Book Review:

Die Empty

The most beautiful book to read is "Die Empty" by Todd Henry.

The author was inspired and got this idea of writing this book while attending a business meeting.

When the director asked the audience: "Where is the richest land in the world?"

One of the audience answered: "Oil-rich Gulf states."

Another added: "Diamond mines in Africa."

Then the director said: "No it is the cemetery. Yes, it is the richest land in the world, because

millions of people have departed/died and they carried many valuable ideas that did not come

to light nor benefit others. It is all in the cemetery where they are buried."

Inspired by this answer, Todd Henry wrote his book, "Die empty" where he did his best to motivate

people to pour out their ideas and potential energies in their communities and turn them into

something useful before it is too late.

The most beautiful of what he said in his book is: "Do not go to your grave and carry inside you the

best that you have.

Always choose to die empty.

The TRUE meaning of this expression, is to die empty of all the goodness that is within you. Deliver it to the world, before you leave.

If you have an idea perform it.

If you have knowledge give it out.

If you have a goal achieve it.

Love, share and distribute, do not keep it inside.

Let's begin to give. Remove and spread every atom of goodness inside us.

Start the race.

**Die Empty*

Thought of the Week:

Always end the day with a positive thought. No matter how hard things were, tomorrow is a fresh opportunity to make it better.
