### ORGANISATION FOR RARE DISEASES OF INDIA (ORDI) ON 25.2.2024

ORDI, Organisation for Rare Diseases of India, hosted its flagship event, Race for 7 across 15 cities on February 25th 2024. Race for 7 is an awareness run organized by Organization for Rare Disease India, ORDI, a team committed to address the challenges of rare disease patients and their families in India. The main purpose is to raise awareness about rare diseases, to empower patients and their families with access to national and international resources.

Rare disease affects 1 out of 20 Indians and more than 50% are children and most of them are unable to survive due to lack of medical intervention or resources or diagnosis. As per record, more than 7000 rare diseases have been documented so far. We participated in this program

### FELLOWSHIP ON 12.3.2024

Fellowship was held at the Roof Top of the residence of PP Rtn Jayanta Chatterji and Rtn Arundhati Chatterji. Fellowship is an activity that helps the members bond closer. Music is a glue that binds all the age groups, irrespective of the background and culture. So, the second fellowship of the year 2023-24 was a soulful melodious evening with Tathagata Sengupta, with the backdrop of beautiful rooftop garden, with a pleasant weather, soothing breeze, delicious starters paired with drinks making the rounds.

The selection of old movie melodies was perfect setting for all present with their spouse and loved ones to go back in their favourite era that got many on their feet tapping to music and others going all in and pulling others to be part of the fun.

### EYE SCREENING CAMP ON 24.12.2023

It was felt that there was need to have the Eye Screening camp in Ramakrishnapur, Kulpi area. The camp was held in association with Rotary Joynagar Eye Hospital. It was a day long camp. We were happy with the response when more than 200 persons turned up for the eye check-up. After screening it was found that 41 patients require Cataract surgeries. They will have to undergo ECG, Sugar and BP check-up before the surgery and more than 100 will be provided with power glasses. All the arrangements have been made for these follow up actions.

### TOILETS AT KULPI ON 24.12.2023:

Our President Rtn Rakesh Kumar Goel was determined to provide the toilets to the villagers, who if agree for various conditions like (a) it should be in their own premises/ compound (b) continuous availability of water (c) there should be enough space for soak pit and toilet (d) to be used by the family members and (e) to pay initially Rs.3000/- for the soak pit. Only after the soak-pit is completed, then only after physical verification, the Club will construct the balance toilet for use. We personally visited residences of each of these villagers and some more deep inside the village to see the existing conditions and finalise the beneficiaries.

Out of 5 sites shown near Ramakrishnapur, Kulpi, we selected only 4 for the time being. If the project proves successful, we will provide more toilets to the villagers. The cost of each toilet will be Rs.14,000/- out of which the club will share Rs.11,000/- . The drawings are as approved by the Government of India for Rural area toilets, so all toilets will be constructed as per approved design.

### LIFE BEYOND CANCER ON 7.2.2024

We saw kids from the age group of 4 and above, diagnosed with Cancer particularly from the underprivileged community who would have otherwise gone home to suffer in silence as their parents were not able to afford the cost. An initiative of Rotary District-3291 with multiple clubs coming together for this cause under "Life beyond cancer" aimed at providing support to children for testing and treatment with dignity and comfort. The visit to the Paediatric Oncology Ward was heart-breaking to see small children undergoing treatment and most of them had their mothers by their side who had come leaving the rest of the family at home. There was a section for the kids diagnosed with Thalassemia along with their parents and some cases had their fathers by their side leaving all the work and supporting a child's treatment. The most reassuring fact was that the recovery is 90% if they can get it tested early before it reaches chronic stage. Hence the best help is providing the helping hand in getting tests done and treatment started on time. The average initial cost per child is 15,000/- .As a start RCCM is supporting 4 kids with a donation of 50,000/-.

### SUPPORT TO ORGANISATION OF RARE DISEASES OF INDIA (ORDI) ON 10.2.2024

Dr Dipanjana Dutta De of ORDI (Organization for Rare Diseases of India) talked about ORDI. She shared why they need the support. She also shared about the upcoming 10K/7K run to raise awareness and support. Club donated Rs.11,000/- for the project.

### POWER TILLER AT RAMAKRISHNAPUR RANI RASHMONI SEVA SANGHA, KULPI ON 11.2.2024

### ART WORKSHOP AT PLC ON 20.9.2023

The creativity of the girls always fascinated us. Something we observed during the many sessions we conducted, that they usually would remain silent, maybe trying to soak the information in, but they would amaze us the way they would express post the sessions through their art. It spoke louder, bolder, challenging thoughts and beliefs. So came the idea of getting an expert to evaluate their gift and guide them to the possibility of taking their passion as a profession with the possibility of conducting an Art skilling workshop to find a way to help the students take on art as a career. Ms Sulochana Saraswat, 30 years' experience as a professional artist, with multiple awards and her association with Shanti Niketan and Viswa Bharti college along with many others conducted the workshop.

### WORKSHOP ON KARATE AT PLC ON 23.9.2023

Martial art, Karate is an art of self-defence. Most of the time it is misunderstood as encouraging people to fight but the essence of Karate is in being the first defender and not the first attacker. Knowing this science enables one to have the confidence to move independently and become stronger to make bolder choices as the fear of being helpless is eliminated. It was more fun getting all the students, visiting Rotarians, teachers participating and learning Karate, which was more encouraging for the students and this gave the new teacher Jhumpa Das, a stronger introduction and a commitment from the students to pursue this sincerely with a promise to become good at it to put up their own demonstration in the coming months.

### GENERAL DUTY ASSISTANT AND NURSING WORKSHOP ON 4.1.2024

### TAKING THE FIRST STEP TOWARDS CREATING A BETTER LIFE- WORKSHOP ON COUNSELLING ON 8.8.2023

It was observed that girl students of PACE Learning Centre were in dilemma of not making best choices for Higher Education which is not enabling them to find options for self-sustainability. Both Rtn Renu Todi and Rtn Runjhun Gupta expressed their interest in doing psychological counselling sessions for the students. So on 8.8.2023, Rtn Renu Todi, Rtn Runjhun Gupta and Dr Sagar Dutt held counselling sessions to counsel the students to help make right decisions early in their life starting from 6th to 8th standard. Students from 9th to 12th standard were taken through an aptitude test which was focused on helping them understand their strengths. The workshop was well appreciated by the students of PLC.

### WORKSHOP ON HYGIENE MENSTRUAL AT PACE LEARNING CENTRE ON 19.8.2023

Absence of right information and lack of awareness subjects the females to misconceived practices, but worse not taking the right care, leads to health issues. This was the main intention behind conducting the 'Menstrual Hygiene Workshop' for the girls at Piyali school with the help of 'SHEABLE FOUNDATION' that focuses on providing the information and awareness through demos and very focused activities on 19.8.2023 at the campus of PACE Learning Students. The girl students actively participated in the workshop and they understood the importance of Menstrual Hygiene.

### CULTURAL PROGRAMME AT PLC ON 21.9.2023

Cultural program at PACE Learning Centre is always something to look forward to the creativity of the students and at the same time it becomes a showcase for the parents and a pride for teachers. They are particularly excited to present the activities in presence of their "DIDA" (PDG Rtn Deepa Willingham). With a heart touching drama of girls depicting a student's life who is made to work at home and finds it difficult to cope with studies. After speaking to her parents, they allow her to study till 12th standard and then force her into marriage, even though she wins scholarship for further studies. With the intervention of teachers, she gets permission for further studies but faces another obstacle studying in city college coming from village background, but thanks to the support of teachers overcomes the obstacles and becomes a doctor. She comes back becoming a role model for the girls and the drama ends with the message shared continuously by PDG Rtn Deepa Willingham, USA, "Teach a man, you educate an individual, but if you educate a woman, you educate a family and nation."

### VISIT TO ROTARY SARADA SHISHU SHIKSHA NIKETAN UNDER CSR ON 8.12.2023

This school is having more than 190 students comprising of boys and girls upto class-IV. Visit to this school always fascinates us with their smile and disciplined behaviour. During our last visit to this school in July-2023, we provided them with Inverter because we found that during load-shedding, their classes could not function because no sun light was available inside the class rooms and they suffered with total darkness. With Inverter, their classes are now running without any interruption during load-shedding. This time we are amazed with the talents of students for Arts and Crafts, which was exhibited inside the school.
