2022-2023

November was exclusively reserved for the Rotary Quiz Bowl Goa. This event has been conceptualized to be a legacy project of the Club and we worked hard to make this event a red letter day in the calendar of the schools in Goa.

When Ann Sanat had approached us in our initial planning days to organize an inter-school quiz competition for Goa, little did we think that we would manage to pull off such a great event. We began by getting support from Directorate of Education and SCERT, Goa. They issued circulars to all schools in Goa and we received entries from 81 schools. A team of 3 students from each school and with teacher in-charge meant that we had a good response of 324 persons in all; a huge number to deal with.

But thanks to the volunteers from our Club as well as the RC Margao, we managed to organize seamless and smooth preliminary rounds at two venues in North & South Goa. Correction round was an interesting event. Our correctors enjoyed the event, we had some interesting answers written by the students. One thing we learnt from this is that the quality of general knowledge among students needs to be enhanced. During our school days, we used to keep ourselves abreast with whats happening around us. But sadly, today it looks like the students are more glued to Netflix and Social Media.

The finals of the Final Glow Rotary Quiz Bowl Goa was held in style. A technically and structurally sound bespoke stage added to the desired atmosphere for

quizzing. The setup was at par with any National TV show adding the required glamour quotient. Someone asked me, why are you glamorizing a simple quiz show? I replied, is KBC not a quiz show? The glamorizing of any show makes one inclined to such competitions, and I am sure the students will rare to be on this stage the next year with much more preparation than this year.

The lights, specially made music notes and the presentation was excellent and the show turned out to be one of the best Goa has ever seen. I am sure we have created a legacy project here and it's a subtle and humble way to promote students to learn the right things.

Rotary Club of Panaji Mid-Town is committed to actively raising the quality of life for the under-privileged since 1998 through its various community service projects. This Rotary year 2022-23 is our Silver Jubilee Year. The Club has 5 flagship projects:

SAKSHARTA - This is our education grants project. Rotary Scholars from professional colleges are recommended by their respective colleges and selected on the basis of merit by our committee and are supported upto their graduation.

SUDHARTA - This is our disability corrective surgery project where we admit patients with various forms of disability ranging from limb lengthening to congenital absence of tibia. Each patient undergoes numerous surgical operations to correct their physical defect and lead a normal life.

SAHAYATA - This is our Home Care Nursing School project in association with Matruchhaya. This is a 100% charity school. At Sahayata, youth are given free education & training, gainfully employed and raised to respected level in community. Your loved one can now get trained nursing care in the comfort of your home.

SWACHHATA - This is our Wash in Schools (WInS) project where we construct health and sanitation facilities to the students in schools. Toilet blocks and Washing units are being developed in schools that don't have these facilities.

SANJEEVANI - During this pandemic, we created a bank of 26 Oxygen Concentrators that are being lent to needy patients (even non-covid) for supporting them with handy oxygen. And now, we are increasing our scope by including wheelchairs, fowler beds, and other requisites to further the project and rechristen it as Sanjeevani.

THE FOUR-WAY TEST of the things we think, say or do

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL & BETTER FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?

CLUB SECRETARY

Rtn. Sachin Bhandare
2022-2023

"The best preparation for Tomorrow, is doing your best today" this wise words exactly fitted our efforts for all the events and projects carried out for the month of November. October seemed to be a month to assess the first quarter of our tenure and prepare ourselves for planned events.

The stage was set for the Finals of **Final-Glow Rotary Quiz Bowl**, dark backdrop with flashing lights making the hall look mammoth and nothing less than a studio. At this moment, remembered the efforts however small or big, put in

reaching out to the schools for participation, inspecting the classrooms to let the students answer the preliminaries with ease, to the care taken to get the best results during the correction round.

As the rounds progressed, it was a feeling of triumph. Students were apt and quick in answering, crowd cheering the correct answers while encouraging for the wrong ones, lights flashed on at the right time in the sequence and the sound effect creating a wholesome experience to all present there. Recollecting the moments like requests from schools to postpone the date of submission

of entries, to queries like the subjects for the quiz, fun during correction rounds to difficulties in stage set-up the night before this final. In the end **TEAM RCPMT** was the ***Champion*** along with participated schools as we worked hard in silence to let success make noise.

As we celebrate club's silver jubilee year we are looking ahead to you all to be a part of our journey in celebrations, events and some unique projects coming up.

Let's meet soon!!

Puranpoli

Wash 250 gm chana daal thoroughly. Empty it in cooker. Add 3 times water as it should cook really well. Take 5 to 6 whistles on medium flame.

If there is excess water then remove it out and use it for making katachi aamti.

Now empty the cooked daal in a kadhai and add 250 g sugar/jaggery according to your choice to it. Keep it on low flame stirring continuously.

Once it is well cooked remove the daal and sugar mixture from flame and pour it hot in Puranpoli grinder.

Grind it well. Remove it in a bowl and to this add (cardamom+nutmeg) powder. Mix it well. Your Puranpoli base is ready.

Now knead a soft dough of wheat atta. Roll a small portion of it and fill it with the base made above and make small yummy Puranpolis on hot tava. Don't forget to serve them with pure ghee.

Ann Sheetal Karkare

BULLETIN EDITOR

Rtn. Mahesh Patil
2022-2023

The rotary theme for the month of November is Disease prevention and treatment. As I pen this editorial, we have lost two very prominent and active rotarians in the past two months. Well death is inevitable but our quest to fight to Save our near and dear ones will continue. Rotary foundation has helped a lot of nations when calamity struck. The amounts collected by rotarians and put in this rotary foundation is used for a noble cause. Polio eradication drive by rotary year after year had nearly eradicated polio until a few cases were still found.

Malnutrition in many third world countries was helped to eradicate by the rotary foundation

Back home we have helped flood victims by donating food, medical supplies and clothes. Built homes for economically downward families. Fellow Rotarians who are doctors have given medical help to patients.

Our home project sudharta, where Dr Deep Bhandare has performed so many corrective surgeries so that patients can walk or move on wheelchairs.

Rotary has spared no efforts in helping mankind . On that note I take your leave till next time
