In 1932 Rotarian Herbert J. Taylor created the Four-Way Test, a code of ethics adopted by Rotary 11 years later. The test which has been translated into more than 100 languages, asks the following questions:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

23rd September - Launch of Project AtmaNirbhar

RC Vadodara ONE is happy to share the launch of Project AtmaNirbhar on 23rd September 2021. Under this project, we will conduct on-going skill development activities for underprivileged students and women. In collaboration with Simple Deeds Foundation and The Edu Club, this month, we have initiated 2 programs: Basic Computer Skills and Self Defense Skills. We are grateful to Ms Keshuben who runs a street school for 130 students under her banner Divya Roshni Street School; to help us shortlist the deserving students.

Venue : The EduClub Teacher Support : Simple Deeds Foundation

Our program details are:

1) Basic Computer Skills : 4 months course for 15 students of grade 8th to 12th, to help them with this necessary know-how for their college education. Timeline may be extended, depending on the students' learning speed

Course Content: MS Office (Word, Excel, PowerPoint) and other basic research and report writing skills needed in tertiary education.

● **Venue:** The EduClub ● **Computers and Teacher Support:** Simple Deeds Foundation

On September 27, 2021

2) Self Defense Skills: A 3 day crash course for 25 girls, from grade 8th to 12th.

1. **Safety:** The primary importance of self-defense is for women to be able to protect themselves against anything that is unacceptable in terms of social conduct.
2. **Confidence:** There is nothing more empowering than having the confidence to analyse a dangerous situation and take actions to overcome them effectively.

Hence RCV ONE has started this initiative to make our future generation of girls stronger to face the world.

Teach your girls self defense, not just cooking.

WHY SHOULD YOU WRITE A WILL

<p>Peace of mind</p> <p>No one can predict the future. If something bad happens to you, you want to make sure that all of your affairs are in order. This should help you relax and feel confident that you are protecting the people you love. Your assets will be in order and you will be able to relax as you get older.</p> 	<p>Take control of your property</p> <p>With the current pandemic now in its second wave, you may be feeling like things are out of control. That's why you need to have your affairs in order so you can relax. Big property and smaller property can be displayed in a will and you can even list if there are any additional debts that need to be known about. You will always have control over what goes into your will.</p> 
<p>Reduces Tax</p> <p>Did you know that if you take advice from a solicitor and create a will in advance, it is very likely that you will be able to reduce the amount of tax that is paid on your inheritance? Save some money and create a will. Your inheritors will be thanking you in the future.</p> 	<p>Family and Friends Protection</p> <p>On an emotional level, we understand that you want to protect your family and friends in the worst of times. That's why a will can help. If you think some of your family is struggling more than others, you can have your will leave more of your possessions towards them. You can change your will if people come in and out of your life.</p>

Drinking water plants for schools in India

- over 8 years our Club has funded the installation of drinking water plants in 7 government schools at a total cost of about £8,000;
- over 2,000 children and staff have benefitted;
- student illness has been reduced and school attendance has increased by about 25%;
- cost is about £1 per child per annum, amazing value for money;
- our partner Vadodara ONE Rotary Club in India agrees the plant specification after discussions with headteachers, instructs the contractors and funds all ongoing maintenance costs after the first 3 years;
