Join us in the beautiful city of Melbourne, Australia, 27-31 May to connect with other people of action. We'll hear from great speakers, enjoy fantastic entertainment, take part in inspirational breakout sessions, and so much more.

Register today to receive the reduced rate. Don't wait, because this rate expires on 15 December.

Dear Rotarians,

I, with my spouse and friends have participated in several Rotary International Conventions. Each time it has been a new experience but each time it has been a wonderful experience. After attending every convention we have returned enriched and empowered.

The total number of participants is usually beyond 20000. And yet each and every participant feels that he has been personally attended to and taken care of by the hosts. The planning, execution and culmination is always so thorough, so detailed, so perfect and yet each one feels that it is not mechanical and has a warm human touch.

Each session, each event happens as per schedule and the punctuality and discipline is uncommon. All the participants are also so co-operative and self managing that one experiences that Fraternity Feeling of Rotary is actually realised.

The guest speakers include International Political Dignitaries, to get an appointment of whom is also too difficult. Their speech, their visibility and their movement is made so alive and vibrant by a perfect audiovisual and set-up arrangement.

In the convention one makes new multinational friends and participating in House of Friendship enhances your reach to several countries. This opens new possibilities for the club for the activities like Youth Exchange, Friendship Exchange and Global Grants etc.

As an avid PDG I would recommend that all my friends get this wonderful experience. I also wish that our collective experience of such huge international events encourage us to implement our events with utmost perfection.

Grab the opportunity whenever you get it.
