FROM THE
 **EDITOR'S
DESK**

Dear RC Delhi Divine Family, Rotary Namaskar!!

Best lived, and most meaningful are the lives that take others along, are mindful of the happiness of others, the ones that look beyond themselves. No legal manual lays that down. It is only in the manual of soul, penned with deeds on the pages of conscience. Let's write epics that we are happy about when read. The importance of selfless action or work without self-aggrandisement has been well-acclaimed across all religions. Our moral responsibility is to work for the betterment and upliftment of our less privileged brethren of society. But our efforts should not be made with expectations of awards or recognition in return. The crux is that we should try to contribute to nation-building by reaching out to the needy.

The Paryushan Parva, which the Jains celebrated in September, also underlines the pursuit of the right knowledge, faith, and conduct. The ten-day-long festival advocates the virtues of non-violence, self-discipline, fasting, study of scriptures, introspection and repentance, seeking forgiveness and moving ahead.

Further, we should try to control the adverse effect of climate change and the vagaries of nature: drought, landslides, floods, cyclones, and extreme heat. Our responsible consumption or voluntary simplicity may go a long way in curbing the detrimental effects of climate change. We should pledge to make this world a better place and leave behind a better world free of conflict, enough for everyone's needs and not for greed, for posterity.

This issue of Darpan provides an update on the activities undertaken and milestones achieved by RCDD in September.

Happy reading.

Congratulations and best wishes to all.

INHOUSE MAGAZINE

Dear RC Delhi Divine Family,

Rotary Namaskar!

It has been an excellent journey of three months!

Over the last three months, we have been able to inch towards the goals we have set for our selves. Our focus has been towards building a strong society by way of offering services in multiple domains viz. Health, Environment, Community Service etc.

Till now club has executed projects worth a million. As part of our plan, eye surgeries have been done for 38 patients till now. Food packets have been distributed to more than 5000 needy people. 100+ Units of Blood have been collected to support the Mission Blood Donation.

Wonderful engagement programs have been conducted on Installation Ceremony of Club Team and Krishna Janamashtami.

I do see exciting times ahead with Diwali Celebrations, Movie Show and multiple projects in pipeline over the next few days.

I am sure, with your support and blessings, we will be able to do more and create a mark for our club.

Regards,

**Dr Chander Deep Pruthi
President 2022-23**
