January 2023

Rtn Ashok Kantoor
District Governor
R.I. District 3011

Rotary recently surveyed our members and found something that should be unsurprising but still caused many of us in Rotary leadership to sit up and pay attention: The single most important factor in member satisfaction is the club experience. How at home you feel in your club, how rewarding club meetings are, and how engaged you feel in service projects.

I have seen this firsthand across the Rotary world this year. When members feel an emotional connection to their club, they cannot imagine leaving. And that connection is often forged in “Rotary moments,” when people feel that special connection to the people around them and the impact of their service. Our Imagine Impact Tour is all about shining a light on those Rotary moments and encouraging our members to tell their stories.

But there’s something else that makes an enormous difference in building and sustaining that connection. It’s the comfort and care of our members — both Rotarians and Rotaractors. As my Rotary friend Todd Jenkins says, “People can’t see how you think, but they sure can see your actions.”

We are in the relationship business, and if we take care of each other — genuinely show concern for each other — then we will make friends for life, and we will do anything to widen that circle of friendship.

The question is: How do we live with our eyes wide open and do the things that really matter? We do this by taking time for each other, actively listening to one another, and treating every Rotary member as equally valuable — no matter how long we have been a member or what position we hold.

Dear Presidents and Team Members,

Every month in Rotary has been a different experience and each of them has only strengthened our resolve to do more relevant and focused humanitarian service. It is the satisfaction and a sense of pride that one feels that transcends every other emotion and that in itself is our gratification. As Rotarians you have demonstrated ambition and an uncompromising approach to developing solutions to the challenges you face while committing yourself to service projects. This year has seen you involved in work to address health inequalities, develop the cultural offer and enhance the way of life for the communities around us and making significant donations to ensure sustainability of the projects. You have done it all unflinchingly and with utmost dedication. As we reach the half year mark of the current Rotary Year I will urge you all to move towards your targets and goals and fulfil them to the best of your ability.

We also had participated in the Rotary Leadership Institute this month and it was even more enjoyable because there were several leaders at different levels including the District Secretaries who also made their presence felt. The purpose of the Institute is to implement a leadership development programme for potential leaders and it is important for Rotarians to be exposed to the great scope of Rotary around the world and to get to know more about the leadership skills that are necessary to move Rotary forward. The goal of the Institute is for future leaders of this wonderful organisation to retain the enthusiasm for Rotary by learning more about potential of the organisation outside the Club and District levels.

People like me in Rotary leadership can offer all kinds of advice about how to make your club experience more valuable. But what's most important is for everyone in every Rotary club to speak up and listen to one another. We should never be afraid to share with our fellow Rotary member what we expect to get out of our membership and have an open discussion about how to make that happen.

To lead a Rotary club is to invite such dialogue and to be willing to try new approaches. Good leadership is giving it away. Propping others up. Allowing others to feel the victory.

I have one last request for club leaders. We still need to do more worldwide to increase our female membership. It's up a bit this year, but I know we can and must do better. Rotary is growing again. As I write this, we're just a handful of members away from surpassing 1.2 million Rotarians again. So let's redouble our efforts to bolster our clubs with great new members, then keep them for life by providing comfort and care

Jennifer Jones
RI President 2022-23

May there be light in Your Life, both within and without. To ensure that the light of life and its possibilities shine upon us and future generations, the Soil is vital. Save Soil. Love & Blessings

- Sadhguru

The event this year achieved its goal because many Rotarians from our District have returned feeling motivated and enlightened about the strength of Rotary and we are sure they will make able leaders in the future.

The Rotary Foundation Dinner was another feather in the cap for this illustrious District because we have achieved a record high in commitments to The Rotary Foundation. While the list of the AKS Members at different levels has increased we also have a long list of Major Donors who have made a commitment to reach greater heights as far as their donations are concerned. We have given details of all our benevolent donors in the pages inside and we urge more Rotarians to add their name on to the list over the next few months. The motto of The Rotary Foundation is "Service Above Self" and "One Profits Most Who Serves Best" and this the decree we must follow in our lives and as Rotarians.

As we come to the end of a successful six months in Rotary Service in the year 2022-23, I would like to wish all of you a Merry Christmas and a Very Happy New Year. May this Christmas bring with it only positivity and the resolve to serve and may the new year make you more prosperous so that you are able to look after the needs of the 'not-so-fortunate' around the world more than ever before.

With warm regards and best wishes
Rtn Ashok Kantoor
District Governor 2022-23

With schools closed for extended holidays, due to unexpected severe winter conditions, we saw a drop in our Service Project activities. Your Club is going to do better with more involvement from all of you – with ideas for projects and venues for

better utilization of our funds and time. Members' viewpoints are always sought and respected by the Club leaders. In the second half of January 2023 there can be many more activities that must be planned with the involvement of the members of the RCD Resources family. **I have a Question for all – who among us can be the leader for Crowdfunding for our Club Projects at different Schools / NGOs?**

Message from a District Literacy Chair

"For most of us reading and writing are as natural as breathing. But nearly 800 million adults worldwide lack the literacy skills needed to complete a job application, understand a child's report card, or read a prescription." (Source: Rotary International and the International Reading Association Literacy Project Guide) This latter document is an excellent guide for any club looking to either start a project or augment an already vibrant literacy program within your club.

Your club might consider one or more of these successful Rotary club literacy projects:

Improve access to books and learning materials

- Book donations
- Dictionary donations
- Library support

Support schools and teachers

- Adopt a school
- Teacher training

Enhance classroom learning

- Early childhood literacy
- Adult literacy
- Student mentoring
- Concentrated language encounter (CLE)

Promote community development

- Improve community health
- Address special needs

It's a new calendar year and a fresh start to explore more avenues and projects. Lets all unite and grow our club sustainably. After reading her message in today's bulletin I researched about our Rotary President, Jennifer Jones and was impressed - she has broken 117 years of tradition by leading as the First Woman President, truly an inspiration for women around the globe. A Special thank you to Ms. Kumudni Shrivastava for her beautiful contributions to our bulletin. I wish us all a fruitful Rotary year ahead.
