## International News

We've all taken our own path to become a member of Rotary. Some of you joined because your father was a Rotarian. Some of us signed up because an employer tapped us on the shoulder and asked us to attend a meeting. Others became members only after a U.S. Supreme Court ruling made it possible. Yet each of us entered through one mechanism - an invitation.

An invitation that unlocks our imaginations and allows us to know that everything and anything is possible. Each one of us has that same opportunity - the honor to extend an invitation.

It is awe-inspiring to imagine how we can look out across our communities and identify our future leaders. It's often tempting to attract people who are exactly like us. It's a special form of ingenuity to consider how people who are seemingly very different can, in fact, share our values and have some of those same talents, just waiting to be unleashed.

It's time for Rotary to take our next step in advancing Diversity, Equity, and Inclusion (DEI) across our organization.

Embracing an experience where people feel included is more than just making our membership numbers more diverse. It's about making our meetings and events places where we can speak openly and honestly with each other, where our members feel welcome and safe. This means removing barriers for entry and opening doors for inclusion. Our values remain our strength - and our commitment to excellence requires us to maintain high standards for our members as well.

I believe we are all committed and determined to advancing DEI across Rotary. This is rooted in the deepest traditions of our organization, and it will ensure that we remain vibrant and relevant for decades to come.

A few years ago, our Rotary Board set the ambitious goal of increasing the share of female members to 30 percent by 2023. We have less than a year to go, but I believe we can meet and exceed this target.

# International News

We need Rotary leaders to rise from every continent, culture, and creed. We need young members and young thinkers to take on larger roles and responsibilities. We need to listen to new Rotary members just as keenly, and with as much respect, as those with many years of membership.

During our recent convention in Houston, we heard from astronauts about their journeys into space. We reflected upon a time in the 1960s when U.S. President John F. Kennedy urged the world to dream, with his declaration that we would “go to the moon [and do] other things, not because they are easy, but because they are hard.”

Fully committing Rotary to DEI and meeting our ambitious membership targets may seem as unlikely as a moon shot. But I know that when people of action are committed to a big goal, we make it worth every ounce of our energy.

## Introduction of RI President - Jennifer E. Jones

**Jennifer E. Jones**  
**President-elect 2021-22**  
**Rotary Club of Windsor - Roseland**  
**Ontario, Canada**

Jones is founder and president of Media Street Productions Inc., an award-winning media company in Windsor. She was chair of the board of governors of the University of Windsor and chair of the Windsor-Essex Regional Chamber of Commerce. She has been recognized for her service with the YMCA Peace Medallion, the Queen's Diamond Jubilee Medal, and Wayne State University's Peacemaker of the Year Award, a first for a Canadian. Jones holds a Doctor of Laws (LL.D.).

# Introduction of RI President - Jennifer E. Jones

As the first woman to be elected president, Jones understands how important it is to follow through on Rotary's Diversity, Equity, and Inclusion (DEI) Statement. "I believe that diversity, equity, and inclusion ... begins at the top and for us to realize growth in female membership and members under the age of forty these demographics need to see their own reflection in leadership," Jones said. "I will champion double-digit growth in both categories while never losing sight of our entire family."

Jones has been a Rotary member since 1997 and has served Rotary as RI vice president, director, training leader, committee chair, moderator, and district governor. She played a lead role in Rotary's rebranding effort by serving as chair of the Strengthening Rotary Advisory Group. She is the co-chair of the End Polio Now Countdown to History Campaign Committee, which aims to raise \$150 million for polio eradication efforts. She also led the successful #Rotary Responds telethon in 2020, which raised critical funds for COVID-19 relief and was viewed by more than 65,000 people.

Jones has also received Rotary International's Service Above Self Award and The Rotary Foundation Citation for Meritorious Service. She and her husband, Nick Krayacich, are members of The Rotary Foundation's Arch Klumph Society, Paul Harris Society, and the Bequest Society.

## **Presidential initiatives 2022-23 :**

Diversity is one of Rotary's longstanding core values and greatest strengths. Jones knows there is more to be done to ensure that Rotary's culture exemplifies our values of diversity, equity, and inclusion (DEI). Rotary, with input and guidance from the DEI Task Force, has strengthened our commitment to DEI, resulting in a greater focus on celebrating every individual's contributions, advancing equity, and creating a more welcoming and inclusive culture.

During the 2022-23 year, Jones encourages each of us to do our part to ensure Rotary is a welcoming and inclusive community by :

Learning more about DEI in Rotary, including understanding definitions and how to celebrate and respect our differences.

Determining why DEI matters to our club and community and how using DEI principles can help our club grow and become stronger.

Raising awareness of DEI, including creating a DEI committee in your club that reflects the demographics of your community.

Taking action on DEI in our club and community for instance educating yourself about underrepresented groups in your community in order to become a more knowledgeable and effective advocate for DEI.

Learn more and take action by reading the DEI presidential brochure.

Jones will also continue RI President Shekhar Mehta's Girls Empowerment initiative, recognizing that empowered girls become empowered women. Share your Girls Empowerment projects on Showcase.

# District Governor's Message

**DG Dr. Anand Jhunjunuwala**

Dear Fellow Rotarians,

Imagine life without wheels; wouldn't it be difficult? It would be a world without machines, clocks, or automobiles. Similarly, Rotarians would find it impossible to imagine a world without the Rotary Wheel Of Service. Ever since I was a little boy I have been fortunate to witness the multi-fold impact that Rotary has on the lives of people in the community and for Rotarians on their personal and professional front. I have since visualized ways through which I could contribute more and more through Rotary to make a meaningful difference.

Knowledge's creative element is imagination. The recipe for reaching new heights is a Passionate Imagination, a thorough Grasp of Rotary Knowledge, a Solid Action Plan, and the Backing Of All Stakeholders. I urge every Rotarian to contribute to the various rotary activities and immerse in another year full of service.

Rotary is about the journey, not the destination; enjoy every moment of it. The year will pass by it is up to you to determine how to make the most of it. With members from various backgrounds with a wealth of experience, ideas and enthusiasm, we look forward to the innovative ideas in order to make a relevant difference in our communities and around the world.

When I imagine our vision for the district initiatives, I imagine breathing in the fresh air with the echoes of the flora and fauna, I imagine easy access to water for every individual, and I imagine smiles on the faces of farmers. To achieve this, our initiatives would include tree plantation, Rainwater Harvesting, Watershed Management, and Farmers' welfare along with an every welcoming ear for the ideas & projects from our fellow members. Along with substantial contribution towards the environment I imagine a community of frequent blood donors. I encourage every member and club to actively participate to contribute towards fulfilling Rotary's objectives while strategically planning for long term goals.

This is the first time in our 115-year history that we have a female Rotary International President, Jennifer E. Jones. This should serve as an example for us to include more women in the clubs. Along with diversity, Women bring grace, dignity and culture to the clubs. To achieve this objective RI has set a target of having 30% more women in Rotary.

The directory team has put in a lot of time and effort to create this fantastic directory, and I am grateful to everyone for their unending support.

Thank you for everything you do for our communities, Rotary, and the rest of the world.  
Let's Imagine and Achieve a Successful Rotary Year!

Yours in Rotary,

**Dr. Anand Jhunjunuwala**  
**District Governor**

# President's Message

## Hello

**Rtn. Jyotika Kapoor**

The last year was full of activities and projects. Our club shined under the able leadership of IPP Rtn. Hashu Ambwani. I congratulate him and his team for their wonderful work. I feel honored and privileged to be the President of this prestigious club.

It's a beautiful coincidence that for the first time in the history of Rotary International, we have Rtn. Jennifer Jones as the First Lady International and I also got the privilege to be the First Lady President of Rotary Club of Nagpur North in the history of past 37 years. These are positive changes and I hope we will witness positive forays.

"The first step towards getting somewhere is to decide you're not going to stay where you are."

True to the above quote my aim is to keep going and doing the best for the club in my full capacity.

My vision is to see a club full of enthusiastic members who are always willing to work for the welfare of the society. My team made my vision their vision and from the beginning of this Rotary year they are very supportive, energetic and passionate about the projects and activities they are doing.

My aim is to make Team Work as a culture of Rotary Club of Nagpur North - "None of us, including me, ever do great things. But we can all do small things, with great love, and together we can do something wonderful." Mother Teresa

We have some very beautiful examples where Director Environment is chairing Medical projects, Director Medical is chairing Community (non medical) projects, Community Director doing Environment projects and so on - this shows Unity in Diversity.

Team work is the ability to work together towards a common vision. It is the fuel that allows common people to attain uncommon goals. I congratulate and thank my entire team for coming together and supporting each other.

The last month has indeed been eventful for us all. We did 31 projects and lead the chart in District 3030 for maximum projects done in July 2022. All the credit goes to Board of Directors, their committees and our club members.

This issue of Magazine features all the projects, events and activities taken up in July month. You can read about our UNNATI and RUDHIRA projects which were commendable along with our first ever Sports Tournament which was a fundraiser.

In the coming months I promise to give my best for the growth of Rotary Club of Nagpur North.

Wishing our readers a safe, healthy and joyous life!

Yours in Rotary

# Secretary's Message

**Hello**

**Rtn. Vinay Dara**

Greetings to all!

I feel highly privileged to be appointed as Honorary Club Secretary ( Admin ) such a vibrant club Rotary Club of Nagpur North. I take this opportunity to share my thoughts with my Rotary family .

First and foremost I express my gratitude to President Jyoti Kapoor and everyone else for having faith in me and entrusting me with such a great responsibility of our club. Ask any Rotarian what led them to Rotary, and you will usually get different answers but the fact is we are all brought together in 3 important ways -

- \* We believe in Rotary values -- Four Way Test
- \* We believe in friendship, love, togetherness--Fellowships
- \* We take great satisfaction in helping others--Service.

I strongly believe that "Coming together is a beginning , Keeping together is progress and Working together is success".

After an eventful Rotary year 2021 /22 with wonderful projects I urge all members to come together and keep the Spirits high and work together for Service and Friendship.

The theme of rotary for the year 2022 /23 is **'Imagine Rotary'**, so let us all imagine the possibilities to transform the world into a beautiful place to live in and harness the power of Rotary to turn our dreams into realities.

Yours in Rotary

**Vinay Dara**  
**Secretary - Admin.**

**Hello**

**Rtn. Aliakbbar Maimun**

Greetings to all!

It is an absolute honor and privilege to be appointed as the Hon. Secretary (Projects) of RCNN. I understand that this is the first time in 35 years that the club has two Hon. Secretaries and why not? When we have vibrant members with dedication and love for the society, additional leaders have to be created to keep their enthusiasm high.

I joined RCNN in 2018-2019 and little did I know that the ladder to leadership would be few steps away. From being a Co-opt Director to Hon. Secretary, it's been a lovely journey with learning and development. The love and respect I have received from each and every member makes me a proud Rotarian of RCNN.

This year as the Hon. Secretary (Projects), my ideal plan is to have two projects every month under all the directors of RCNN. The various portfolios being Community, Medical, Youth Services, Women Empowerment, Vocational Services, Sports, Entertainment, Fellowship, Member Development, Rota-Kids, Greetings, TRF, Environment and International Youth Exchange. Ideally 28 projects a month which would calculate to 336 projects a year. Hopefully, fingers crossed, I would be more than happy if we crossed the 200 projects mark. It's a target and won't be possible without the efforts of RCNN members. I'm open to your ideas, views and suggestions on projects, please do also connect with Directors who can guide you accordingly...

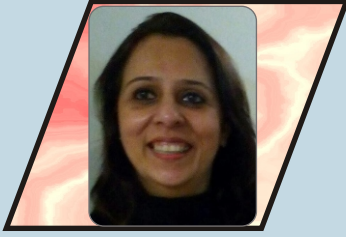

Let's make this Rotary year 2022-2023 a year that can be IMAGINED to bring peace, harmony, love, fellowship, membership and dream to reality... We are ONE by being a ROTARIAN!!!!

Yours in Rotary

**Aliakbbar Maimun**

# Editor's Message

**Hello**

**Rtn. Manisha Manghani**

Greetings to all,

It gives me immense pleasure to head the editorial team once again. The year 2022 is a triple figure year not only in numbers but also in triple lady leaders. We have a Lady President for India Droupadi Murmu (first tribal women president) Ri president Rtn. Jennifer Jones (first lady president) and Rtn. Jyoti Kapoor (first lady president of Rcn). All three working with a single goal of making positive changes in lives of needy. With a feeling of immense joy that women around the world are breaking the glass ceiling, I am looking forward to work, inspired by such strong women leaders. The strength, dedication and compassion, i believe, results in making this world a better place to live in. Wishing each one of them success in their endeavors.

With just a month into the new rotary year, we, the editorial team have hardly had any time to pause for a moment and have been very busy writing reports of all club activities done during the month - the reports of which are enclosed within.

Wishing you all happy reading!

I, Manisha Manghani, Chief Editor of North Star and my team present the First E- magazine of the year. Happy reading!

# The Four - Way Test

The Four Way Test is one of the hallmarks of Rotary. It was developed in 1932 by Herbert J. Taylor, who later became RI president. Its four brief questions are not based on any culture or religion. Instead, they are a simple checklist for ethical behavior. As Rotarians, we should have The Four-Way Test in mind in every decision we make, all day long. Our utmost responsibility is to speak the truth, to be fair, to build goodwill and better friendships, and to do our very best in all situations.

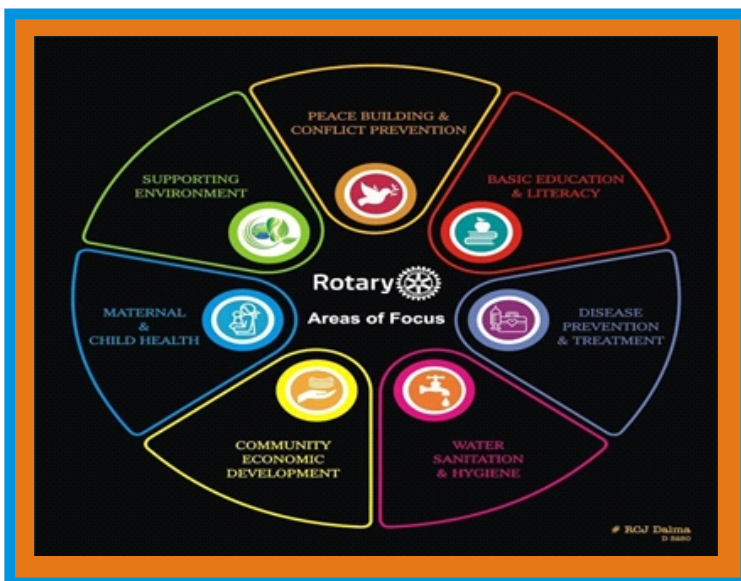

The Four Way Test

of the things we think, say and do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

# The Seven Areas of Focus

Rotary Clubs serve communities around the world, each with unique needs and concerns. Rotarians have continually adapted and improved the way they respond to those needs, taking on a broad range of service projects. The most successful and sustainable Rotary service tends to fall within one of the seven following areas :

# Few Words from a New Member

**Rtn. Dr. Suhana Madnani**

**Few words from a new members heart who doesn't feel as new anymore**

Its been a month that I joined RCNN.

I feel like I am here since years with these selfless souls in the Rotary family.

A family which brings smile on everyone's face, laughs till they fall, loves unconditionally, care's well, supports every time when you need, gives you your rights, respects your point of views, allows you to grow, never lets you down, always motivates you, always there to guide and knows when to appreciate.

I feel like I should have entered here as a Rotakid since my childhood.

A wonderful and fully energetic Rotary club is the one and only Rotary Club of Nagpur North.

Thank you so much for everything that you do.

Regards,

**Rtn. Dr. Suhana Madnani**

This testimony from a new member is proof enough that RCNN welcomes its new members with open hearts and encourages and appreciates the whole hearted participation of almost all 20 new members inducted this year in all projects, regular meetings and other activities. **Together we IMAGINE ROTARY.**

The logo of the Rotary Club of Nagpur North is centered in the background. It features a large, light blue triangle with a yellow gear-like border. Inside the triangle is a smaller yellow gear with the word "INTERNATIONAL" written around it. Below the triangle is a white rectangular box containing the text "NAGPUR NORTH" in blue, serif capital letters. The entire graphic is set against a light blue background with a dashed black border.

## Planting Seeds in the Heart

I have a new friend - one who has over the months, become so enamored with me. At first, I was flattered. But then I began to see a bigger purpose behind this new friendship.

Who is she? She is the 14-year-old daughter of our regular rickshaw driver.

Whenever he picks us up, she insists on coming along. Especially when she has a holiday from school. I have, on many occasions, readjusted our pickup time to include her on our drives. Other times, she randomly calls me "just to say HI!"

She always looks at me with bright eyes and a smile that goes from ear to ear. Her joy has really been good for me, especially on my hard days. She helps me improve my Hindi and has asked me to help her improve her English, since she is in an English-medium school.

I am a business owner, an international author, speaker, and coach and my plate can be quite full some days. But a ride with her or a visit to her family's vegetable stand is often a highlight in my day.

So why do I feel the need to share this story?

Because it is all about **women empowerment!** A topic very close to my heart.

I know she is only fourteen and is still several years away from being a full-fledged woman. However, the principle of empowering women begins with making and taking opportunities to encourage them while they are still in their teen years. These early efforts will hopefully help them grow into their potential as women.

Planting seeds in their stories, sharing lessons, laughing, and talking about the simple things in life will build strength and confidence in their hearts. I know, because I had a few women who did that for me when I was her age.

It brings me great joy to pour out love and acceptance into this young lady. I have the privilege of being for her what I needed at that age in very informal ways. Even though she is one of four daughters in her family, and seems deeply loved by her parents, like all girls in their teens, she needs other examples of how to live into dreams and goals.

**"Be who you needed when you were younger!"** This phrase is as simple as that, especially if you have grown well in your story. This is a phrase and principle that I hold close to my heart. Now that I am well into my 50's, there will always be people who are still in a season I have crossed through.

# Shakespeare In You - 1

Since relocating to India in 2021, I have been blessed with many opportunities of giving back in this way. I have the privilege of being “who I needed” to Indian girls and younger women. This is very humbling for sure. I don't have all the answers, but I know how to listen, encourage, help them to be seen, empower them, and support them in ways that I am all too familiar with from my own childhood.

I may never see these planted seeds grow to maturity, but I do know I need to keep being faithful in any opportunity that comes my way.

My most recent book, “I Am Third” (published in February 2022 and found on Amazon in USA, Canada, and the UK. I also have printed copies here in India) will be a great asset for your journey to grow and learn how to pour out to others. Please email me through the Seema Global Consulting website to connect with me personally.

## **How about you?**

Who in your story needs what you have been blessed with?

What did you need when you were younger? How did that need get filled?

Who are you being called to empower?

## NARCISSUS

**Where do you find he who is perfect?**

**By - Jayesh Dani**

Narcissus pondered the mystery for the longest time. After all, with such a bountiful amount of people on his Earth, there was bound to be one who fit the answer of his riddle. Surely, there must be someone untainted by sin, one without flaw or imperfection, his soul so pure to rival that of God Himself. He believed with the greatest conviction that out there in the world unexplored was a human being awaiting discovery, so Narcissus could proclaim he had been satisfied and finally rested. He knew it with the same certainty he knew his name and age and so Narcissus traveled. He roamed the Earth with an ever growing and insatiable urge to find the perfect human, to witness their glorious beauty which so surely would be more than enough to bless the ground they walked upon.

With time, Narcissus' face grew wrinkled and weary, but the hunger in his heart never flickered.

He had traveled the world twice now; he had dined with kings and peasants, nobles and serfs masters and slaves. He had experienced more experiences than one man could hope to imagine, and yet he had been unable to find the one he was looking for. Everyone he met had some or the other flaw that stood out to him. Everyone had a flaw that distorted and corrupted the light that went through them. *Too selfish, too arrogant, too ignorant*, and so on were the traits Narcissus soon began to closely associate with humanity in general.

*Too shallow* was the imperfection Narcissus had found in himself.

Yet he never once faltered in his perseverance for his quest. Even when he was old and gaunt, he still mustered up the strength to explore humanity, to find the being who so eluded his grasp.

Where? Where could the perfect being possibly be? Where were they hiding?  
The question kept him up day and night, tossing and turning in his cot, and as always the answer seemed so close to him yet so far too.

Narcissus' children feared their father was growing insane, spending the family's fortune on travels that reaped no benefit. And so they devised a ruse.

They brought a man to their dear old dad as he was preparing to leave for yet another adventure. The man claimed to be the one Narcissus had been searching for all his life: a perfect human, devoid of flaw.

Narcissus was overjoyed, to finally have completed his quest. He treated the man higher than any emperor he had met, and they talked endlessly for hours.

# Shakespeare In You - 2

Yet, in little time, Narcissus found how awfully *unnatural* this man was. How he seemed no better than a blank slate or empty paper. It was as if Narcissus was looking at a caricature of a man rather than a human. In comparison, everyone else he had deemed imperfect had such a *vibrant* and captivating personality. Then he would have conversed with for days on end, yet this perfect man was boring as a fly.

As he thought about it, Narcissus realized that he had been an awful judge. Every other person he'd ever met in his life was worth a thousand of this 'perfect' man. What he had seen as imperfections seemed beautiful indicators of their depth as people. He realized that they did not distort the light at all, they were mere kaleidoscopes working to form beautiful patterns with the light they received.

***And so Narcissus realized, the 'perfect' man wasn't perfect at all.***

***Yet, every other human he had met had been.***

***Humanity was perfect in their imperfections.***

***Narcissus was perfect in his imperfections.***
