Dear Fellow Rotarians...

November is the celebration month and I hope we all celebrated in the best possible way. Precaution is the key word. Let us all take necessary precautions during our daily and rotary activities. I would request members to please share their views about the Metro Digest and send or share ideas & articles to me so we can make it more interesting.

Food Distribution to Under
Privileged Children at SAHAJ**

The sweetest period of anyone's life is their childhood and there are many who are not able to even enjoy proper food. The most precious thing in this world is a smile on the face of a child. Team RBM decided to celebrate children's day with

Team SAHAJ who has been actively working for the benefit of Children.

Team RBM distributed CHEESE VADA PAV & BROWNIES to 170 underprivileged street children.

The smile on their faces says it all!!

Team RBM thanks Rtn. Dr Agam Srivastava and Rtn. Payal Grover for distribution & contribution to the worthy cause.
