Dated: 26.02.2023

No.: 08

Dear Fellow Rotarians,

February is the month of new aspirations, resolutions and dreams for a better and brighter year ahead for every social volunteer and for Rotarians. It is a month when we renew our pledge to make this a better world.

In the twenty-first century organization like us must structure ourselves in a way that encourages sustained engagement opportunities which can only keep members meaningfully involved with responsibility. Identifying the projects, benefitting sizeable numbers and quantum of support must be attractive as well which shall encourage Rotarians to participate and inspire others too. We must put our act together and Imagine Rotary to a better and brighter future.
