## Our Permanent Project

### ROTARY BAL VATSALYA KENDRA

Our club has started a Bal Vatsalya Kendra in Amreli. Basically its a child development & educational training center for rural & slum area children. This project is started after a motivational visit of Happy School of RC Rajkot Greater and Dhinka Chika project by Surat during Pravas - Car Rally organized by RID 3060. We identified slum areas in the city and surveyed for the childrens in this areas. We approached many institutions for a hand of help and luckily SBI – RSETI has agreed to help us and provided us the place in their institute. We arraigned a care taker for this childrens and started this center on 22nd of Feb 2021. We are glad to see that on the very 1st day of this center, nearly 35 childrens were present and this figure is now increasing day by day. As of now there are 109 childrens coming to this center. Care taker trains these childrens on how to Brush teeth, taking Bath, Combing their Hair & Dressing, etc. Club member Rtn. Suresh Trivedi & Rtn. Dhaval Thakar looks after this project and also teaches the childrens basic knowledge. This center is open daily from 8:30 to 11:30 in morning and a healthy meal is giving to all children which attract them for coming here. Our aim is to educate maximum children of slum areas. Recurring cost of around Rs.6000-8000/- is barred by club members and SBI-RSETI. By this project club is gaining public image in the lower class of the society.

## Our Permanent Project

### OXYGEN CYLINDER BANK

Club had started Oxygen Bank during the 2nd wave of Covid-19 for the needy patients at refundable deposit basis. Club has total of 66 jumbo oxygen cylinders & 4 Oxygen Concentrator Machines. This was all gathered with help of local donors, who were impressed by our clubs activities and public image. As of now there are many patients in the city who requires an oxygen cylinder of their regular treatment. This project is now gaining faith & trustworthiness of the club and building a good public image in the society.

## PROJECT AADHAR - MEDICAL EQUIPMENT

Project Aadhar is a project in which our club provides Medical Equipment's to patients on a refundable deposit basis. This project was started on the Charter Installation of Club as a thought to serve the society from the very 1st day of the club. On an initial stage we filtered Medical Equipment's like Air Bed, Water Bed, Toilet Chair, Walking Stand & Sticks, Medical Beds, ect. and approached many local donors to donate for this cause. The total amount of these equipment's was around 1.50 Lakhs INR. Fortunately in a very short period of time our Donors agreed to give a handsome amount for this project. Club members fulfilled the remaining part of the amount and the project we started. The whole project is managed by club member Rtn. Trilok Bhatt and all the equipment's are kept at Deaf & Dumb School – Amreli. The patient / beneficiary are asked to pay a deposit amount depending on the equipment needed & on the returning the equipment the deposit amount is refunded to the beneficiary. A complete record book is maintained for this project. Many beneficiaries also donated the deposit amount which helps in the recurring cost of the project. Many other local donors keeps on helping this project as a result of which, this project is now having Medical Equipment's of more than 5.75 Lakhs including two oxygen concentrate machines. This project is now having a vast effect on society and benefiting more than 8,000 beneficiaries till date thus helping the club build a better Public Image in the society.

## Our Permanent Project

## Our Permanent Project

### MIYAWAKI FOREST

Club has developed 2 Miyawaki Forests of 100 Sq. Mtr. each at Deaf & Dumb School Amreli. This method used for tree plantation is in self a innovative way and by this method we can plant more trees in a small area compared to our traditional planting method. While in this Miyawaki Forest method approx. 350 trees can be planted in 100 Sq. Mtr. area besides approx. 80-100 trees by traditional method thus helping Rotarys new area of focus Environment. Among this, the plantation will be self sustainable after a period of 12 to 18 months where its takes a lot of efforts, precious care and time consuming in other methods. In this method we can select trees and plants depending on surrounding environment thus helping in creating a better place to live for birds.
