Breaking the Glass Ceiling

RI President's Message

Every month since I joined Rotary, I've looked forward to reading this magazine, especially the opening essay from our Rotary president. I'll admit that as much as I appreciate a digital copy, I still revel in the tactile sensation of sitting down and leafing through the glossy pages. They are a treasure trove of photos and memorable stories about our great organization — the one we all know and love. I have learned so much over the years about service projects and lives that each of you have transformed.

As a communications professional, I have longed for the day that our stories were a regular part of mainstream media and that our flagship magazine might populate doctor's offices, coffee shops, or anywhere else people sit, wait, and browse. It's great that Rotary members are better informed about all we do, and wouldn't it be that much better if more people knew our stories.

All this was top of mind as I thought about our plans for promoting Rotary worldwide in the upcoming year. Over the next 12 months, we are going to shine a light on projects that put Rotary service on display to the world, and we are going to do it strategically. Nick and I will focus on some of the highest impact, sustainable, and scalable Rotary projects from our areas of focus in what we call the Imagine Impact Tour.

We are inviting top-tier journalists, thought leaders, and influencers to use their channels to help us raise awareness by reaching people who want to serve but have not yet realized they can do it through Rotary.

But there was another important issue to consider — our carbon footprint. I take seriously Rotary's emerging leadership position on environmental issues. The example set by our members during the pandemic is fundamental to how we carve out our future.

That means we will harness digital technology to tell these stories — we will be tweeting, posting, and "going live" to anyone who will listen. We must consider our environment, and part of that means not always traveling but continuing to connect in meaningful ways as we have for the past two years.

Of course, we are social people, and we still need to be together. We simply need to be more mindful of our decisions and think about how we get together just a little bit differently. For example, if we travel to visit a project, we will plan successive visits in neighboring areas.

Follow with the interviewee's response, which may be edited for brevity or clarity — as long as you let the readers know!

So, what are your stories and who can help tell them? I hope you might consider your own Imagine Impact efforts — your story might be something you can promote just as easily on social media or during a Zoom call. Think about ways to showcase notable projects in your clubs and districts.

We all feel the impact that Rotary service and values have on us. Now it's our opportunity to share that feeling with others.

District Governor's message

Rotary Pranaam !!

"Effective communication is 20% what you know and 80% how you feel about what you know." - Jim Rohn

Our FAB Year is all about feeling, acting-upon & believing that whatever we have set out to do and howsoever we have Imagined Rotary to be in the FAB Year, WE WILL ACHIEVE.

Club Bulletin is a very effective tool and certainly a milestone in the direction of reaching out to the club members and communities alike and making dreams come true, by giving shape to our Imagination.

Therefore, it gives me immense pleasure in writing this message for your 1st Club Bulletin Central Horizon of the FAB Year. It's giving me a sense of togetherness and bonding with you and your club. I am sure you and your members will be equally pleased to read this message through your club's mouthpiece.

We, the FAB Team, have a single ideology around which we have planned the entire FAB Year and that is "To add vibrancy, excitement and faith of being a Rotarian, we need to adopt a single mantra i.e. LTD Unlimited (Loyalty, Transparency & Democracy)". I implore all the club presidents and Rotarians of D-3142 to extend that mantra to our clubs.

Enhancing our Rotary's Public Image is not just an idea or a task but also our prime responsibility and so another flavor of the year, which we all should experience, is community service in our own communities, our neighborhood. It's our bound duty that we all should make Rotary visible in our communities by creating lasting changes. I would further suggest that you should make this brilliant piece of communication, Central Horizon a vehicle for reaching out to the various segments of the givers and beneficiaries, of your neighborhood.

At the outset let me congratulate you and your club for this FABulous beginning and I am sure you will build up on this to bring unprecedented glory, not only to your club or our district but also to our organization that we are so passionate about, that is our ROTARY.

Darshna joins me wishing you and all members of RC Thane Central a Happy FAB Year !!

Assistant Governor's Message

Rotary is such a fine organization with about 1.4 Million volunteers who are also leaders in their chosen vocation. It offers a level playing field for everyone to shape up into leaders and even visionaries. Our RI President Jennifer Jones is so confident about the potential of Rotarians and the power of Rotary that she shared her vision statement for year 2022-23 as Imagine... Imagine Rotary cause she believes that If you can imagine it, you can achieve it!

Always remembers whatever you vividly imagine, ardently desire, sincerely believe, and enthusiastically act upon... must inevitably come to pass! That's exactly our DG feels and want all of us to act upon and believe in the FAB year.

Therefore Imagine! Imagine Rotary! Be what you Imagine. Do what you Imagine. Act upon your imagination!! Believe in yourself, the power and strength of your club members, and last but not least Believe in Rotary!!

it's my promise to you and the club that you will find me there.. now & always 24x7 throughout the year and beyond.. not only as an AG but also as a FRIEND forever!!

Wish you a FAB year ahead!!!
Meenal Savasha

Incoming RC Thane Central President's message

Hello my dear Rotarian friends. Thank you and also extremely delighted to be the 29th President of this legendary club, "Rotary Club of Thane Central". A once in a lifetime opportunity which is given to me by my Centralities.

Congratulations to IPP Saloni Ghule and her team for a successful Smile year and taking the club to greater heights in spite of the pandemic and lockdown.

The dedicated and passionate team of directors and members are my pillar of strength and we will endeavor to explore new avenues of opportunities in serving our community.

In this journey with my team, following the Rotary's Ethical guide the Four Way Test with imagine as the theme, we create all possibilities to serve the community to the best.

Friendship, Bonding within Members and fellowship will be the top most priority to make the club one big family where each member has the sense of involvement and togetherness

ATMAN NAMASTE

From the Editor's desk

Diversity, equity, and inclusion (DEI) is a term used to describe policies and programs that promote the representation and participation of different groups of individuals, including people of different ages, races and ethnicities, abilities and disabilities, genders, religions, cultures and sexual orientations.

Jennifer Jones, the President of Rotary International for 2022-23, is the first woman to be selected in the 117 years history of the organization. She broke the glass ceiling and proved to be a role model by rising to a senior position breaking all the invisible barriers.

She firmly believes in DIVERSITY, EQUITY, AND INCLUSION (DEI) and wishes to encourage female membership which would help change demographics and reflect leadership qualities of every individual working towards a specific goal.

For most of modern history, the world of business has been dominated by a certain profile. Women, minorities, and those in the LGBTQ community have consistently been left out of industry and entrepreneurship.

In the last few decades, however, this narrative has slowly begun to change, with underrepresented communities breaking through the glass ceiling one by one and paving the way for others to follow suit.

We Centralites aim to believe in her vision and create equal opportunities for all. So, cheers to a new beginning !
