PRESIDENT'S DIARY

Visit to Gangapur School

I have visited Gangapur School thrice in the last few months.

PE Minal ben, Rtn. Kevin Gadhiya, Rtn. Hetal Shah and Ann Purvi Shah have accompanied me on different visits.

The school is situated just 10 Kms away from Vadodara in Sindhrot village. It is a school having 1st grade to 8th grade with 7 teachers and 180 students.

The school looks beautiful having well - ventilated classrooms with benches and space for the children to play. The teachers are very hardworking.

The only thing the school lacks is a clean and proper facility of toilets and urinals. There are 2 toilets; one for boys and the other for girls.. which too is packed unfortunately with sand as the khad kuo is blocked.

It is very difficult to imagine the sanitary situation of this school which is barely a few Kms from our city. We earnestly request RCBS members to try and raise funds to help the school provide better sanitation facilities to the students.

Let 's all help Gangapur School, Sindhrot and give the children a basic hygienic sanitation facility

EDITORS DESK

Dear Rotarians,

FOLKS..Festivities now gain traction as we change gears towards the Festival of Lights and Joy.Exuberance is in the air and shining in our hearts. The time has come when Gujarat comes to an irrevocable grinding halt for a whole week! The time where you find more 'GJ' number plate cars in Rajasthan than ' RJ'.And when Gujarati becomes the state language of all good holiday destinations!

There is so much happening right from the cruises (star kids on a high),cricket fever(we hope that our teams display fireworks on the field as we get ready for the fireworks for Diwali). Unlike the previous year, the malls and bazaars are buzzing with energy and discounts; there's always the online shopping frenzy;lastly we can boast of the grand total of the vax count in our country.

Diwali signifies the victory of light over darkness, of good over evil and knowledge over ignorance. And that is what we pray for. Time to bring out our finest wares and wears, cheat every other meal with gastronomic delicacies, illuminate and adorn our homes and Finally, let's take a moment to pause and come forward to do those deeds that will make luminous so many more lives .

Yes at Rotary, we have always been a large family that celebrates. And as we step into 'Nav Varsh' we look forward to a year of love, care and warmth.

Wishing all a very Happy Diwali and Prosperous New Year.

Ann Nisha Gogate & Rtn. Kokila Kothari

Gordon R. McNally of Scotland selected to be 2023-24 Rotary International President

Gordon R. McNally, a member of the Rotary Club of South Queensferry, Lothian, Scotland, is the selection of the Nominating Committee for President of Rotary International for 2023-24. He will be declared the president-nominee on 1 October if no challenging candidates have been suggested.

McNally lauded Rotary's ability to adapt technologically during the COVID-19 pandemic, saying the approach should continue and be combined with the best of our past practices as Rotary seeks to grow and increase engagement.

“We have learned there is a willingness within communities to care for one another,” he says, “and we must ensure that we encourage people who have recently embraced the concept of volunteering to join us to allow them to continue giving service.”

McNally says that senior leaders' ability to communicate directly with club members online will be one positive legacy of the changes Rotary has had to make. But, he adds, “face-to-face meetings remain important, as they encourage greater interaction.”

The best way to increase membership is engagement, according to McNally. To better support clubs, he says, Rotary International, regional leaders, and district teams all need to engage with them. Engagement through social media will reinforce Rotary's brand and showcase the opportunities that come with it. And, he says, engagement with governments, corporations, and other organizations will lead to meaningful partnerships.

With better engagement, McNally says, “We will grow Rotary both by way of membership and in our ability to provide meaningful service.”

Homage to PRID Sushil Gupta

PRID Sushil Gupta, doyen of Rotary in India left for his heavenly abode.

It is a huge loss for Rotary, especially in India. An excellent human being, outstanding leader of Rotary, a successful industrialist, Padmashri, he leaves behind a rich legacy.

We will miss him dearly. Our heartfelt condolences to Vinitaji and family. May the departed soul meet its creator in peace.

RCBS PRISM

Achievements of Annets of RCBS - Annet Harsh Shastri

I'm Harsh Shastri and it gives me immense pleasure to share a little about myself. Sometimes you can find me around clicking pictures and this comes from my sheer interest in photography. I have a very keen interest in photography and Cinematography, which led me to pursue my graduation in Filmmaking. Gradually after my graduation I started working as an assistant director and later took up Art direction in Mumbai. I've worked with Production Houses and mainly been a part of movies like Bala and Made in China and series like 24 and City of dreams. As I was good with drawing so I tried my hands on illustrations and as well as storyboards, adding on to that I've been doing storyboards for established brands. Illustration is something that I like doing for my own work. As far as now that's what works for me just right.
