Project Dashabhujia Date: 13th August 2021 Beneficiaries: 35

On the occasion of Rotary Day of Service, Institute of Engineering & Management in association with Rotary Club of Salt Lake Silicon Valley organised an All Women Discussion Program titled Dashabhujia at IEM Management House on 13th August, 2021.

Institute of Engineering & Management often conducts various charity drives in association with various charity clubs since the institution believes in the motto that charity and benevolence is the key to being successful in both personal and professional life.

This venture was also aimed at spreading awareness among women regarding their worth and importance in our society. This event was led by some female professors of IEM, Kolkata and some students who guided women belonging to the lower economic strata of society regarding the importance of their health and hygiene.

An open Discussion Forum was conducted where the insecurities and anxieties of all the beneficiaries were heard and resolution was solicited.

The discussion specifically focussed on aspects like:

- 1) The mental health of homemakers and the way to battle stress and trauma. The importance of Meditation.
- 2) Physical Wellness and Hygiene: the ways through which a woman has to maintain herself in order to remain healthy.
- 3) The necessary nutrition, needed by a female body in order to keep their body fit and healthy.

Rtn. Ranjana Mustuddi, Assistant Governor, Zone 8 of Rotary District 3291, Rtn. Dr. Satyajit Chakrabarti, Club President and Rtn. Dr. Samapika Das Biswas, President elect (21-22), Kolkata graced the occasion and congratulated IEM and Rotary Club of Salt Lake Silicon Valley for this novel cause.

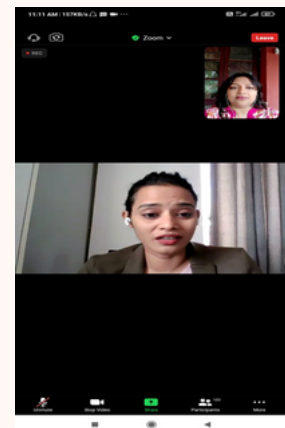

More than 35 women participants and their kids attended the program with huge enthusiasm. Proper social distancing and sanitisation protocol was maintained by the college authority throughout the event. All the Participants of this program received health and hygiene kit as a token of love and gratitude.
