

Rotary club of

Faridabad

ARTH

Dist. 3011

I joined Rotary in 2011, I learned a lot from the club and the members, but in 2016 we made Rotary Club of Faridabad, Arth and I was given the post of the charter president of the club. Whenever I used to see any person who needed help, I always wanted to help the person as much as I could but I didn't know how to or which way to go. Rotary showed me the right direction and I also inspired a lot of people who had the means to help the people in need and encouraged them to put those resources in good use.

When I started our own club, I was introduced to a boy, whose parents had given hope on how long he would survive because he had a hole in his heart. His parents knew that they would not be able to spend so much money on his operation and prepared themselves for he was not going to survive for that long. When I got to know about his story, I met him and his parents and told my club members about him. I shared his reports to doctors at Sri Sathya Sai Sanjeevani International Centre and we could save him and his full treatment was free of cost. Whenever I see that kid, I think that Rotary gave him a new life. This was just one of the examples, our club has helped many people like them and gave them a new life.

Today, I want more people to join us and help spread happiness among other peoples lives

Rotary Blood bank has inspired me a lot.

I've always been a part of this organization and will continue to do so.

Not just this, I've also found myself friends whom I can call my family. I regard them as my own family and also keep fellowship in mind.

Dear President and Team,

Congratulations on becoming first diversity team representing the true vision of “Imagine Rotary”. This year has brought lot of changes in the way world look at Rotary for their projects and approach as it calls for not only imagine but implementing vibrant projects. Our club is now working inline with district aspirations and aim to become Elite club for the year 22-23 as well. As Club Trainer for this year, my responsibility is to educate and train new members to the world of Rotary and its jargons for ease of understanding and communicating better within Rotary and outside Rotary.

Happy Dusshera and Diwali
in advance!

Dear fellow Rotarians

Rotary Greetings!

i am proud to be a rotarian and selected as secretary for the year 2022-23.

This is the first time that our club has chosen females for the leading post of both president and secretary, which is also a great example of women empowerment. Under the guidance of our experienced & senior members we will achieve new hieghts.

I have been observing rotary activities since 2009 as a spouse and became a member myself in 2019. In Rotary together we have recognised the importance of engaging in a broad spectrum of humanity and taking up the responsibilities of advancing the ideal of "service before self".

The coming year brings us new opportunities to work together and make our existence worthful. Looking forward to working with all the members who have now become like a family to me.

Regards
