17th July

PP Rtn Swarnendu Sekhar Saha

Suman Guha

Shri Suman Guha is working as a scientist in Variable Energy Cyclotron Centre one of the premier research institutes under Department of Atomic Energy (DAE), Govt. of India which performs research in basic and applied nuclear sciences.

He is a master degree holder in Engineering with first class from prestigious Homi Bhabha National Institute Mumbai a university under DAE having highest grading of National Assessment and Accreditation Council (NAAC), UGC MHRD, Govt. of India.

Shri Guha is working in VECC since 2000 in the field of accelerator technology and embedded systems. He is the recipient of three National Science and Technology Excellence Awards from Department of Atomic Energy, Govt of India. He was a member of the team for the development of K500 Superconducting Cyclotron, flagship project of Govt. of India and Cyclone- 30, the biggest cyclotron in India for medical application for diagnostic and therapeutic use for cancer treatment.

He is the life member of Indian Society of Particle Accelerators (ISPA), International Association of Engineers (IAENG), Institution of Engineers (MIE) and Bangiya Bijnan Parishad. He is having more than 20 International/National publications in his own field of research. Apart from this, his paper on “Creating solution for waste management and water conservation” is highly appreciated as a means of sustainable development that human societies must live and meet their needs without compromising the future of next generations.

Shri Guha is also the Joint Secretary of Swachhta Committee, VECC working with Swachh Bharat Mission and Jalashakti Mantralaya Govt. of India. He is a Member of Public Awareness Cell of VECC, Dept. of Atomic Energy.

Interacting with young students and common people towards the spread of basic science & technology, waste management and water conservation gives him the most gratification.
