Rotary Year 2022-23 has certainly begun on a historic note with the first ever lady taking on the erstwhile position of the Rotary International President. Congratulations to Jennifer Jones and more power to women around the world!

RC of Cal Avyanna looks forward to an action-packed year and a host of inspired projects spurred by the year's theme "Imagine Rotary", led by our new Club President, Rtn Sheela Janakiram.

The months of July-August-September 2022 have already seen the Club on a roll. From Health Webinars to Mega Mangrove Plantations to facilitating mobility for Polio Victims, Vaccinating Girls to safeguard them against the dreaded Cervical Cancer, to fixing leaking taps saving gallons of water, to inspiring young children in the Sunderbans in nurturing more plants, and empowering young girls in rural bengal through Menstrual Hygiene Camps... the Club projects have been impactful and effective!

May more communities thrive and more hearts smile as we continue to deliver "Service above Self".

**Message from RI President  
Rtn. Jennifer Jones**  
RI President 2022-23

Recently, Nick and I spent time in Guatemala, where we met wonderful fellow Rotary members and families who unofficially adopted me as "Tía Jennifer." On the third day, after visiting Patzún in the mountainous western highlands, we set out for Lake Atitlán, which we needed to reach by nightfall.

If we took a back road we could get there faster. Locals told us it had just been repaved and assured us, "You'll have no problem."

At first, it was a breeze. We wound through misty-green coffee and corn fields covering the hillside like a patchwork quilt. But at a river crossing, we found a bridge washed away.

The only way to continue would be to ford the river in our small bus. There were a few tense moments, but we decided to give it a try and, thankfully, we made it across safely.

This adventure reminds me of two important truths in Rotary. One, we rely on local, on-the-ground expertise to do what we do best. And two, sometimes you have to take uncomfortable chances to reach important goals.

Every day, I am honored to learn from our Rotary family. Every lesson is an opportunity to grow, and each story adds a chapter to our collective Imagine Rotary year.

**Message from

President 2022-23

I am indeed honored to be the 6th President of this very energetic and vibrant all-women Rotary Club.

2022-23 is indeed a very special year for us as we have Rtn Jennifer Jones, the first woman to hold office as Rotary International President in 115 years!! She has given us an amazing theme 'IMAGINE ROTARY', which is so expansive and motivating.

Together with all our dynamic Club Members, I look forward to an eventful journey ahead, keeping our focus on Empowerment of Women/Girl Child, Membership Growth and Public Image.

I have full faith that our Club will implement meaningful and sustainable projects.

'Service above Self', Rotary's maxim, is something I firmly endorse. We need to dream big and work towards making it happen.

I take this opportunity to thank Immediate Past President Rtn Apala Datta and Secretary Rtn Chandreyi Mitra, for ably steering the Club to great heights with their broad vision and hard work.

I look forward to a great Rotary year!

Taking Steps to Eliminate Cervical Cancer

On 4 September 2022, members of Rotary Club of Calcutta Avyanna took up a life-saving vaccination drive at Ward 92 of Kolkata, as a step towards preventing Cervical Cancer and spreading awareness about this dreaded disease.

A simple HPV vaccine, administered between the age of 11 to 26 years, can eliminate the risk of Cervical Cancer to which mostly women fall victim.

Around 37 adolescent girls of Ward 92 were vaccinated on the day of the project, which was initiated by Cancer Foundation of India, an NGO run by our very own Club Service Project Committee (Medical), Rtn Sutapa Biswas. The project was, of course, supported spontaneously by the Club members, led by President Rtn Sheela Janakiram.

# Communicating Rotary

Article by

(Advertising Professional & Author)

Ever since the Rotary International was formed in 1905, it has delivered path breaking services to humanity. And as the Rotary Founder, Paul Harris had said, "Whatever Rotary may mean to us, to the world it will be known by the results it achieves". True, they are known for the results, be it Polio Eradication or the running of a school for the under privileged in a slum area. However, there is a constant need to communicate the community services they have been providing to the communities across the globe. This seems to be area that needs serious focus because while the various projects are reported and discussed in detail inside the Rotary, much needs to be done generate awareness to the "publics" at large.

I remember almost two decades ago when Rtn. Virender Jain was DG of Rotary District 3010, I was invited to breakfast at his residence to discuss what can be done to communicate Rotary. PDG Jain's father was a political leader in the post independence era and therefore he was politically well connected. I had suggested to him to push for a Republic Day tableaux on Republic Day, with the famous Polio Drop and if all Districts in India pitched in, it would be a big bash. Such ideas are

received with a round of applause but they never see the light of the day. True, Rotary would never spend money to "advertise" in media, but with social media access available to all communicating logistics become easy. In fact, a number of RCs had taken the initiative to develop their own websites when we hit the www world. Unfortunately, committees change and many such websites are never renewed since the new committee is not quite web oriented and the efforts languish. The same can be said about their presence in social media. Sparks, flashes, but no planned process and worse, the audience are still Rotarians.

The task in hand is communicating with the external audience and my suggestion would be that all clubs must have a Communication Cell as much as they have a Membership, Project, Vocational Service, Interactors, Rotaractors and such other ministries. In US they also have a Committee Member who looks after PR.

What should this team actually do? Adopt the Swedish concept of GRC: Grass Route Communication.

The team actually visits various "publics" in their constituency (we know Rotary Clubs don't have a defined geographical area) but the District can break up the governing area in to constituencies and clubs made responsible for the activities in that designated area. They should have short chat shows with different audiences, from slum dwellers to students to even housewives and over tea and snacks, present to them the story of Rotary Schools, Colleges, Sports Clubs, Banks, Recreation Clubs even road shows at street corners. Not a flash in the plan, but a planned process, with dates, responsibility. And all clubs should have a budget to carry this out. Most importantly, do it silently. During the Sunday Polio period I often noticed many clubs turned it in to a carnival of sorts and after marking presence, car loads would hit the Bar.

There were exceptions and one such Rotarian I would single out was the Late PP Rtn M N Venkataraman from Delhi.

Tough call, but give it a thought. And that way we can fight the perception that Rotary is all about "self" service.

Let us create a society with better values.
