicago. Asked to design a symbol for the new club, a Chicago Rotarian drew a simple wagon wheel with a few lines to show dust and motion (14 spokes, no cogs, no keyway). Paul Harris reasoned that the wheel symbolized "Civilization and Movement."

In 1910, the Rotary Club of Philadelphia added cogs to create a working wheel, symbolizing members working together, literally interlocked with one another to achieve the organization's objectives. They used 19 cogs in honor of their club, the 19th in Rotary. They created hundreds of metal pins with this design and successfully pitched it as the new official international wheel in 1912.

In 1918, two Rotarian engineers sketched a new wheel, with 6 spokes (symbolizing the 6 Objects of Rotary at that time and 24 cogs or teeth. This design was presented to the Rotary world in 1920.

Why wear a Rotary pin?

Have you ever been asked about your pin? I have. On airplanes, in grocery checkout lines, in meetings – it's a great conversation starter. Wearing a pin is a wonderful way to show your pride in Rotary and to have an easy way to start a conversation about what Rotary means to you. -Louisa Horne

ROTARY CLUB OF NAGPUR
