Motivational Story

NEVER GIVE UP!!!

It's a story that Harsha Bhogle, India's most loved cricket commentator, loves to tell, over and over again.

Making his debut in Test cricket for Sri Lanka, he scored a duck in his first innings.

And again, in his second innings.

They dropped him. So he went back to the nets for more practice.

More first-class cricket. More runs. Waiting for that elusive call. And after twenty-one months, he got a second chance.

This time, he tried harder.

His scores: 0 in the first innings, 1 in the second. Dropped again, he went back to the grind. And scored tonnes of runs in first-class cricket. Runs that seemed inadequate to erase the painful memories of the Test failures.

Well, seventeen months later, opportunity knocked yet again. He got to bat in both innings of the Test. His scores: 0 and 0. Phew!

Back to the grind. Would the selectors ever give him another chance? They said he lacked big-match temperament. His technique wasn't good enough at the highest level. Undaunted, he kept trying.

Three years later, he got another chance. This time, he made runs. He came good. And in an illustrious career thereafter, he went on to score over 5000 runs for Sri Lanka. That included sixteen centuries and six double hundreds. And he went on to captain his country. All this despite taking over six years to score his second run in Test cricket.

Wow! What a guy!

How many of us can handle failure as well as he did?

Six years of trying, and failing. He must have been tempted to pursue another career. Change his sport perhaps. Play county cricket. Or, oh well, just give up. But he didn't. And that made the difference.

We all hear stories of talented people who gave up before their potential was realized. People who changed jobs and careers when success seemed elusive.

The next time you are staring at possible failure or rejection, think of him. And remember this: If you don't give up, if you believe in yourself, if you stay the course, the run will eventually come. What more you could even become captain some day.

NEVER GIVE UP. NEVER, EVER GIVE UP!

Quiz:

- 1) The story in the article "Never Give up" is based on a Cricketer. Can you name the cricketer?
- 2) When is the visit to Dang proposed in the year 2022?
- 3) Who were the installing officers / Who was the installing officer of 2021 & 2022?
- 4) Who were the 16 females who went to Goa on 22nd July for fellowship meet?
- 5) Whose birthday falls on 12th August?
