Dear RC Delhi Divine Family, Rotary Namaskar!

The presidential theme for the Rotary year 2022-23, **Imagine Rotary**, underlines the need to appreciate our immense potential and dream to make this world a happy planet.

Let us imagine a planet endowed with plenty, peace, prosperity, progress and positivity; a planet sans conflicts, greed, selfishness, pride and prejudice, pain and hurt, and all that's evil.

If you are a proud Rotarian, you should be, then your imagination should know no limits. Let it soar high. Let your thoughts and imagination visualize a happy, progressive and inclusive society. Don't let the dream stop. Let it have magnificence. Imagine all things excellent and desirable – that can make faces light up and smile. That can brighten up the eyes.

Now manifest your imagination. Turn it into reality. And the question is, how do we work out this manifestation? How do we turn the imagined into real?

As we connect –remember that is also a part of the theme, with our internal and external resources and with the Supreme, tapping energy not only from within and our community but from the entire cosmos, we grow our agency manifold; agency to make a difference; agency to breathe life into imagination.

I underline this forum will do every bit in its capacity to help you connect and mobilize your resources, channelizing them towards what you aspire to. These resources can be your inner strength, courage, conviction, self-efficacy, wisdom, and a lot more that contribute to your goal-attainment. These can be tangibles resources, your precious networks that support your meaningful life pursuits.

Imagination is another name for visualization. And unless you visualize it, how do you manifest it. So imagine – dream – visualize your goals or your picture of the future you wish.

And see the magic unfold – so naturally.

It is just a matter of having clarity of purpose, what to imagine or visualize, making the right connections within and outside, aligning the resources, mobilizing or channelizing them towards the goals.

Remember, by virtue of their vast network, Rotarians don't have to worry about the connections with the community. It is a close-knit, supportive cohort.

And as you plan and progress, remember that the right intentions set the tone. Intentions matter. Be mindful of your senses. Good intentions will help you connect and tap more of the immense cosmic energy.

Dear President Dr Chander Deep Pruthi

Rotary Greetings!

Congratulations to you for accepting the leadership position as a Club President in the RY 2022-23.

This little step has opened up your wings to fly to soaring heights and take society to a more meaningful, humble, accomplished, and peaceful stratum through the magical world of Rotary. Believe me, your positive thinking, hardworking attitude, and determination of doing something unique for the community will create history for yourself as well as give you inner satisfaction. This is what I have experienced in the last 25 years of my Rotary Journey.

Rotary's motto is service above self and we will have to continue our fight against illiteracy, hunger, poverty, water scarcity, disease, pollution & so on. Rotary will stay relevant as long as we are sensitive to the needs of our communities and give our time, talent and resources to make a difference in the lives of the less privileged.

My compliments to you and your team for launching the monthly News Letter "DARPAN" of your Club Rotary Club of Delhi Divine on the auspicious occasion of your Installation ceremony.

Alka & myself wish that may You, Anita & your team raise the glory of Rotary even better. Wishing you all a successful and blissful Rotary journey.

All the best & let's IMAGINE ROTARY together for achieving significant Rotary objectives.

Rotary Regards

Ashok Kantoor
District Governor 2022-23

Rotary Namaskar

I feel privileged to have had the opportunity to serve society through the Delhi Divine club. I wish to thank the club members for giving me the opportunity to serve as President, for their constant encouragement and motivation and for showing confidence in my abilities.

I genuinely feel that the last twelve months have been fulfilling and enriching despite the challenge of the pandemic. I gained valuable experience while working on different projects.

I feel a sense of satisfaction and accomplishment that I could contribute my bit with your unflinching support.

I take the opportunity to convey sincere gratitude to all the members and Chartered President for their resolute support throughout.

Our efforts to contribute and evolve should never stop. I pass on the baton to my successor Dr Chander Deep Pruthi, a competent professional who will lead the club to even greater heights. I extend my congratulations and best wishes to Dr Chander Deep Pruthi and his new team and pray for his success in his tenure.

I aspire for the well-being of all of you and your near and dear ones.

Regards,

Rtn R B Singh
Immediate Past President

DARPAN

INHOUSE MAGAZINE

Dear RC Delhi Divine Family,

Rotary Namaskar!

I thank all of you for reposing faith in my capabilities to lead the club.

The outgoing President Rtn R B Singh Ji has left big shoes for me to fill, and I hope I can do justice with the position. I intend to initiate activities and undertake projects to make a difference and impact the lives of the less privileged brethren.

I am glad that I have in my team the expertise of professionals from diverse backgrounds, and together, we will be able to make a difference and evolve society and the nation.

Earth Overshoot Day marks the point at which humanity has used all the biological resources that the Earth can regenerate during that year. This year, it was on July 28. So in less than seven months, humans have used more natural resources than the planet can produce in twelve months. For the remainder of 2022, we will be living on resources borrowed from future generations.

I will, with my team, focus on preserving the resources and the planet.

I seek your support and blessings for achieving the set goals and translating my vision into reality over the next twelve months.

Regards,

**Dr Chander Deep Pruthi
President 2022-23**
