News letter

October 2022

From President's Desk.....

We are already in October, the most festive month of the year, this is our second bulletin of the club even though it's in its tender age just a couple of years old.

During this festive month our club tried to bring a smile to the children of the nearby slums by providing them with new clothes in coordination with local schools. In addition, Club has already taken a few activities during 2022-23 which are described in the pages of the club bulletin. We are also pleased to inform the members that DG's visit to our club is scheduled for this month which will enhance our energy and further motivate us to work for the betterment of society. Our Club continues to go the extra mile in building the club and carrying out the many worthwhile projects that we undertake for the benefit of our community.

With best wishes.
