ROTARY CLUB OF DELHI SOUTHEND NEXT

# august NEXT NEWS

## Message from the President

*It's been an August to remember in your august company! We kicked off the month on an insightful note with a business forum virtual meeting. Next we grooved at a JLT event at the Quorum. The feather in our cap this month was the Tree Plantation drive we kicked off involving the Rotary Gen next. We finished strong with the Installation evening and the Governor's Official Visit that helped us formalize our vision and goals for the year. Let's crush some big goals together!*

*- Rtn. Taruna Seth*

### Virtual Meeting | 4 August 2022

Full attendance! 1st Business Forum event of the year with Rtn. Rishabh Bhatia in conversation with Vignesh Shankar. What an insightful and educational session on Divestment, Fundraising, Joint Venture, Mergers and Acquisition, as a strategic route to sustain and grow your SMB (small medium business). Great learning while building stronger community bonds at Rotary Southend Next.

### JLT | 6 August 2022

"Just like that" - Bonding over experiences around town this was us grooving to the tunes of Madstarbase at The Quorum Gurgaon.

### Tree Plantation Drive | 20 August 2022

Southend Next and our next next gen showed an amazing turnout, braving the rain for our very first community tree plantation drive. "It was so much fun and we will watch this tree grow as we grow ..." the children educated us on how crucial and relevant this drive is. Along with the 45 physical trees that we planted, we have also planted 3 trees per Rotarian. Each participant received a certificate on their participation in the tree drive
