OCTOBER 2021 – MESSAGE FROM ROTARY PRESIDENT

A quarter of the Rotary year is now behind us. I am sure you are helping Rotary to *grow more and do more*. And I hope you have already done your part for the Each One, Bring One initiative by introducing one person to Rotary.

Do you ever think about your earliest days as a Rotarian? I often do — because those first moments of discovering the power of service shaped who I am today. When I joined my Rotary club, our efforts focused on India's rural communities, where people were living without toilets, getting their drinking water from the same pond they bathed in, and sending their children to outdoor classrooms set up under a tree. The nearest health care provider often was miles away — and the services were inadequate. But after Rotary clubs carried out some service projects, the villages had toilets, clean drinking water, a classroom for early learning, and a nearby health care center.

The spark that Rotary kindled within me forced me to look beyond myself and embrace humanity. It made service a way of life and led me to a guiding principle I still stand by: Service is the rent I pay for the space I occupy on Earth.

If you feel the need to reignite the spark of service in yourself or your club, October — Community Economic Development Month — is a great time to do so. When we work to improve the lives of people in underserved communities — through, for example, projects that provide vocational training and access to financial resources — we help build and sustain local economic growth.

The need is great. According to the United Nations, 9 percent of the world's population — that's 700 million people, a majority of them in sub-Saharan Africa — live on less than \$1.90 a day. By supporting strong community development as well as entrepreneurs, we can help improve conditions for people in that region and others.

Your club can also promote economic development in your own community by expanding vocational training opportunities through local schools and community colleges, partnering with lenders to improve access to financial services, or working with a nonprofit that provides resources to entrepreneurs and connects them with the business community.

Of course, developing strong communities is impossible without strong public health. On 24 October, World Polio Day, we'll celebrate our tremendous progress in the effort to eradicate polio. But we also know the fight is not over. We still need your help raising funds and awareness to ensure that all children are immunized against polio. Please don't forget to activate your clubs on that important day and encourage them to donate here: endpolio.org/world-polio-day.

Service has been rewarding for me throughout my life. I know the same is true for many of you. Join me this month in becoming a good tenant of our planet by helping others to better themselves and their communities. Together, we can Serve to Change Lives.

MESSAGE FROM PRESIDENT & SECRETARY 2021-22

Respected Rotarians – The Team Changemakers and Members

ROTARY GREETINGS TO YOU ALL!

It is a pleasure for us all Rotary Club of Chikhli River Front to donate the Mobile Medical Cancer Unit Vehicle for the service of the people which will prove a boon to those having Early Cancer and which can be cured due to early detection.

Last year when IPP Rtn Hassan Mayet and Team applied for Global Grant with support and co-operation from DG Rtn Prashant Jani and Members of RC Gandevi and around 30 Rotary Clubs, Districts, NGOs, Individuals and Rotarian Participated in the contribution and made this Global Grant a Reality which enabled us to build a State-of Art Mobile Cancer Detection Unit Vehicle (MCDU).

On Saturday, 9th October 2021, we were able to dedicate this MCDU Vehicle for the need of Cancer Awareness and early detection purpose to the nation with the blessings of Swami Gnanvatsaldasji and host of Swamijis in presence of DG Rtn Santosh Pradhan and IPDG Rtn Prashant Jani and Presidents, Secretaries and Members of Various Rotary Clubs, NGOs, and other Dignitaries.

We also feel thankful that Cabinet Minister Shri (Rtn) Nareshbhai Patel and MLA Vansda Shri Anantbhai Patel also graced the occasion. The task was difficult but, we overcame each hurdle with dedication and sincerity and performed better than expectation with success in building a modern user-friendly Mobile Cancer Detection Unit Vehicle.

With blessings of Almighty, guidance and help from all our Past Presidents, encouragement support and tolerance from my family members and whole hearted involvement of everyone we have had a enriching, exciting, eventful, enjoyable, satisfying and rewarding First Quarter of the year 2021-22 making a difference in the life of many and making a mark in the community with this CDMU dedication.

We sincerely thank all the contributors and feel blessed that a 3+year old club has achieved these proud moments due to the contribution and having faith on us by achieving this prized possession which we have donated to Alipore Social

Welfare Trust -Alipore Hospital, where a team is under training and will be working with dedication for the cancer awareness and early detection of cancer patients.

May the Almighty bless all of us with many more successes in future and may we all achieve much more goals and the goals which were not even set...let us all reach to a new horizon by working hard for the welfare of the community and mankind!!!

Yours sincerely

Rtn Naresh Patel (President 2021-22)

Rtn Manoj Shah(Secretary 2021-22)

Date: 15 October 2021

FROM THE PEN OF THE EDITORS

Greetings Rotarians and Guests!

Firstly, we are pleased to submit this Mobile Cancer Detection Unit Vehicle Bumper Special Issue, which we are sure you all shall enjoy reading as this is a Bulletin Issue having Photo Feature as we felt blessed ones to having witnessed this historic event which we admit was after a hard work and dedication of the members involved who worked with sincerity and today, we have this Vehicle which will be pride for us all.

Secondly, we had since past 8 months been actively trying our best to expedite the work of the Mobile Cancer Detection Unit Vehicle which was delayed due to the Pandemic. The work was tremendous and with infinite mercies of the Almighty we were able to build a Multipurpose Mobile Cancer Detection Unit Vehicle.

A popular saying, "If you can dream it, you can do it". But first, you must hold the dream and remain focused on what is desired. Rotary provides many Rotarians the means to accomplish their dreams. It begins with only one Rotarian with a vision, and who then shares his or her vision with another Rotarian, who presents it at a Board of Directors meeting with specific needs and goals, and then the vision begins to become reality. Rotarians often find a particular program which becomes a passion. Hearse Services, donating blood, build a home providing clean water, feeding the hungry by distributing food-kits and so on. As you learn more about Rotary perhaps you, too, will discover a passion for helping others. It may be supporting our Rotary Foundation in general or designating funds for a specific program. Here at RC Chikhli River Front, it was to create a project which would Detect Cancer on the Wheels, right at the doorstep, Proving Ambulance Services which you shall be seeing in this Special Issue of our CHAKRA Bulletin.

From our coverage of all the projects and fellowships, we have attempted to celebrate the Club's accomplishments. We respect and appreciate your support and acceptance. Just like you, it has been indeed a very fulfilling year for us, too! It was a big challenge for all of us and thanks to the support from so many Rotary Clubs, Rotarians individually and NGOs and Many Others, launching this project seemed so successful.

Appreciation is the key to human motivation; we all crave for someone's feedback to our work or deed. It's a way of showing respect. It's a way of building trust. This feeling lifts up people - both the giver and the receiver, and charges their energy with positivity. Appreciating the diversity and similarity within a team can reap great rewards in terms of performance and increase the satisfaction of the entire team. It inculcates a gratitude culture. Here we appreciate all those who have supported and prayed for this project and above all we thank the Almighty for success bestowed upon us all!

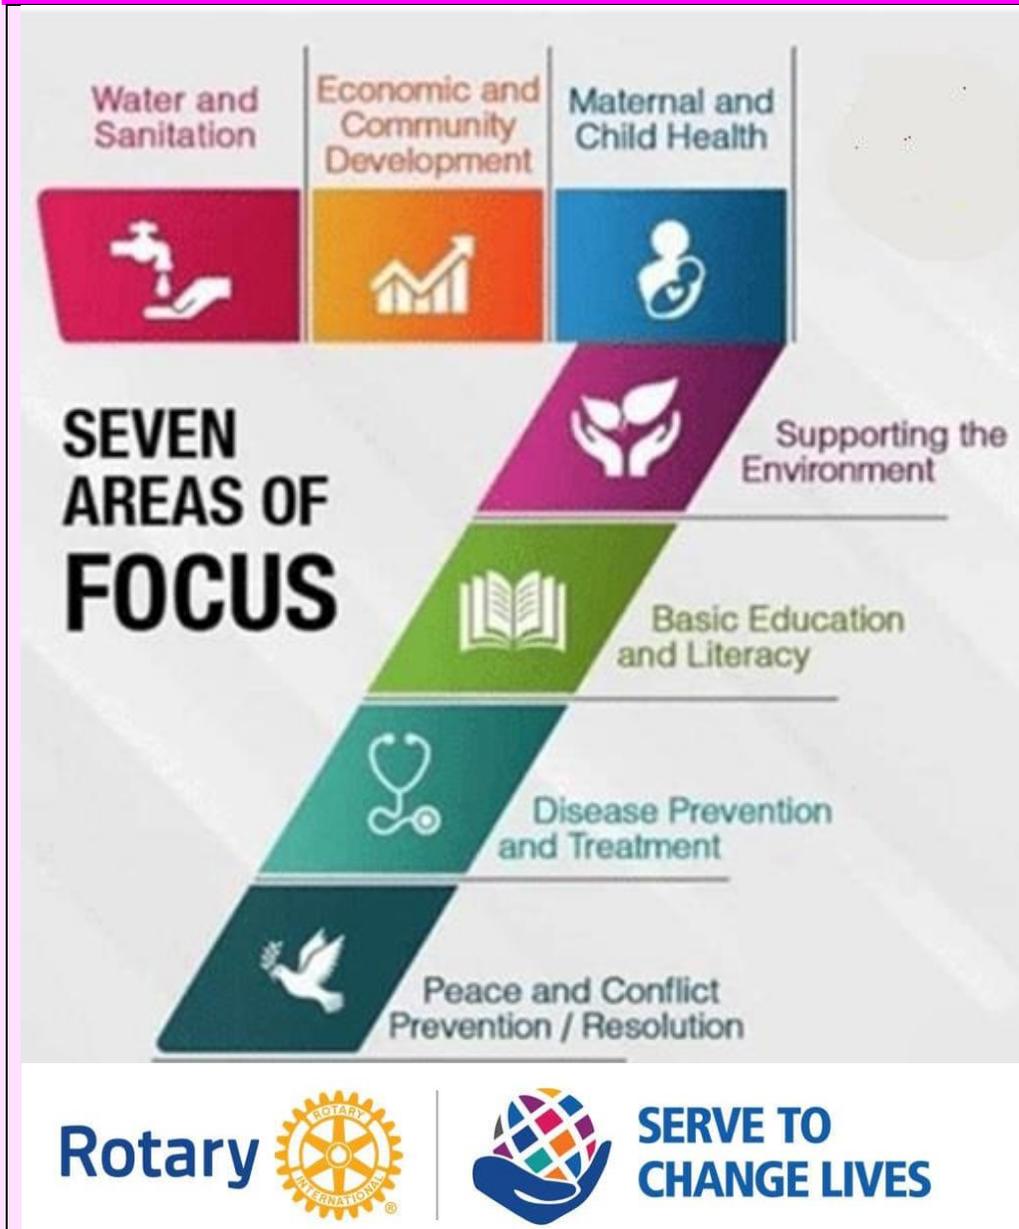

"CHAKRA" is the face of our club and to represent true opinions, feedback from members is essential. We want to 'Engage' every reader and 'Change' the communication for the better. As we are the part of Changemakers!

HAPPY READING!

AREAS OF FOCUS

What is Rotary? Is the question we are frequently asked and we have to explain in the best possible words or examples or our experiences during the services rendered by us to the community. Hence, we would like to explain something about Rotary in brief.

- **PROMOTING PEACE:** Rotary is dedicated to causes that build international relationships, improve lives, and create a better world to support our peace efforts and end polio forever.
- **FIGHTING DISEASES:** Rotary encourages conversations to foster understanding within and across cultures. We train adults and young leaders to prevent and mediate conflict and help refugees who have fled dangerous areas.
- **PROVIDING CLEAN WATER, SANITATION, AND HYGIENE:** We support local solutions to bring clean water, sanitation, and hygiene to more people every day. We don't just build wells and walk away. We share our expertise with community leaders and educators to make sure our projects succeed long-term.
- **SAVING MOTHERS AND CHILDREN:** Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. We expand access to quality care, so mothers and their children can live and grow stronger.
- **SUPPORTING EDUCATION:** More than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.
- **GROWING LOCAL ECONOMIES:** We carry out service projects that enhance economic and community development and create opportunities for decent and productive work for young and old. We also strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.
- **PROTECTING THE ENVIRONMENT:** Rotary members are tackling environmental issues the way they always do: coming up with projects, using their connections to change policy and planning for the future.

SPEECHES

Cabinet Minister and our Rotary Club Member Rtn Naresh Patel expressed his views and expressed his satisfaction and honour to have been with Rotary Club of Chikhli River Front and said he has mostly been part of all the Service Projects as a team member and have seen the most successful project of Chikhli Covid Care Centre (CCCC) organised by RCCRF and Alipore Hospital jointly. He said he was impressed with the work of Rtn Swetal Desai, Rtn Hassan Mayet and Rtn Shailendra Singh during Covid-19.

PP Rtn. Swetal Desai Project Chair, MCDU, expressed his sincere thanks to all those who had contributed towards this Project and also announced that for Modern Cardiac Hospital Project, he has been offered Rs 4 Crores from various individuals and have expressed his thanks to these offers and wished that Rotary Foundation and District will support this project. He expressed sincere thanks to Swamiji for gracing this occasion and also thanked again to all the contributors.

Rotary Club of Gandevi and Rotary Club of Chikhli River Front organised the First Pap Smear and Mammography camp in association with Rotary Club of Gandevi and Alipore Social Welfare Trust on 25 September 2019 at Alipore Hospital, when Rotary Club of Amravati Midtown sent their Mobile Mammography Vehicle to our areas.

This camp became so successful that three more camps were organised one in Pipalgabhan Village and other two in Khergam Town. These camps inspired Rtn Swetal Desai, Rtn Parimal Naik and Rtn Hassan Mayet who discussed in lengths that one day we should work on such project. Days passed and soon Rtn Parimal Naik informed that if we have a major donor then we can apply to Rotary Foundation for Cancer Vehicle under Global Grant Scheme. Rtn Swetal Desai alongwith other team members came into action in search of generous donor who can contribute towards Cancer Detection on wheels project.

DURING THE INSTALLATION CEREMONY OF Rtn Hassan Mayet, the then DG Rtn Prashant Jani expressed his wish to launch a Mammography and Pap Smear Vehicle and, in the meantime, Rtn Parimal Naik alongwith Rtn Swetal Desai and Rtn Hassan Mayet came into action.

Rotary Club of Chikhli under Rtn Swetal Desai stewardship did not waste time in searching for a Major Donor and within 48 Hours a phone call to Rtn Swetal Desai made this project proceed towards the historic moment of accomplishing the Mobile Cancer Detection Unit become a reality. This phone call was from our generous Rotarian Rtn Harshad Patel, Sadakpore, USA. Once the fund was received, Rotary Club of Chikhli in association with Rotary Club of Gandevi applied for Global Grant and thanks to various Rotary Clubs joined hands with other NGOs named below to contribute towards Cancer Detection on Wheels Project.

This Mobile Cancer Detection Unit Vehicle will be handed over to Alipore Social Welfare Trust Alipore Hospital and medical camps shall be organised from the 1st of November 2021, after stringent training, rehearsals and drill practice will be held during the Month of October 2021. Initially Breast and Cervical Cancer plus Lungs Cancer will be detected and gradually Oral and Throat Cancer, Prostrate Cancer and Head and Neck Cancer will be also included in the camps.

THE ARRIVAL OF MOBILE CANCER DETECTION UNIT VEHICLE on 3rd October 2021 AT ALIPORE HOSPITAL
