- Last case of Polio in Nigeria was in 2016.

- African continent and Nigeria declared Polio free in 2020.

- Last year in 2021, we had just 6 cases of Poliomyelitis.

- This year there has been a small spurt and we have had 29 cases thus far.

- We also have had an isolated case in an adult in the U.S.A. which is in a small community which says "No vaccine." There is nothing to be alarmed about.

- The detection of the virus in the drainage in London has also been effectively tackled.

- This year we have had 20 cases in Pakistan, 7 cases in Mozambique and 2 Afghanistan.

- The increase in Pakistan is particularly in one province and has again been cordoned off with good support of the government.

- The 7 cases in Mozambique are Vaccine Derived Polio Virus cases and will be tackled with the new vaccine nOPV2.

- There is a reduction of cases in Afghanistan (which is one of the 2 endemic countries) is a huge plus point and we can still be highly optimistic about eradicating Poliomyelitis in a year or two.

For ₹500/Night, Uttarakhand offer real 'Jail experience'

Dehradun : If your astrologer predicts that planetary positions in your horoscope are such that you may go to jail, do not lose sleep. "Remedy" is at hand. The jail administration in Uttarakhand's Haldwani has come up with a unique idea to help people ward off "bad karma" for a nominal fee of Rs. 500 per night in prison. Astrologers say this may neutralise the prophecy. The Haldwani prison was built in 1903 and a portion of it comprising the old armoury with six staff quarters, which has remained abandoned, is currently being readied to receive "jail quests", Satish Sukhiya, the prison's deputy jail superintendent told TOL. He said the jail frequently received "orders" from senior official to allow "recommended person" to spend a few hours in the jail barracks. These "Tourist prisoners" are also given prison uniforms and food prepared in the jail kitchen. They are also locked up on request. "These are mainly people whose astrologers predict that a jail term is inevitable as per the planetary positions in their horoscope. We have an abandoned portion inside the prison that can be developed as a dummy jail to accommodate such 'immates' for a night for a nominal fee, "the jail official said. "I had moved a proposal regarding the matter earlier too, to the inspector general of prisons. He (Pushpak Jyoti) not only appreciated it but asked me to send him detailed project report," Sukhiya added.
