MESSAGE

As we all know, We started the year with our own “ Rotary Skill Development Centre at Malviya Nagar. I am glad to share that the centre has a student strength of more than 100 as on date & growing more as we are adding more disciplines.

This is first in the series of meaning full sustainable projects. We started the year with two central planks.

- 1- Project with measurable Humanity impact index &
- 2- Better bonding. With the Co-operation of all members we have had three successful fellowship dinners with attendance exceeding 80 paxs in each one of them.

As you all know we have had a successful East European trip of the club after quite a few years & the trip also led to more prospective members joining the club.

We also managed to share the magic of Rotary with more than 600 people at connaught place on the “KARGIL VIJAY DIWAS” which was the biggest public image event held so far. We had shown a four minute video show casing the projects running on date & done by our club during the last few Years.

It has been our constant Endeavour to work on the principal of inclusivity . We are putting some systems in place like personal calling on each fellowship, speaker meeting & other meetings to all the members besides reposing responsibilities to divers members. In the end I would like to pay homage to our departed leader AKS Rtn. Suresh Jain who left us for his heavenly abode during July-2022.

Distt. Governor RTN. ASHOK KANTOOR

MESSAGE

Dear President Arun Gupta

Rotary Greetings!

Congratulations to you for accepting the leadership position as a Club President in the RY 2022-23. This little step has opened up your wings to fly to soaring heights and take society to a more meaningful, humble, accomplished, and peaceful stratum through the magical world of Rotary. Believe me, your positive thinking, hardworking attitude, and determination of doing something unique for the community will create history for you as well as give you immense satisfaction. This is what I have experienced in the last 25 years of my Rotary Journey.

Rotary's motto is service above self and we will have to continue our fight against illiteracy, hunger, poverty, water scarcity, disease, & pollution.

Rotary will stay relevant as long as we are sensitive to the needs of our communities and give our time, talent and resources to make a difference in the lives of the less privileged.

My compliments to you and your team for Publishing first newsletter Rotoport of your Club, The Rotary Club of South East. Alka & myself wish that may you all raise the glory of Rotary even better. Wishing you all a successful and blissful Rotary journey.

All the best & let's IMAGINE ROTARY together for achieving significant Rotary objectives.

Rotary Regards
Ashok Kantoor
District Governor 2022-23

MESSAGE

We've all taken our own path to become a member of Rotary. Some of you joined because your father was a Rotarian. Some of us signed up because an employer tapped us on the shoulder and asked us to attend a meeting. Others became members only after a U.S. Supreme Court ruling made it possible. Yet each of us entered through one mechanism – an invitation.

An invitation that unlocks our imaginations and allows us to know that everything and anything is possible. Each one of us has that same opportunity – the honor to extend an invitation.

It is awe-inspiring to imagine how we can look out across our communities and identify our future leaders. It's often tempting to attract people who are exactly like us. It's a special form of ingenuity to consider how people who are seemingly very different can, in fact, share our values and have some of those same talents, just waiting to be unleashed.

It's time for Rotary to take our next step in advancing Diversity, Equity, and Inclusion (DEI) across our organization. Embracing an experience where people feel included is more than just making our membership numbers more diverse. It's out making our meetings and events places where we can speak openly and honestly with each other, where our members feel welcome and safe. This means removing barriers for entry and opening doors for inclusion. Our values remain our strength – and our commitment to excellence requires us to maintain high standards for our members as well.

I believe we are all committed and determined to advancing DEI across Rotary. This is rooted in the deepest traditions of our organization, and it will ensure that we remain vibrant and relevant for decades to come.

A few years ago, our Rotary Board set the ambitious goal of increasing the share of female members to 30 percent by 2023. We have less than a year to go, but I believe we can meet and exceed this target. We need Rotary leaders to rise from every continent, culture, and creed. We need young members and young thinkers to take on larger roles and responsibilities. We need to listen to new Rotary members just as keenly, and with as much respect, as those with many years of membership.

During our recent convention in Houston, we heard from astronauts about their journeys into space. We reflected upon a time in the 1960s when U.S. President John F. Kennedy urged the world to dream, with his declaration that we would “go to the moon [and do] other things, not because they are easy, but because they are hard.”

Fully committing Rotary to DEI and meeting our ambitious membership targets may seem as unlikely as a moon shot. But I know that when people of action are committed to a big goal, we make it worth every ounce of our energy.
