Dear Members of RCDSW,

In my 26 years of Rotary, I am happily observing that in these last few years, almost every President is encouraging focus on youth services. This year too our dynamic Rotarian PP Lokesh Gupta has done so much on Rotractors and Interact clubs. The Mega Health Check-up Camp at Tagore International, where almost over 500 students were checked for health. Healthy Children are national wealth.

There has been Intercity on Organ Donation. Though the best initiative was taken by PP Sanjeev Verma, from our club on national level too, and at different occasions our members have pledged their eyes & given in writing of donating their body with (total vital organs). This initiative is taken by practically all the Rotary Clubs in India. But here the point of debate is, whether on ground level even 5% meet their pledges, in trauma of death of kith & kin? A big no! My request is at least all should pledge a much easier job of their eyes, as millions of blinds would

see this wonderful planet in the ratio of 1 donor to 2 acceptors.

Yes, regarding other vital body parts can be transplanted mostly in case of accidents where the donor's kith are made to approach immediately with receiver on hospital. Yes large hearted are those that give their bodies for medical students anatomy experiments, like recently, my sister in law pledged on death bed, eyes went for two blind persons & the body to AIIMS students.

Regarding Blood Donation Camps, I complemented IPP S.B.Singh for the maximum collection of blood units going over 100, mostly in Gurdwaras on Gurburpious occasions by Sikh (as well as other Punjabi) sangats.

Sorry for delay this time due to my preoccupation.

Yours In Rotary,

PP Rtn. Subhash Dewan & Rtn Geetika Jhamb

अति अनुपम धन है।

इसका खोना स्वयं जीवन का खोना है।

आएगा समय?

आएगा क्या समय, समय तो चला जा रहा

देखो जीवन तुम्हारा व्यर्थ डला जा रहा।

तो पुरुषों की भांति खड़े हो जाओ अभी।

करके कुछ जग बीच खड़े हो जाओ अभी।

करना है कुछ काम उसमें चित्त लगा दो
