કલ આજ ઓર કલ શિક્ષણ, સેક્સ અને શોશયલ સીક્યુરીટી આ વિષય પર વ્યક્ત્ય અને વિચારોની આપ લે થઈ.

ડૉ. જ્ઞાતિભરા મહેતા એ શિક્ષણ ની તરેહ અને આજના સંદર્ભમાં એના સુચિતાર્થો પર પ્રકાશ પાડયો હતો. ડોનેશન અને જ્ઞાતિ આધારિત શિક્ષણ સંસ્થાઓમાં મળતા પ્રવેશ પર ઘણી વાતો થઈ.

ડૉ. મુકુલ ચોકસીએ એમની આગવી શૈલીમાં સેક્સ વિષેની સમજ અને સુગ વિષે સમાજમાં પ્રવર્તતી માન્યતાઓ પર મુદ્દાસર ચર્ચા કરી હતી. પહેલાના જમાનામાં પહેલાના એટલા શૈકાઓ પહેલા સેક્સ વિષે વધારે સુગ નહોતી. ત્યારબાદ સેક્સ બેડરૂમ સુધી સિમીત રહયો. હવે શોશયલ મીડીયા ના પ્રસાર અને પ્રચારથી, સેક્સ અને એની ચર્ચાને મોકળુ મેદાન મળ્યું છે. સેમિનારમાં યુવાન ૧૩-૧૪ વર્ષની છોકરીઓ ૫૦૦ લોકોની હાજરીમાં બેડચક પૂછી શકે છે કે રીવેશનમાં પ્રેગનન્સી ન રહે એવો સેફ પીરીયડ કયો? ડૉ. મુકુલે હોમોસેક્સ્યુઆલીટીને હવે સમાજ, સરકાર દ્વારા સ્વીકૃતિ મળી ગઈ છે એની વાત કરી. કોરોનાના કપરા કાળમાં વરચ્યુલ સેક્સનો પણ ખૂબ પ્રચાર થયો. આમ સમાજમાં સેક્સ વિષે ઘણી સમજણ બદલાતી ગઈ છે. મોબાઈલ સેક્સને જાહેરમાં એટલે હટે મૂકયો છે, કે કહેવાતા ફોરવર્ડ લોકો પણ આ તરેહ સમાજને કયાં લઈ જશે એ વિચારથી ઘૂજી ઉઠયા છે.

આપણામાંના મોટાભાગના લોકો નાણાં માટે યોગ્ય પ્લાનીંગ કરતા હોય છે, પણ શોશયલ સીક્યુરીટી માટે બહુ ઓછું પ્લાનીંગ થતું હોય છે. ઘરડાં થઈએ ત્યારે આપણને સગાની કે સ્નેહીઓની કે મિત્રોની હુકું નથી મળતી તો નાણાં હોવા છતાં આપણી જીવન દોજખ જેવી લાગતી હોય છે. ડૉ. પરાગ શાહ નું આ વ્યક્ત્ય ઘણાં માટે એક આઈ ઓપનર હતું.

આ ત્રણે વક્તાઓ શહેરના જાણીતા મનોચિકીત્સકો છે.

LAST to last MEETING

24/08/2021 Tuesday

Club Training by PP Rtn. Dipesh Parikh.

In last to last meeting we had all gathered to understand how we should do our Job as a Rotarain and the meeting was ably conducted by our Club trainer PP President Rtn Dipesh Parikh
The meeting started with the Welcome speech by our President Rtn Dr Bhavin Jariwala followed by the 4 Way test.

PP Rtn Haresh desai made us understand the importance of the 4 way test ,it's origin and how it became a litmus test for all the Rotarians before they do any business.

Than the floor was all open for our trainer. PP Dipeshbhai had prepared a Power point presentation and through each slide he made us understand the methodology of work that needs to be followed by each Rotarian. He gave his personal examples as to how Rotary has helped him and his family develop as a true person and how by taking part in various Rotary program has helped him. It was a very impressive and informative meeting and all those who were present particularly new members were well oriented of the working of Rotary.
The Vote of thanks was proposed by our New member Dr Chintan Patel.

We The Roundtowner

Introduction of Past President Rtn Dr Biren Sitwala

PP.Rtn. Dr. Biren Sitwala, is a renowned Cardiologist of Surat who heals his patients with a calm, composed and jovial persona with a perfect diagnosis. He is married to PP Rtn Mona Sitwala and the couple is blessed with a lovely daughter Ar. Ishita.

This Marathon influencer was inducted in RC of Surat Roundtown at a young age in 1988-89 along with his friends Nitin Patel and Mayank Patel. Rotary for him was a continuation of his journey as an Annet of this club, where his father PP Rtn Madhusudan Sitwala was a charter member. His father's untimely death saw him admitted as a member soon after the completion of his medical studies.

He still remembers those initial days of RC Surat Roundtown when meetings were held at the Kinnari Theatre and along with the meetings Ann's and Annet's would get to sit in the box and watch movies. Later, the club shifted their meetings to the assembly hall of T & TV school. The meetings were very well attended and everyone would come dressed in their Sunday best. His father served as the President of RC Surat Roundtown and his mother as President of Innerwheel Club of Surat Roundtown. After a few years the members collected resources to make their own community hall and his parents performed the traditional ceremonies on the completion of the hall which is now known as the Dilip Paresh Rotary Hall. The untiring efforts of many Rotarians especially PP Jaswant Mehta made the hall a reality along with an underground library and laboratory on the upper floor for the school children.

The weekly Rotary meetings were high tea meets with ample fellowship and an atmosphere of bonhomie with jokes, leg pulling and gossip. It was a close knit club where every one knew each other along with their entire families. Many of our traditional meetings like Varsha Geet, Mane Gamti Kavita, Charter Nite, dabba parties, ladies nite and President's dinner come from that era. The meeting after the meeting was the best part of the Tuesday evenings and ended with ice creams. Long meetings and fellowship during the preparation for District Conference held by us in 1985, under the then DG Rtn Bharat Solanki, is still recounted by the old timers.

In the eighties and early nineties, the board meetings and general body meetings were taken very seriously, unlike now. Many Presidents were taken to task for small matters which at present we don't even consider. District events were looked forward to and very well attended. He remembers - once when the whole bus was requisitioned for going to a District Assembly. The annual District Conferences were the highlight of the year and saw huge participation of members and their families. The stay used to be in schools and company guest houses with long evening sessions made lively by PP Jaswant Mehta and Ann Ela Halvawala regaling everyone with their numerous jokes.

Club affairs started to change in the nineties with young Presidents taking over. PP Nitin Patel started the trend to have installation meeting in five star hotels. The cost per person was a hefty Rs.75/- at what was then The Holiday Inn. He held his installation as a sit in candle light dinner cum meeting which finished within an hour which was very much appreciated by the chief guest PDG Rtn Dr. Manoj Desai who was then DGE. It required perfect coordination with micro planning and even a rehearsal and later only PP Dattesh Daruwala tried out the same format.

Since late nineties the meetings turned into full fledged dinner meetings. With the focus on environment, Tree Plantation became an annual event. The club bulletin, named The Roundtowners was previously stencilled but later brought out on computers using Coral and copies were Xeroxed. One of the positive feature of our club is that we have not missed making any bulletins, which are a weekly affair. ENT surgeons PP Dr Vinod Shah followed by PP Dr Prashant Desai have had a long association with the club bulletin as editors. PP Biren Sitwala has also served as a bulletin Editor for few years. During his tenure as President, the basement library was converted into the Rotary Art Gallery and held the first exhibit the following year. This program is an ongoing project and has helped artist from all over to showcase their work at a nominal price. Famous artists like M.F.Hussain and Bhupen Khakhar have exhibited their work here.

It was in the late nineties that the older generation started exiting and newer members with more professional backgrounds entered our club. We started the ongoing Notebook Project in his year as a President. With the help of Rtn. Sushma Daruwala and her mother Mrs Devyani Sheth we were able to provide notebooks in three SMC run schools. He ordered notebooks worth Rs 90,000 and placed them in the hall before the meeting and by the end of meeting the whole amount was collected due to generosity of Roundtowners and his belief in them was affirmed. From then on the project just got bigger and bigger.

He still vividly remembers his first meeting as a President. It was the Varsha Geet programme for which we had practiced at Rtn. Bharat Sheth's Parle Point office for a week. Rtn. Paresh Mehta who had offered to sponsor the meeting was in for a surprise as there was a huge gathering and the dosa bill came to Rs 2,200, a considerable sum in those days. Each morning all Presidents would await a call from PDG Bharat Solanki for a dose of daily advice. It was during such a talk that both of us put our minds together and collected the money lying in various accounts and placed it into our trust – The Roundtown Charitable Trust. This trust could sponsor club projects and slowly the trend of collecting money from members through the term bill was discontinued. Ours is one of the few clubs where the President is assured of a sum before his term to be used in various earmarked projects. We organized two successful picnics during his tenure. We went to the Hill Zill Resort in Umergaon during the monsoon, booking the whole hotel and almost the entire club had joined in. In winter PP Nilkanth Desai along with his extended family invited us to his ancestral home in Valsad. The huge property hosted 80 of us for an overnight stay with dinner, night stay, wonderful breakfast and then the famous "ubadyu" for lunch arranged under the mango trees at their farm. PP Dipesh Parikh as his secretary was always there to support him. PP Biren hosted his Presidential banquet at Holiday Inn which was a musical evening with an Italian dinner, and the non vegetarian lasagna dish surprisingly finished way ahead of the vegetarian dishes.

Until this year PP Dilip Choksi used to look after the hall , its bookings and accounts. The baton then passed to Birenbhai and since then he is looking after the hall and the Art gallery After his presidentship he declined district posts due to his professional commitments and lack of time. However, he has always been available for each president and helped them to realize their dreams. Ours is a non political club in all respects and we are privileged to have the able guidance of our two PDGs. PDG. Kulbandhuji became DG in 2003/4 and we hosted the District Assembly and Conference in Surat. PP Rtn Biren Sitwala served as District Conference secretary and he worked hard with his team to make it a memorable event. Dr. Sunil Oza who was the President can tell you various enjoyable moments. As always we served great food under the leadership of PP Nilesh Basatawala.

Club affairs remained staid and routine till our First Lady President Mona shook us all with her innovative and fun filled meetings and programs. During one such novel garba competition practice in hot and humid September weather Rtn. Bharat Sheth inspired us all to get the hall air conditioned. It had a positive effect with members contributing generously and within the month Rtn Bharatbhai received the tenders and put his carpenters and electricians to work. Lo and behold we started enjoying the meetings in a cool ambience.

We have now entered our 50th year and his 32 years journey in Rotary has been remarkable and memorable. Rotary is a big part of his life and as late Rtn. Madan Lokhandwala would say he hopes to be a Rotarian till the end.

It's a month of September - Basic Education and Literacy Month

ROTARY'S DESIGNATED MONTH
"Basic Education and Literacy Month"

The world is making good progress in this area. According to a 2014 United Nations Millennium Development Goals progress report, literacy rates among adults and youths are on the rise and the gender gap in literacy is narrowing. But pressing global needs remain:

- 58 million children worldwide are out of school
- Even after four years of primary schooling, as many as 250 million children cannot read and write
- 781 million adults are illiterate

Worldwide, 67 million children have no access to education, and more than 775 million people over the age of 15 are illiterate. Our members support educational projects that provide technology, teacher training, vocational training teams, student meal programs, and low-cost textbooks to communities. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

The Foundation enables Rotarians to ensure that all people have sustainable access to basic education and literacy by:

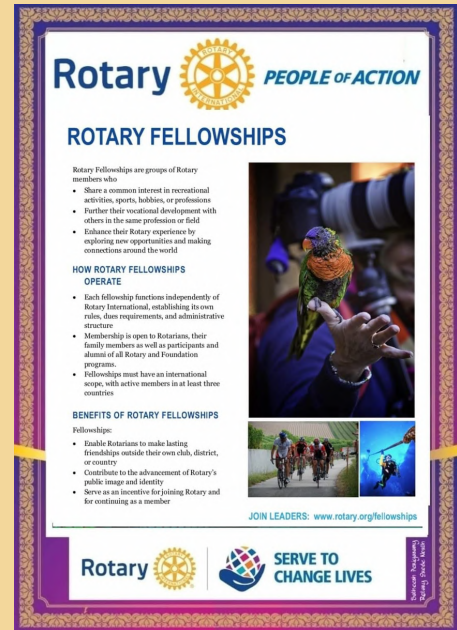

1. Involving the community to support programs that strengthen the capacity of communities to provide basic education & literacy to all
2. Increasing adult literacy in communities
3. Working to reduce gender disparity in education
4. Supporting studies for career-minded professionals related to basic education and literacy

WASH in Schools Target Challenge is the next aim of Rotary:
It is a pilot program created to motivate Rotary clubs to develop sustainable water, sanitation, hygiene (collectively referred to as WASH), and education projects using the expertise and resources available through two of Rotary's areas of focus.

If your assessment did reveal basic education and literacy needs, they likely fall into one or more of the following categories:

- Low adult literacy
- Youth not in school
- Youth underperforming in school
- Lack of resources in school

Let us all extend our helping hand in this direction and work for Literacy and education to 'Connect the World' and 'Serve Humanity'

Rotary   **SERVE TO CHANGE LIVES**

RI President's Message - September 2021

I am sure you are having an enriching experience as you Serve to Change Lives. One of the ways you can make the greatest change in a person's life is to help them learn to read. Literacy opens up the world to us. It makes us better informed about life in our own communities and opens vistas to other cultures. Reading and writing connects people and gives us another way to express our love for one another.

September is Basic Education and Literacy Month in Rotary. Enhancing literacy skills is critical in our pursuit of reducing poverty, improving health, and promoting peace. In fact, if all students in low-income countries left school with basic reading skills, it would result in a significant cut in global poverty rates.

Without education, illiterate children become illiterate adults. Today, 14 percent of the world's adult population — 762 million people — lack basic reading and writing skills. Two-thirds of that group are women. Literacy and numeracy skills are essential to obtaining better housing, health care, and jobs over a lifetime.

Especially for girls and women, literacy can be a life-or-death issue. If all girls completed their primary education, there would be far fewer maternal deaths. And a child is more likely to survive past age 5 if he or she is born to a mother who can read. Improving outcomes for more people worldwide is possible only if countries remove barriers to education for girls. The economic argument for doing so is clear: In some countries where schooling is geared toward boys, the cost of missed economic opportunity is more than \$1 billion per year.

Empowering people through education is among the boldest goals we have as Rotarians. We don't have to travel far from our homes to encounter those whose lives are being curtailed because they struggle with reading, rely on others to read for them, or cannot write anything more than their own name.

Starting this month, consider how your club can Serve to Change Lives through literacy: Support local organizations that offer free programs to support adult literacy or local language learning, or that provide teachers with professional development centered around reading and writing. Become literacy mentors, or work with an organization like the Global Partnership for Education to increase learning opportunities for children around the world. Have conversations with local schools and libraries to see how your club can support their existing programs or help create needed ones in your community.

In India, the TEACH program, a successful collaboration between the country's Rotary clubs and its government, has demonstrated how to scale up literacy efforts to reach millions of children. And at a time when schools across India were closed due to the COVID-19 pandemic, the program's e-learning component reached more than 100 million children through national television.

Literacy is the first step out of poverty. As Nobel laureate Malala Yousafzai has noted, "One child, one teacher, one book, and one pen can change the world."

ભગવાન શ્રીકૃષ્ણને પત્ર

આજે 30 ઓગસ્ટ સોમવારના રોજ જન્માષ્ટમીનો પર્વ છે. ગયા વર્ષે આ પર્વની ઉજવણી કોરોનાના કારણે થઈ ન હતી. ત્યારે આ વર્ષે કોરોનાના કેસ ઘટતા સરકારે કોરોનાની ગાઇડલાઇનને અનુસરીને ઉજવણીમાં છૂટછાટ આપી છે. ત્યારે સુરતના ENT સ્પેશ્યાલિસ્ટ ડૉ. પ્રશાંત દેસાઈએ જન્માષ્ટમીના પ્રસંગે ભગવાન શ્રીકૃષ્ણને એક પત્ર લખીને પોતાની લાગણી વ્યક્ત કરી છે.

વહાલા કાના, આજે જન્માષ્ટમી છે અને સ્વભાવિક છે કે, જન્માષ્ટમી નિમિત્તે આપણે કૃષ્ણને યાદ કરીએ. પ્રશ્ન એ થાય છે કે કૃષ્ણને આપણે કઈ રીતે યાદ કરીએ? બાલમુકુંદ તરીકે, એક ગોવાળિયા તરીકે, એક રણ છોડીને ભાગી ગયેલા રાજા તરીકે કે પછી એક યોગેશ્વર તરીકે. કૃષ્ણ એ જે કર્યું તેને અનુસરવા જઈએ તો ઉઘા પડીએ, એનું મૂલ્ય એ નથી કે એમણે જે કર્યું એ ખોટું હતું પણ એમણે જે કર્યું, જે સંદર્ભે કર્યું એ સમજવાની આપણી તાકાત નથી. આનાથી ઉલટું એમણે જે કહ્યું એને અનુસરીએ તો એ આપણા માટે સરળ અને સુલભ થઈ પડે. કૃષ્ણબોધ ટુંકસાર એટલે ગીતા. ગીતા એક જાતિનો, સમુહનો, એક વર્ગનો, એક સંસ્કૃતિનો કે એક ધર્મનો ગ્રંથ નથી. એ સમસ્ત માનવ સમાજ માટે એક બોધપાઠ છે. એક દિવાદાંડી છે અને આમ જોઈએ તો દરેક માટે એક ગાઇડ, એક સોલ્યુશન છે. સામાન્ય સમાજવાળા લોકોથી માંડીને મોટા વિજ્ઞાનીઓ ગીતાનો પોતપોતાની રીતે અર્થઘટન કરી ચૂક્યા છે. ટૂંકસારમાં કર્મથી, જ્ઞાનથી કે ભક્તિથી તમે એક જ ધ્યેયને પહોંચવાનો પ્રયત્ન કરવો જોઈએ કે તમે પરમાત્માને વાંચી શકો અને પરમાત્મા એટલે દરેક બીજી વ્યક્તિમાં બેઠેલો આત્મા. આપણે દરેકને આપણા જ્ઞાનથી, ભક્તિથી કે આપણા કર્મથી મદદરૂપ થવાની કોશિશ કરીએ તો આપણે ચોક્કસ એ ઇશ્વરીય શક્તિની સમીપ પહોંચીશું, જેની દરેક માનવીને એક ઝંખના હોય છે. (વિ.ડૉ.પ્રશાંત દેસાઈ (ENT- સ્પેશ્યાલિસ્ટ))

I found this very innovative
Notice Boards:

Forest Dept: "Shoot the bird with camera not with Gun..."
Traffic Dept: "Donate blood, But not on Roads..."
Petrol Pump: "No smoking" " Your life may be worthless but our petrol is Costly"
And Finally best one!!
Hospital Board:- "If you still want to continue looking @ girls, even after your Death
"DONATE YOUR EYES"

This is one of the realist things I've read...

"Don't let your pots shine brighter than you."* My grandmother said.

Don't take house cleaning so serious.
Life is short, have fun!

Dust when you need to,
but also take time to paint a picture or write a poem, take a walk or visit a friend.

Cook whatever you want, water your plants....
Take time off to drink a coffee, swim at the beach (or pool), climb mountains,
play with dogs, listen to music, read books, spend time with your friends and
enjoy life.

Dust off if you need to,
but life goes on outside.

You know this day will never come back.

_ 'Dust off if you need to' _
but remember that you are getting older and many things you can do now are
not so easy to do in your old age.

And when you leave, since we all leave one day,
you will also become dust...

_And no one will remember how many bills you paid, not even your clean
house,_ but they will remember

*your friendship, your fun, your laughter and what you taught and meant to
them"*

Beautiful Message: BREATH

I noticed a child monk—he couldn't have been more than ten years old—teaching a group of five-year-olds. He had a great aura about him, the poise and confidence of an adult.

"What are you doing?" I asked.

"Well I just taught their first class ever," he said, then asked me, "What did you learn in your first day of school?"

"I started to learn the alphabet and numbers. So, what did they learn in their first class?"

"The first thing we teach them is how to breathe."

"Why?" I asked.

"Because the only thing that stays with you from the moment you're born until the moment you die is your breath. All your friends, your family, the country you live in, all of that can change. The one thing that stays with you is your breath."

This ten-year-old monk added, "When you get stressed—what changes? Your breath. When you get angry—what changes? Your breath. We experience every emotion with the change of the breath. When you learn to navigate and manage your breath, you can navigate any situation in life."

Inhale love....♥

Exhale Gratitude....

Men greet close friends by abusing each other...
They really don't mean it at all...

Women greet by complementing each other.

They also really don't mean it either...

Two engineering students are waiting to give their oral viva test. The first student's turn comes, and he goes inside

External ☺:- Suppose you are travelling by a train, and suddenly it gets hot, what will you do?

Student☺:- I will open the window.

External ☹:- Great, now suppose that the area of the window is 1.5 sq.m and the volume of the compartment is 12 m³, the train is travelling at 80 km/hr in a Westerly direction and the speed of the wind is 5 m/s from the South, then how much time will it take for the compartment to get cold?

The student can't answer, so he is marked fail and he comes out. After coming out he tells that question to the second student.

The second student goes in and his viva starts.

External ☺:- Suppose you are travelling by a train, and suddenly it gets hot, what will you do?

2nd Student ☺:- I will remove my coat.

External ☹:- It still is hot, then what?

Student☺:- I will remove my shirt.

External (angrily) :- If it still is hot, then what will you do?
