CLUB PRESIDENT

Rtn. Siddha D. Sardesai
2022-2023

I'm excited to be addressing you as your Club President in its Silver Jubilee Year on our monthly bulletin "the Dream". If you know me, you know I like making everything just a little bit fun. And if you don't know me, well, I hope you will come to know and love my approach to service - which is to do everything with a whole lot of energy & a smile.

One person may look at all that needs to be done in this world and feel overwhelmed. But when you are a Rotarian, you are never just one person. You have a whole team of Rotarians behind you! I want you to know that throughout my year as your President; and beyond, I will always be on your team. I will always be here to cheer you on. You want to make big changes, so do I - and together we can!

I couldn't be more proud to be a Rotarian, working with all of you, every day, to meet the needs of others. However, sometimes the problems seem so big, it's hard to know where to start. How do we make the big changes needed to see a difference in our world?

We do it by changing ourselves. We do it by first changing our hearts, then our minds. And new actions will follow. We will lead by example. That is how we change the world. Change is never easy. However, once we recognize the need to change our hearts, we can change our minds. And then it happens.

We change. And we create change. This is how we make a difference in our world.

Architects, Engineers, Doctors, Accountants, Businessmen and other professionals are hardwired to make things. But at Rotary, the concept of making things takes on a special meaning. We see the world a bit differently and work to make things better - and prove that a good idea combined with passion and motivation can lead to things that change the world.

Your support is affirmation that what we do here at Rotary Club of Panaji Mid-Town is important and worthy of recognition. If our 25-year legacy of Service above Self is indeed prologue, then our future looks bright. I look forward with great anticipation to see all that we can accomplish in the months to come.

Rotary Club of Panaji Mid-Town is committed to actively raising the quality of life for the under-privileged since 1998 through its various community service projects. This Rotary year 2022-23 is our Silver Jubilee Year. The Club has 5 flagship projects:

SAKSHARTA

This is our education grants project. Rotary Scholars from professional colleges are recommended by their respective colleges and selected on the basis of merit by our committee and are supported upto their graduation.

SUDHARTA

This is our disability corrective surgery project where we admit patients with various forms of disability ranging from limb lengthening to congenital absence of tibia. Each patient undergoes numerous surgical operations to correct their physical defect and lead a normal life.

SAHAYATA

This is our Home Care Nursing School project in association with Matruchhaya. This is a 100% charity school. At Sahayata, youth are given free education & training, gainfully employed and raised to respected level in community. Your loved one can now get trained nursing care in the comfort of your home.

SWACHHATA

This is our Wash in Schools (WInS) project where we construct health and sanitation facilities to the students in schools. Toilet blocks and Washing units are being developed in schools that don't have these facilities.

SANJEEVANI

During this pandemic, we created a bank of 26 Oxygen Concentrators that are being lent to needy patients (even non-covid) for supporting them with handy oxygen. And now, we are increasing our scope by including wheelchairs, fowler beds, and other requisites to further the project and rechristen it as Sanjeevani.

2022-2023

This is a milestone year for Rotary Club of Panaji Midtown as it being a silver jubilee year for us. We had glorious 24 years serving the community with a legacy of Service above Self.
