President

Rtn. Abhishek Sahai
Hony. Secretary

DESK OF PRESIDENT

Dear Fellow Rotarians and Annes,
UKETAMO...

I humbly accept with an open heart so very thought of serving and guiding this community as a president of this year.

Every year, we rise and continue this saga of service above self to make this world a better place.

The thought is to keep growing and push the limits beyond to accelerate the pace even more, as we all know that Rotary International is a global network of almost 2 million work force of problem solvers and leaders who see a world where people unite and take action to create a lasting change by fighting illiteracy, poverty and developing skills for a sustainable livelihood.

It remains passionate in its endeavors of making the world a little better for those who miss out so much in life, remain deprived and do not experience the fruits of a happy existence.

I strongly believe that together we can change the world cause whatever is done for a good cause is meant to influence others to do good too.

My heart fills with gratitude to have such warm, hard-working and willing people in my team.

I happily welcome you all again to unite and shower the gift of love, compassion and service towards others.

Let us all put our efforts together to make this year the best and full of achievements.
Thank you all once again from the core of my heart.

Warmest Regards,
Rtn. Manoj Aggarwal
