President Message

Arpan Surti
President 2022-23

**TOGETHER WE
IMAGINE ROTARY**

This day is a reminder of how we kick started the year of my Presidenship. It is a time of thoughtful reflection on how the journey made its way. Rotary bulletin is the platform that will display the immense work that is being put in behind every minute as well as major work that is put forth. It is a symbol of pride and representation of all that the Club is.

Any individual going through the bulletin would clearly gauge the principles, values ,efforts and ideologies of the institution. The benefits are immense. Any article or work published in the bulletin will serve as a source of inspiration and encouragement for the readers. The bulletin is indeed a delightful and colourful museaum of the Rotarians who carried the Club's torch of glory across the community in the field of service and hence ,in it's capacity, enlivens the work in the informative pages .

I urge all the members to take active participation in it's making . I am very sure all of us would attain our sense of satisfaction by involving ourselves to make it a success.

Jennifer Jones

RI President 2022-23

TOGETHER WE

IMAGINE ROTARY

RI President Message

Every month since I joined Rotary, I've looked forward to reading this magazine, especially the opening essay from our Rotary president. I'll admit that as much as I appreciate a digital copy, I still revel in the tactile sensation of sitting down and leafing through the glossy pages. They are a treasure trove of photos and memorable stories about our great organization — the one we all know and love. I have learned so much over the years about service projects and lives that each of you have transformed.

As a communications professional, I have longed for the day that our stories were a regular part of mainstream media and that our flagship magazine might populate doctor's offices, coffee shops, or anywhere else people sit, wait, and browse. It's great that Rotary members are better informed about all we do, and wouldn't it be that much better if more people knew our stories.

All this was top of mind as I thought about our plans for promoting Rotary worldwide in the upcoming year. Over the next 12 months, we are going to shine a light on projects that put Rotary service on display to the world, and we are going to do it strategically. Nick and I will focus on some of the highest impact, sustainable, and scalable Rotary projects from our areas of focus in what we call the Imagine Impact Tour.

We are inviting top-tier journalists, thought leaders, and influencers to use their channels to help us raise awareness by reaching people who want to serve but have not yet realized they can do it through Rotary.

But there was another important issue to consider — our carbon footprint. I take seriously Rotary's emerging leadership position on environmental issues. The example set by our members during the pandemic is fundamental to how we carve out our future.

That means we will harness digital technology to tell these stories — we will be tweeting, posting, and "going live" to anyone who will listen. We must consider our environment, and part of that means not always traveling but continuing to connect in meaningful ways as we have for the past two years. Of course, we are social people, and we still need to be together. We simply need to be more mindful of our decisions and think about how we get together just a little bit differently. For example, if we travel to visit a project, we will plan successive visits in neighboring areas.

So, what are your stories and who can help tell them? I hope you might consider your own Imagine Impact efforts — your story might be something you can promote just as easily on social media or during a Zoom call. Think about ways to showcase notable projects in your clubs and districts. We all feel the impact that Rotary service and values have on us. Now it's our opportunity to share that feeling with others.

PDG Ashok Panjwani
Past Dist. Governor

Past Dist. Governor Message

Dear Rotarians ,

I am pleased to note special bulletin is being taken out by Club during official visit of District Governor's visit. Our club is full of Permanent projects & activities performing round the clock to reach to all beneficiaries. Let us keep on working as one Team to be always best of best

My best wishes to President, Secretary and editorial team for club bulletin.

Editor Message

Dear Rotarians ,

It is an absolute pleasure to serve as the Chair of the Club Bulletin. I have tried my best to share the highlights from the exemplary projects executed by our Rotary family.

They have done immense justice to our **WOW** theme and proved that we are together in every situation. Projects like Mothermilk Bank and Artificial Limb Camp has been a revolution in the history of Rotary.

Together lets continue to give our best & make it a promising year.

Anju Kalra
Chair Club Bulletin

WE ARE ONE

We are powerful; our voices matter

We are a strong community, one that can make a change

We are a community of sisters that should be as one

We are the future; our work is not done

We are stronger than our differences make us seem

We are one community united through love not judgement

We are capable, we are brilliant, we are unique We speak

for those who can't speak for themselves

We stand against injustice and unite in the fight

We must join together and speak up for what is right We

are a community of empowerment, love and light

We are one

Happy Women's Day
