A Note by Club President Rtn Sunil Kumar Day

This fortnight of 1st to 15th February 2023 was period of many meetings and gatherings. Also a period of auspiciousness when marriages are most preferred to be held. Then there were art shows and political shows too!

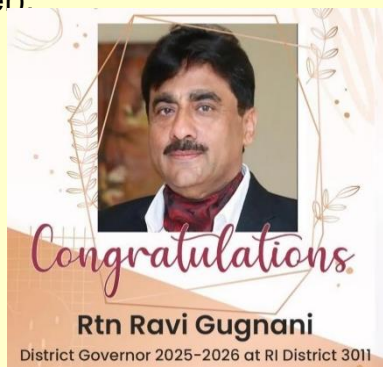

All these had impacted our Service Projects - many were postponed and some could not happen as the venues were not available at the right time. Nevertheless, we have planned to bring our projects tally to cross 100 in the next fortnight of February 2023. Also in this fortnight we have laid foundations of many new projects. A large part of the fortnight was dedicated to the District Conference that was held on 11th & 12th February 2023. The annual function of the Rotary Districts is much sought after everywhere – we have included a lot of pictures to give you a good idea about it in this bulletin. There were not many participants from our club though! Let's hope in future more members will take part. Look forward to the continuous support of all of you.

Editor's Note: Congratulations to our Friends - both Won the Elections held on 12.02.2023

Starting with this Bulletin, we are introducing District Projects / Activities and some selected projects done by other Clubs. We are going to collect this information from GML (Governor's Monthly Letter).

We want to continue this addition in each Bulletin so that our members get to know what all is happening around. As requested by me earlier we need lot of inputs from our members and their family members in terms of Poetry; Shot Essays; Drawings / Sketches; etc. A Rotary Club is considered a family and let us get involved a bit more in Club Activities and Bulletins and also functions / meetings being organized by the District or other Clubs where we get invite and this will allow all of you to get better involved as well as you will find more friends.

February 2023 Message of Jennifer Jones RI President 2022-23

Recently, I spent time in the Nakivale refugee settlement in Uganda. As the "settlement" in its name suggests, the people living there are free to move around and integrate as best they can — one thing that makes the place unique.

I had a chance to play soccer with boys and girls from about a dozen nations and talk with women who had fled areas of conflict. It was a tapestry of human experience shared through both laughter and tears.

As I walked across a school campus at the settlement with a teacher, she shared with me the dire statistics on girls' education. Most don't get through grade school. Many are sold into child marriage to pay for food for their families. As I looked around at these young girls, I was gutted.

Our work with empowering girls and women is much more than creating equity — sometimes, it's about health or education. Other times it's about providing safety. Regardless of the path, it's always about basic human rights.

We can do more to empower girls and women, and we can expand how we share the progress Rotary members and our partners have made toward this goal.

There is no shortage of inspiring examples of our work, from interest-free microcredit loans for

women in Nigeria, to projects in India that provide girls menstrual hygiene products. Hundreds of projects are taking place across all Rotary areas of focus and are making a meaningful and often lifesaving difference.

Together, we can address the needs and inequities that girls throughout the world face daily. But we must also monitor the impact of these projects and create awareness of Rotary resources and subject matter experts, including Rotary Action Groups, The Rotary Foundation Cadre of Technical Advisers, Rotary Peace Fellows, and others.

It is especially important that we tell the stories of our initiatives that have a positive impact on the lives of women and girls. This last point is near and dear to my heart. This means sharing our stories on social media, through local news outlets, in this magazine, and wherever we can inspire others.

As you do so, it's important to provide information that helps our Rotary family connect with others who are implementing activities in their regions, as well as across the world. Let's share our successes and learn from one another — then proudly tell our stories to a larger audience.

These are exciting times in Rotary, and the world is taking notice. As we work to empower women and girls to step into their full potential, we create new pathways for membership growth and greater collaboration with partners to create positive, lasting change. Thank you for your continued action in this vital effort.

**Message of Rtn Ashok Kantoor
District Governor R.I. District 3011**

Dear Presidents and Team Members,

Wish you a Very Happy New Year !

At the outset, I would like to pay my respects to Late Rtn V.N.Mittal President of Rotary Govinda, who passed away on the 5 of January. It was indeed a tragic way to start the New Year and our hearts go out to the bereft family. Alka and I offer our consistent support to them should they need it at any time and we will pray to the almighty to give them the strength and fortitude to bear this untimely and irreplaceable loss.

January was a month full of productive activity and significant achievements. For the first time ever R.I. District 3011 organised a 'Legal Aid Seminar Expanding Horizons' to make Rotarians aware of the legal aid available to people who are from the underprivileged strata and to let them know how they can benefit from it. We are grateful to District Chair – Legal Committee Justice Jayant Nath Former Judge Delhi High court for organising this landmark event which will help several people obtain legal aid when required. Supreme Court Judge Justice Sanjay Kishan Kaul made an impactful speech and gave us a splendid overview of the legal systems and how they function. We also had Senior Advocate and Member of Parliament Vivek Tankha explaining the different ways in which Rotarians could help the poor and needy get legal advice and help. I would like to

thank everyone who was involved in the delivery of this event and this is another example of the team coming together and putting the weaker sections of society at the centre of everything we do.

I am happy to announce that in keeping with our motto of 'ambition delivered today' we have also taken the initiative to set up a Rotary Skin Bank at the AIIMS Burns & Plastic Surgery Department. This will be the first time that R.I. District 3011 will be venturing into this area and we are sure that this landmark project will succeed in making life more beautiful for people who feel constrained and distressed because of disfigurement that is inflicted on them as a result of burn and other injuries.

The clubs of the District have also undertaken mammoth projects and we are moving towards record breaking figures in blood donation and in ambitious, innovative and sustainable ventures like providing electrically enabled artificial limbs to the needy, being a 'nikshaymitra' to TB patients and providing them succour in the form of food, nutrition and medicines or following up on the recharging of borewells initiative along with other innovative projects, the clubs have been a step ahead in implementing their strategic plans.

Our plans are under way for a fantastic District Conference. We have planned several exciting and informative events for everyone and we look forward to interacting with each one of you on those days.

Warm Regards
Yours Sincerely

NGMA (National Gallery of Modern Art), Delhi and Embassy of Israel hosted an Israel artist Yigal Ozeri. His studio is in USA though. He is in town to participate in IAF (India Art Fair). The Cultural Attache of Israel Embassy Ms. Reuma Mantzur was also present. The Club President and 1st Lady have reached as understand with Ms. Reuma Mantzur for taking our art students from schools being supported by us in their functions of art and culture – this is part of our Club's Flagship Project of Art Appreciation for EWS students. Glad to inform you that similar arrangement is worked out with Hungarian Cultural Centre Delhi and NGMA Delhi also.

The Rotary 4 Way Test

जो हम सोचते हैं, करते हैं,
कहते हैं, क्या वह :

१. सच है ?
२. सब के लिए उचित है ?
३. सद्भावना, भाईचारा और मित्रता बढ़ाते है ?
४. सब के लिए लाभदायक है ?

आज का विचार

रास्ते मंजिले ढूँड ही लेंगे अगर मुसाफिर को लेकर चलेंगे
समाज और देश तभी सुंदर होगा जब माता पिता के दिये
संस्कारों में सबके परिवार ढलेंगे
माली की मेहनत फल और फूलों में दिखाई देती है
भले इंसान की सोहबत से सबकी भलाई होती है
सच को किसी तरह बताया जायँ सच ही होता है
अपनों को दूर। करके इंसान अकेले में बहुत रोता है
अपनी क्रीमत इतनी भी कम मत आंको
लोग क्या कहेंगे छोड़ो अपने मन के दर्पण में खुद झाँको
ईश्वर के होनो को महसूस करो खुद से
बस एक बार बच्चे की हँसी में हो जाओ गुम
जीवन का सार पा जाओगे तुम
आपका कल्याण हो।

कुमुदनी

"If you approach the ocean with a cup, you can only take away a cupful; if you approach it with a bucket you can take away a bucketful."

Ramana Maharshi, 1879-1950

सोचने से कहाँ मिलते हैं,
तमन्नाओं के शहर।
चलना भी जरूरी है,
मंजिल को पाने के लिए।।
