## Rotary PEOPLE OF ACTION

In 1932 Rotarian Herbert J. Taylor created the Four-Way Test, a code of ethics adopted by Rotary 11 years later. The test which has been translated into more than 100 languages, asks the following questions:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

## ROTARY HISTORY

### Paul Harris: Rotary's Founder

**Rotary started with the vision of one man — Paul P. Harris.**

*Harris was born on 19 April 1868 in Racine, Wisconsin, USA. At age 3, he moved to Wallingford, Vermont, where he grew up in the care of his paternal grandparents. He attended the University of Vermont and Princeton University and received his law degree from the University of Iowa in 1891.*

*In 1896, Harris settled in Chicago and opened a law practice. Four years later, He met fellow attorney Bob Frank for dinner on Chicago's North Side. They walked around the area, stopping at shops along the way. Harris was Impressed that Frank was friendly with many of the shopkeepers. He had not seen this kind of camaraderie among businessmen since moving to Chicago and wondered if there was a way to channel it, because it reminded him of growing up in Wallingford.*

*“The thought persisted that I was experiencing only what had happened to hundreds, perhaps thousands, of others in the great city. ... I was sure that there must be many other young men who had come from farms and small villages to establish themselves in Chicago. ... Why not bring them together? If others were longing for fellowship as I was, something would come of it.”*

*In the mid-1920s, Harris became actively involved in Rotary again, serving as the public face of the organization. To promote membership and service, he attended conventions and visited clubs throughout the world, often accompanied by his wife, Jean.*

*Harris died on 27 January 1947 in Chicago at age 78, after a prolonged illness. Before his death, he made it known that he preferred contributions to The Rotary Foundation in lieu of flowers. By coincidence, days before he died, Rotary leaders had committed to a major fundraising effort for the Foundation. Upon news of his death, Rotary created the Paul Harris Memorial Fund as a way to solicit these donations. Rotarians were encouraged to commemorate the late founder of Rotary by contributing to the fund, which would be used for purposes dear to Harris' heart. In the 18 months following his death, The Rotary Foundation received \$1.3 million, which helped support the Foundation's first program — scholarships for graduate study abroad.*
