A TIME AND TIDE WAIT FOR NONE

We may take time for granted but it keeps slipping away. Young or old, rich or poor, time does not discriminate; it does not wait for anyone!

Likewise, the tide, too, waits for none. Regardless of where you stand, the tide will take its course. It comes and goes when it has to. Similarly, life goes on, and to fulfill our dreams we need to make the most of every passing moment.

We need to focus only on what matters and disregard anything which is detrimental to our development.

The opportunities of life will pass you by if you delay or procrastinate in taking advantage of them.

“Dreams don't work unless you take action. The surest way to make your dreams come true is to live them.”

My dear fellow Rotarians, we are the people of action who do the job of God and are committed to doing service above self. But thinking about planning for a community service project without action is nothing.

Nothing works unless we work. We have to do our part. If knowing is half the battle, action is the second half of the battle.

So, let's do some introspection and ask ourselves. Am I doing my part honestly? Am I attending Rotary meetings? Am I aware of the community service projects in our club? Am I taking part in some of the service projects? have I made contributions to Rotary in the recent past? If any one of the answers is “No” then ask yourself, What can I do now? How may I get Engaged, Enhance the impact, Expend our reach?
