Rotary responds to earthquake that has devastated areas of Turkey and Syria

Turkey and Syria were struck by a devastating earthquake on 6th February that has killed tens of thousands of people, destroyed thousands of homes and other structures, and left people across the region without shelter in the bitterly cold winter weather.

The Rotary world responded to this catastrophe immediately. RI President Jennifer Jones activated our disaster response efforts, communicated with the affected districts, and encouraged governors in those regions to apply for disaster response grants and share information about their relief efforts so that Rotary can amplify the calls for support.

The Rotary Foundation Trustees decided that all donations made, from now until 31st March, to the Turkey/Syria Disaster Response Fund will be used to aid earthquake relief projects. In addition, the Trustees made available more than \$125,000 to Rotary districts affected by the earthquake through Disaster Response Grants.
