RI President's Message

Dear fellow Rotary leaders:

As we begin a new year of service, let us not forget the importance of every one of Rotary's members.

You have been handed the reins of club and district leadership at an historic moment. Rotary has a chance to capture the world's attention and realize possibilities beyond our expectations. But we must build on the work that has come before us if we are to reach our goals, such as defeating polio and empowering girls and women.

Rotary offers people of action a chance to connect and find belonging, and this fellowship gives us hope that we can create lasting change. But in the wake of the COVID-19 pandemic, more people than ever feel hopeless. Many have lost people close to them. Social networks have been uprooted and divisions have grown wider as opportunities for connection have been lost.

To make matters worse, in many parts of the world, asking for help – especially in the realm of mental health – is considered a weakness. But nothing could be further

from the truth. It is brave to be vulnerable and to admit you don't have all the answers. Reaching out for help is courageous – and continuing on a path towards wellness is even more so.

Join me in making Rotary a source of strength for all of those who feel they have lost hope, within and beyond our membership. Let this be the year we Create Hope in the World, and let Rotary be known as an organization that takes care, not only of its members but of the people we serve as well.

It is within your power to help bring peace and soothe those afflicted by conflict, both in their communities and in themselves.

Remember that your work can and will Create Hope in the World.

Warmest Regards,

R. Gordon R. McNally

President, Rotary International 2023-24

At the International Assembly in Orlando, Rotary International President-elect R. Gordon R. McNally announced his theme for the 2023-24 Rotary year, "CREATE HOPE IN THE WORLD". He explained that the goal is to restore hope to help the world heal from destructive conflicts and to help achieve lasting change. He emphasized the need for peace and continuity, including work to empower women and work toward diversity, equity, and inclusion, while not neglecting our mission to end polio.

District Governor's Message

New Rotary District brings forth a wave of enthusiasm and excitement among Sunrisers. This milestone presents a perfect opportunity for us to come together as a team, creating hope within our community by accomplishing extraordinary feats and even setting world records. Through our collective efforts, we can make a positive impact in the lives of those we serve.

To ensure the vibrancy of our district, it is crucial that we focus on both retaining our current Rotarians and welcoming new members into our Rotary family. By fostering a strong sense of belonging and inclusivity, we can further strengthen our community.

As the Governor, I am eagerly looking forward to serving and collaborating with over 3500 Rotarians, Rotaractors, and Interactors. This year holds great promise and excitement for all of us. I have meticulously planned projects that center around crucial areas such as health, women's empowerment, the environment, mental health awareness, and diversity, equity, and inclusion. These initiatives will not only make a difference in our local communities but also inspire hope on a global scale.

I extend a heartfelt invitation to each one of you to join us in large numbers at the upcoming ICGFs and District

conference, Udaan. This event serves as a remarkable occasion to celebrate our togetherness and strengthen the bonds that unite us as Sunrisers. Together, let us work hand in hand and create history through our collective efforts

Yours in Rotary,

Udaykumar Bhaskara
District Governor

Message: District Trainer & Mentor

Dear fellow Rotarians,

As we begin a new Rotary year, I want to take a moment to reflect on the core values that have made our organization successful. Our commitment to service, fellowship, and leadership has been the cornerstone of our impact for over a century.

Service is at the heart of what we do as Rotarians. We have the privilege to help those who need it most, both in our local communities and around the world. Through our projects and initiatives, we can make a tangible difference in the lives of others. This is why we joined Rotary, and it is what continues to drive us forward. I urge our clubs to plan and implement bigger, better, and bolder projects during the year.

Fellowship is a vital part of Rotary. Our clubs should strive to offer a supportive and inclusive environment for our members to connect and share their experiences. The meaningful friendships and connections that we make within Rotary can be a powerful motivator for continued service and growth within the organization.

Leadership is another critical aspect of Rotary. By developing our leadership skills, we can become better

equipped to take on the challenges that we face as Rotarians. We can inspire and motivate others to join our cause and help us achieve our goals. Clubs should encourage leadership at all levels and extend support in their leadership journey.

Membership growth and retention are crucial for the continued success of Rotary. As Past District Governor, I encourage each of you to welcome new members and re-engage existing ones. The scope for growth is tremendous as more and more people are looking for avenues for giving back to society. Together, we can create more opportunities for extending Rotary and growing membership in our District.

Our theme for the year is to “Create Hope in the World”. This is a powerful and inspiring call to action, and it is up to us to answer it. We must continue to be agents of positive change in the world, working tirelessly to create hope where there is despair, to bring light where there is darkness, and to make a difference in the lives of others.

In a rapidly changing world, it is more important than ever for Rotary to adapt and evolve. We must embrace new ideas and approaches to ensure that we continue to make a positive impact. As a new Rotary District, let us reaffirm our commitment to service, fellowship, and leadership. Together, we can create a better future for all and bring hope to those who need it most.

Message: District Director - Publication

Dear friends in Rotary,

Season's greetings to each one of you!

Firstly, a heartfelt thank you to DG Uday Kumar Bhaskara for giving me this opportunity, to bring out the first District Directory of 3191, I feel privileged to be a part of this historic beginning of the new district 3191.

A directory is a go-to book that contains source of information for the working year. It is preserved even after its first year, as it contains invaluable information about Rotary, Rotarians, and Rotary work. It is a privilege for every Rotarian to be part of the directory.

A directory is a collection of data and information. Here, I would like to thank each one of you for cooperating with us in capturing the data. I would like to firstly thank PDG Ft KP Nagesh for his constant support, advice, and encouragement, as a result of which the district directory could be released before the beginning of the year. A special thanks to the Publications Chairman, Rtn. Nikhil Ravindranath, for his immense contribution and hard work in compiling the directory. Thanks, and regards to the publication team of Rtn Dhanashekar, Rtn Vani Sudha, and Rtn Prakruthi JP, who worked and walked in every

step for the formation of this district directory. Thank you, DGO, District Secretariat for your cooperation and your commitment to the directory. I would like to thank Mr. Srimatesh of COMMWORKS, whose experience and knowledge of Rotary added a lot of value to this directory and led to the completion of this directory on time.

The thought process behind the making of this directory was to ensure it carried all the possible information on Rotary International, RI District 3191, and the contact information of nearly 1000+ Rotarians. Collecting the data was a challenge, but in spite of our sincere and best efforts, we may not be fool proof. All though the utmost care has been taken in proofreading and editing, if there are any mistakes in the information of the Rotarians who are working as a part of the Sunrisers team of RI District 3191, it is purely accidental, and I take onus for the same. The very purpose of this directory is to foster a sense of great bonding and camaraderie among the future leaders of the district. I hope this helps us make the following year a great success. Yours in Rotary,

Dr. Harini Ravindranath
District Director, Publications

Message: Chairman - Publications

Dear Rotary friends,

It was an honour and privilege to accept the responsibility assigned to be a part of the district publication team in preparing the Rotary International District 3191 District Directory for the Rotary year 2023–24.

I would like to start by thanking DG Uday Bhaskara and PDG Ft KP Nagesh for showing their confidence and trust in a young Rotarian like me for taking up this task of District Directory. This was one of the most challenging, enjoyable, and learning processes where I learned about the workings of Rotary and Rotarians on a first-hand basis. I would also like to thank the director of publications, Rtn Harini Ravindranath, and our publication team of Rtn Prakruthi JP, Rtn Vanisudha, and Rtn Dhanashekar, for being a constant support without which this could not have happened. I would also like to thank the DGO and District Secretariat for their valuable contributions to the compiling and completion of the directory. My sincere gratitude and thanks to Mr. Srimatesh of COMMWORKS who guided me through this process and imparted a lot of valuable knowledge.

I would like to sincerely apologise and seek forgiveness for any errors that might have been committed unknowingly

in the process. I would treat each and every one of your valuable feedback as valuable learning for the future. I wish the entire Team of Sunrisers best wishes and proud to be one of you all.

Yours in Rotary,

Nikhil Ravindranath

A thought that created history

Paul P. Harris (1868-1947), a lawyer, was the founder of Rotary, the world's first and most international service club. Rotary is an organization of business and professional leaders united worldwide who provide humanitarian service, promote high ethical standards in all vocations, and help build good will and peace in the world.

Born in Racine, Wisconsin, U.S.A. on 19 April 1868, Paul was the second of six children to George N. Harris and Cornelia Bryan Harris.

At age 3 he moved to Wallingford, Vermont where he grew up in the care of his paternal grandparents. Married to Jean Thompson Harris (1881-1963), they had no children. He received an LL.B. from the University of Iowa and received an honorary LL.D. from the University of Vermont.

Paul Harris worked as a newspaper reporter, a business teacher, stock company actor, cowboy, and travelled extensively in the U.S.A. and Europe selling marble and granite. In 1896, he went to Chicago to practice law. One evening Paul went with a professional friend to his suburban home. After dinner, as they strolled through the neighbourhood, Paul's friend introduced him to various tradesmen in their stores. This reminded Paul of his New England village and it occurred to him "Why not have a fellowship composed of businessmen from different occupations, without restrictions of politics or religion?"

On 23 February, 1905, Paul Harris formed the first club with three other businessmen: Silvester Schiele, a coal merchant; Gustavus Loehr, a mining engineer; and Hiram Shorey, a merchant tailor. Paul Harris named the new club "Rotary" because members met in rotation at their various places of business. Club membership grew rapidly. Many members were from small towns and in the Rotary club they found an opportunity for camaraderie. When Paul Harris became president of the club in its third year, he was convinced that the Rotary club could be developed into an important service movement and strove to extend Rotary to other cities.

The second Rotary club was founded in San Francisco in 1908. In August, 1910, when there were 16 clubs, the National Association of Rotary Clubs was organized. When clubs were formed in Canada and Great Britain, the name was changed to the International Association of Rotary Clubs in 1912, and was later shortened to Rotary International in 1922. Paul

Paul.P.Harris
 1868-1947
 Founder of Rotary

"The thought persisted that I was experiencing only what had happened to hundreds, perhaps thousands, of others in the great city. ... I was sure that there must be many other young men who had come from farms and small villages to establish themselves in Chicago. ... Why not bring them together? If others were longing for fellowship as I was, something would come of it."

- Paul.P.Harris, My Road to Rotary

Harris was the first president of both the National Association and the International Association. As Rotary spanned the globe, branch offices were opened in Europe and Asia. In 1932 the Four Way Test was created. Two world wars changed the face of Rotary Eastern Europe was closed to Rotary until 1989 when clubs were re-established in Poland and Hungary. In 1990 the first club was opened in the Soviet Union.

Paul maintained his law office for most of the remainder of his life. In fact his law firm after partnership, with which he was associated until 1946, continues to this day in Chicago under the name of Davis & Cichorski. In addition, office space was maintained for him, as First President and President Emeritus, at the Rotary International World Headquarters in Chicago. He spent much time travelling and was invited to speak to Rotarians at Annual conventions, district and regional meetings and other functions.

When President emeritus Paul Harris passed away on 27 January 1947 his dream had grown from an informal meeting of four to some 6,000 clubs brought together through the service and fellowship of Rotary.

The founders of Rotary: Gustavus Loehr, Silvester Schiele, Hiram Shorey, and Paul Harris

Birthplace of Rotary

The number 711 has a very special significance for Rotary. Room 711 of the old Unity Building, formerly located at 127 North Dearborn Street in Downtown Chicago, Illinois, USA, was the birthplace of Rotary. It was in that historic room, which was the office of engineer Gus Loehr, where Paul Harris first met with several friends, Silvester Schiele, Gustav Loehr and Hiram Shorey, to discuss his idea of a club for professionals and businessmen.

It took extensive research and dedication by a few Chicago Rotarians to preserve the room and restore it to its 1905 authenticity. For years, Room 711 was preserved as a miniature Rotary museum by Rotarians and contributed annually to the Paul Harris 711 Club, which provided funds for leasing, maintenance, and preservation.

In 1989, when the Unity Building was about to be torn down, members of the 711 Club carefully dismantled the landmark room and placed its contents in storage. There it stayed until 1994, when the re-created Room 711 found a permanent home at the RI World Headquarters in Evanston, where this piece of Rotary's heritage is preserved.

History of the Rotary Wheel

The Rotary wheel is one of the most familiar symbols in the world today. But for many years, there was no standard Rotary emblem. Rotary clubs designed their own.

In its early years, the Rotary Club of Chicago used a wagon wheel emblem, an idea attributed to Paul Harris, who reasoned that it symbolized civilization and movement. The appearance changed from time to time.

When an engraver joined the club, he offered to design a permanent emblem. Members rejected his first idea - a plain buggy wheel - as looking lifeless and meaningless. To give the appearance of action, the engraver added clouds of dust ahead of and behind the wheel. He also placed the words "Rotary Club" above it. One observant Rotarian pointed out that a wheel would not generate clouds of dust in front of it. He removed the offending cloud and that design remained the emblem for Chicago until about 1912.

At the 1911 national convention in Portland it was suggested that delegates adopt a standard emblem, based upon the wheel, which had become the generally accepted emblem of Rotary clubs. The Board of Directors appointed a committee to come up with a design. Everyone was amazed how quickly the committee acted. They were appointed in August and had the emblem ready in September. All they did was copy the emblem used by the Rotary Club of Philadelphia.

The Philadelphia club had been chartered in 1910 as the 19th club in the world. [Bay City was the 134th club in 1915] The Philadelphians thought that the Chicago wagon wheel design did not convey the Rotary idea very well. They added cogs to create a working wheel, symbolizing the members working together, literally interlocked with one another to achieve the organization's objectives. They used 19 cogs in honor of their club. The club started producing metal lapel pins in 1910 with this design for its members to wear on their coats. Today, the millions of pins worn by Rotarians around the world had their

genesis in the minds of a club president and a jeweler in Philadelphia in 1910.

The 1912 Rotary convention in Duluth approved the Philadelphia design for the whole organization. To ensure uniformity, the club's name was replaced by the association's name, Rotary International. It probably didn't hurt that the president of the Philadelphia club [who had designed that club's emblem] became president of the International Association of Rotary Clubs at the Duluth convention.

Even after approval by the convention there was still a divergence in design of the emblem. Many local clubs still had their own wheel. Some wheels had 8 spokes, some others had 10, some none at all. Some wheels had 16 gear cogs, some 20, some none. Even the Rotary staff at headquarters was confused. In April 1919, the Rotary wheel on the cover of The Rotarian magazine had 19 cogs.

On the May issue's cover the wheel had 20 cogs. On the June cover it had 27 cogs.

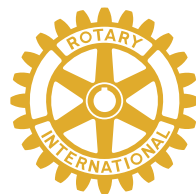

In 1918, a Rotarian engineer from Minnesota petitioned Rotary to amend the design of the wheel. He said that a cogwheel with 19 cogs would not work. He said that the emblem had square-cornered teeth of disproportionate size, that the cogs were irregularly spaced. This Rotarian, Oscar Borge, said the emblem was "an insult to engineering that only the brain of an artist could conceive." So he sketched a new wheel, with 6 spokes [symbolizing the 6 Objects of Rotary at that time] and 24 cogs or teeth. He also added a keyway, which locks a wheel to a hub, thus making it "a worker and not an idler."

In 1928, the exact specifications of this engineer were written into the Manual of Procedure, approved at the 1929 Dallas convention. The specifications have been unchanged ever since. The geared Rotary wheel appears today throughout the world on millions of lapel pins, flags, ties, jewelry of all sorts, etc. It has been pasted on billboards and postage stamps in more than 100 countries. The Rotary wheel started as an idea in the mind of founder Paul Harris nearly 100 years ago. It remained in its present exact form for 75 years, until 25 August 2013.

Although the words 'Rotary International' are embedded in the wheel, they are hard to read from a distance. So, in 2013 Rotary expanded the official logo to include the word 'Rotary' next to the wheel.

The Rotary wheel remains our mark of excellence. In addition to being part of the official logo, it may be enlarged for greater impact and used separately but near the logo.

Rotary

Using the emblem

The Rotary emblem, like Rotary's name and other logos, is a registered trademark. Clubs, districts and Rotary entities are welcome to use the Rotary emblem subject to the guidelines for the use of the Rotary Marks as set forth by the RI Board of Directors. These guidelines govern the use of the Rotary Marks on all merchandise, promotional materials and publications, including domain names and websites.

RI Vision Statement

Together, we see a world where people unite and take action to create lasting change – across the globe, in our communities, and in ourselves.

RI Mission Statement

The mission of Rotary International is :

- Provide service to others
- Promote integrity
- Advance world understanding, goodwill, and peace through its fellowship of business, professional, and community leaders.

Object of Rotary

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

- FIRST: The development of acquaintance as an opportunity for service;
- SECOND: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;
- THIRD: The application of the ideal of service in each Rotarian's personal, business, and community life;
- FOURTH: The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

The Four-Way Test

One of the world's most widely printed and quoted statements of business ethics is The 4-Way Test, which was created in 1932 by Rotarian Herbert J. Taylor (who later served as RI president) when he was asked to take charge of a company that was facing bankruptcy.

This 24-word code of ethics for employees to follow in their business and professional lives became the guide for sales, production, advertising, and all relations with dealers and customers, and the survival of the company is credited to this simple philosophy.

Adopted by Rotary in 1943, The 4-Way Test has been translated into more than a hundred languages and published in thousands of ways. It asks the following four of the things we think, say or do

- 1. Is it the TRUTH?**
- 2. Is it FAIR to all concerned?**
- 3. Will it build GOODWILL and BETTER FRIENDSHIPS?**
- 4. Will it be BENEFICIAL to all concerned?**

Rotarian Code of Conduct

As a Rotarian, I will:

1. Act with integrity and high ethical standards in my personal and professional life.
2. Deal fairly with others and treat them and their occupations with respect.
3. Use my professional skills through Rotary to mentor young people, help those with special needs, and improve people's quality of life in my community and in the world.
4. Avoid behavior that reflects adversely on Rotary or other Rotarians.
5. Not seek special business or professional advantages from other Rotarians.

Declaration of Rotarians in Businesses and Professions

The Declaration of Rotarians in Businesses and Professions was adopted by the Rotary International Council on Legislation in 1989 to provide more specific guidelines for the high ethical standards called for in the Object of Rotary:

As a Rotarian engaged in a business or profession, I am expected to:

- Consider my vocation to be another opportunity to serve.
- Be faithful to the letter and to the spirit of the ethical codes of my vocation, to the laws of my country, and to the moral standards of my community.
- Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation.
- Be fair to my employer, employees, associates, competitors, customers, the public, and all those with whom I have a business or professional relationship.
- Recognize the honor and respect due to all occupations which are useful to society.
- Offer my vocational talents: to provide opportunities for young people, to work for the relief of the special needs of others, and to improve the quality of life in my community.
- Adhere to honesty in my advertising and in all representations to the public concerning my business or profession.
- Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded others in a business or professional relationship.

Rotary's Action Plan

As People of Action, we understand that fulfilling that vision requires a plan.

More than a century ago, we pioneered a new model of service leadership grounded in person-to-person connections. Today, those connections are a network that spans the globe—bridging cultural, linguistic, generational, and geographic barriers—and shares the vision of a better world. As People of Action, we understand that fulfilling that vision requires a plan.

This is Rotary's Action Plan through 2024: to increase our impact, expand our reach, enhance participant engagement, and increase our ability to adapt.

ROTARY'S STRATEGIC PRIORITIES AND OBJECTIVES

INCREASE OUR IMPACT

As People of Action we make decisions grounded in evidence.

Let's build the practices, infrastructure, and capacity needed to define, measure, track, and analyze data from our service projects in a much more effective way.

ENHANCE PARTICIPANT ENGAGEMENT

As People of Action we create meaningful relationships across decades and continents.

Let's use every encounter as an opportunity to show people what Rotary can do for them as individuals and as members of our communities.

EXPAND OUR REACH

As People of Action we are inclusive, engaging, compassionate, and ambitious on behalf of the world.

Let's share our values with new audiences, create new ways to bring people together to experience the power of Rotary, and prove we are an organization that's inclusive, engaging, compassionate, and ambitious on behalf of the world.

INCREASE OUR ABILITY TO ADAPT

As People of Action we seek new perspectives and new ideas that can strengthen Rotary and create lasting change.

Let's work to create a culture of research, innovation, and willingness to take risks in your club to better serve your community.

Rotary's Core Values

FELLOWSHIP • INTEGRITY
DIVERSITY • SERVICE • LEADERSHIP

The Rotary Foundation

The mission of The Rotary Foundation of Rotary International is to enable Rotarians to advance world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty. The foundation is a not-for-profit corporation, supported solely by voluntary contribution from Rotarians and friends of the foundation who share it's vision of a better world. This support is essential to make Foundation grant-funded projects that bring sustainable improvement to communities in need.

PROGRAMS OF THE ROTARY FOUNDATION

POLIO PLUS

Polio eradication is Rotary's top philanthropic priority. When Rotary launched the Polio Plus program in 1985, there were more than 350,000 polio cases in over 125 countries. Since 1988, Rotary has worked with it's partners in the Global Polio Eradication initiative to help immunize more than 2.5 billion children and reduce the incidence of polio by 99 percent. Rotary has contributed more than US \$ 1.2 billion to the global eradication effort. India was declared Polio free in 2013.

ROTARY PEACE FELLOWSHIPS

Rotary Peace Fellowship enables individuals to pursue a graduate degree in International relation, peace, conflict resolution and related subjects or a professional development certificate in peace and conflict studies at one of the six Rotary Peace Centers.

The Rotary Foundation

GRANTS

The Rotary Foundation grants support Rotarian's efforts to change lives and serve communities. Rotary's grant model includes :

DISTRICT GRANTS

District Grants are block grants that enable clubs and districts to address immediate needs in their communities and abroad. Districts may request upto 50% of their District Designated Fund (DDF) for one grant annually. Districts manage and disburse these funds to support district and club sponsored activities, including vocational training teams, scholarships, humanitarian service and cultural exchanges, provided they are aligned with the foundation's mission.

GLOBAL GRANTS

Global Grants offer clubs and districts opportunities to participate in strategically focused, high impact activities. These grants fund large scale international humanitarian projects, vocational training teams and scholarships that have sustainable, measurable outcomes in one or more

of Rotary's areas of focus. Activities may be carried out individually or in combination – for example: one grant may support a vocational training team and a related humanitarian project.

Global Grant projects must have a minimum total budget of \$ 30,000. This includes the World Fund award, which is based on a 100% match of District designated fund allocations or a 50% match of cash contributions from the sponsors. All Global grants must be sponsored by two clubs or districts: a host partner in the country where the activity takes place and an international partner outside that country.

When planning a Global grant project, sponsors should conduct a thorough need assessment that explores the pressing concerns in the project location as well as the club and community resources available to address them.

Rotary's Areas of Focus

Rotary is dedicated to seven areas of focus to build international relationships, improve lives, and create a better world to support our peace efforts and end polio forever.

PEACEBUILDING AND CONFLICT PREVENTION

Rotary's Four Roles in Promoting Peace

Rotary and its members are:

Practitioners: Our work fighting disease, providing clean water and sanitation, improving the health of mothers and children, supporting education, and growing local economies directly builds the optimal conditions for peaceful societies.

Educators: Our Rotary Peace Centers have trained over 1,300 peace fellows to become effective catalysts for peace

through careers in government, education, and international organizations.

Mediators: Our members have negotiated humanitarian ceasefires in areas of conflict to allow polio vaccinators to reach children who are at risk.

Advocates: Our members have an integral role as respected, impartial participants during peace processes and in post-conflict reconstruction. We focus on creating communities and convening groups that are connected, inclusive, and resilient.

Rotary's Role in Disease Prevention

Disease results in misery, pain, and poverty for millions of people worldwide. That's why treating and preventing disease is so important to us. We lead efforts both large and small. We set up temporary clinics, blood donation centers, and training facilities in underserved communities struggling with outbreaks and health care access. We design and build infrastructure that allows doctors, patients, and governments to work together.

Rotarians combat diseases like malaria, HIV/AIDS, Alzheimer's, multiple sclerosis, diabetes, and polio. Prevention is important, which is why we also focus on health education and bringing people routine hearing, vision, and dental care.

Rotarians educate and equip communities to stop the spread of life-threatening diseases like polio, HIV/AIDS, and malaria. We improve and expand access to low-cost and free health care in developing areas.

DISEASE PREVENTION AND TREATMENT

Rotary's Areas of Focus

WATER, SANITATION, AND HYGIENE

Rotary is active in **Providing clean water, sanitation, and hygiene**

The Rotary Foundation is changing the world by providing grants for projects and activities around the globe and in your own backyard:

WASH in Schools Target Challenge: Rotary has challenged our members to develop sustainable water, sanitation, and hygiene education projects in five countries: Belize, Guatemala, Honduras, India, and Kenya.

WASH projects: Since 2013, The Rotary Foundation has invested in more than 1,000 WASH projects in more than 100 countries. Through grants from The Rotary Foundation and fundraising by Rotary clubs, our volunteers have supported water purification, hygiene education, latrine construction, and waste management.

Rotary's commitment to **Saving mothers and children**

Rotary makes high-quality health care available to vulnerable mothers and children so they can live longer and grow stronger.

We expand access to quality care, so mothers and children everywhere can have the same opportunities for a healthy future. An estimated 5.9 million children under the age of five die each year because of malnutrition, inadequate health care, and poor sanitation – all of which can be prevented.

Rotary provides education, immunizations, birth kits, and mobile health clinics. Women are taught how to prevent mother-to-infant HIV transmission, how to breast-feed, and how to protect themselves and their children from disease.

The Rotary Foundation reaches mothers and children in need by giving communities the help and training they need to take control of their own maternal and infant health care.

MATERNAL AND CHILD HEALTH

BASIC EDUCATION AND LITERACY

Rotary's efforts to **Support Education**

Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy. We support education for all children and literacy for children and adults.

Rotary takes action to empower educators to inspire learning at all ages.

The Rotary Foundation supports education through scholarships, donations, and service projects around the world.

Rotary members make amazing things happen, like:

- Opening schools
- Teaching adults to read
- New teaching methods
- Making schools healthy

Rotary's Areas of Focus

COMMUNITY ECONOMIC DEVELOPMENT

Rotary is engaged in **Growing Local Economies**

Rotary members and The Rotary Foundation work to strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

We provide training and access to well-paying jobs and financial management institutions.

We create opportunities to help individuals and communities thrive financially and socially.

Rotary members train people to become resources for their community, offering networking activities, advice on new business development, and mathematics and financial management training.

Rotarians make amazing things happen, like:

- Breaking the cycle of poverty
- Skills development, business training
- Sustainable farming

Rotary pledged to **Supporting the Environment**

More than \$18 million in Foundation global grant funding has been allocated to environment-related projects over the past five years. Creating a distinct area of focus to support the environment will give Rotary members even more ways to bring about positive change in the world and increase our impact.

In 1990-91, RI President Paulo V.C. Costa made the environment one of his primary causes, creating the Preserve Planet Earth subcommittee, which looked at ways clubs and members could conduct environmental initiatives.

ENVIRONMENT

Worldwide ‘Rotary and Polio’ Factsheet

POLIO: Polio Poliomyelitis (polio) is a paralyzing and potentially fatal disease that still threatens children in some parts of the world. The poliovirus invades the nervous system and can cause total paralysis in a matter of hours. It can strike at any age but mainly affects children under five.

POLIO TODAY: Today, there are only two countries that have never stopped transmission of the wild poliovirus: Afghanistan and Pakistan.

CHALLENGES: The polio cases represented by the remaining one percent are the most difficult to prevent, due to factors including geographical isolation, poor public infrastructure, armed conflict and cultural barriers. Until polio is eradicated, all countries remain at risk of outbreaks.

ENSURING SUCCESS: Additional funding will help to end polio now. Thanks to a new campaign, every dollar donated to Rotary will be matched 2:1 by The Bill and Melinda Gates Foundation. These funds help to provide much-needed operational support, medical personnel, laboratory equipment, and educational materials for health workers and parents. Governments, corporations and private individuals all play a crucial role in funding.

POLIO PLUS: In 1985, Rotary launched its Polio Plus program, the first initiative to tackle global polio eradication through the mass vaccination of children. Since then, Rotary and its partners have helped reduce the number of annual cases from 3,50,000 to fewer than 250 and remain committed until every child is safe from the disease. Rotary has contributed more than \$1.7 billion and countless volunteer hours to immunize more than 2.5 billion children in 122 countries. In addition, Rotary’s advocacy efforts have played a role in decisions by donor governments to contribute more than \$9 billion to the effort.

GLOBAL POLIO ERADICATION INITIATIVE: The Global Polio Eradication Initiative, formed in 1988, is a public-private partnership that includes Rotary, the World Health Organization, the U.S. Centers for Disease Control and Prevention, UNICEF, the Bill & Melinda Gates Foundation, and governments of the world. Rotary’s focus is advocacy, fundraising, volunteer recruitment and awareness building.

ROTARY IN ACTION: More than one million Rotary members have donated their time and personal resources to end polio. Every year, hundreds of Rotary members work side-by-side with health workers to vaccinate children in polio-affected countries. Rotary Members work with UNICEF and other partners to prepare and distribute mass communication tools to reach people in areas isolated by conflict, geography, or poverty. Rotary members also recruit fellow volunteers, assist with transporting the vaccine, and provide other logistical support.

‘THIS CLOSE’ CAMPAIGN: Rotary has a growing roster of public figures and celebrities participating in its “This Close” public awareness campaign, including Bill Gates, Archbishop Emeritus Desmond Tutu, Archie Panjabi, Jackie Chan, Jack Nicklaus and Psy. These ambassadors help educate the public about polio through public service announcements, social media and public appearances.

ENDING POLIO FOREVER: Rotary has been working to eradicate polio for over 35 years, and our goal of ridding the earth of this disease is in sight. We started in 1979 with vaccinations for 6 million children in the Philippines. Today, Afghanistan and Pakistan are the only countries where polio remains endemic.

India Celebrates 13 Years Free of Polio

INDIA CELEBRATES A Decade Without Polio

Throughout India and around the world, Rotary clubs are celebrating a new major milestone. India has completed 10 years without a new case of Polio. The last reported case was a two year old girl in West Bengal on 13 January 2011.

Rotary leaders in India are working with their Pakistani counterparts to share best practices and lessons learned during India's successful anti-polio campaign. Rotary was particularly effective in obtaining the support of influential religious leaders in India.

Rotary leaders are playing a similar role to counter rumors and misinformation about polio vaccinations that keep some parents away from immunizing their children.

Meanwhile National Immunization Days continue in both the countries. During these large scale drives, Rotary volunteers join health workers to vaccinate every child under the age of five against polio.

“We must now stop polio in Pakistan to both protect Pakistani children and to safeguard our success in India and other countries where we have beaten this terrible disease”, says India Polio Plus Committee Chair Rtn Deepak Kapur. “Until polio is finally eradicated globally, all unvaccinated children will remain at risk of infection & paralysis, no matter where they live”.

To mark this historic triumph – reached after a decade long battle against polio, Rotary Clubs illuminated land marks and iconic structures throughout the country with four simple but powerful words, “India is Polio free”

The nine year achievement set the stage for a polio free certification of the entire South East Asia region by the World Health Organisation on 27 March 2014.

The challenge now is to replicate India's success in neighboring Pakistan, one of two remaining polio endemic countries, along with Afghanistan.

History of Rotary in India

The history of Rotary in the Indian sub-continent dates back to the very early days of Rotary. In 1919 R. J. Coombs, manager of a steel products company, impressed and inspired by the ideals of Rotary during his visit to the United States, organized the Rotary Club of Calcutta. The first meeting on 20th September 1919 paved way for the charter to be presented on 1st January 1920 with 20 non-Indians as charter members. Interestingly, first Indian to be a Rotarian was Surendra Banerjee who as made honorary member of the club. This was followed by S. C. Rudra who became a full-fledged Rotarian with the classification of Mining Engineer. Within a few years, in 1926 Nitish Laharry was elected the first Indian to be the secretary of this club and A.E.M. Abdul Ali was the first Indian to be elected president of a Rotary club.

In 1927, the Rotary Club of Lahore was Chartered followed by Rotary Club of Bombay 1929 by Jim Davidson. Rotary Club of Bombay which started with 38 members, of which Sir Pheroze Sethna, a member of the Legislative Assembly was the only Indian, became the largest Rotary Club in India. In Delhi too, a Rotary Club was organized by Jim Davidson on 26th April 1929. However, the Club was closed down in 1931 for various reasons. The untiring efforts of Jim Davidson along with F. C. James saw Rotary enter the Deccan with the formation of Rotary Club of Madras in 1929. Rotary Club of Bangalore was Chartered on 27th October 1934 and was the seventh club in the pre-independence India.

Although Rotary Districts were established for the first time in 1912, clubs in India, Burma, Ceylon, Malaysia, Java and Siam did not come under any District. They were grouped together as the IBCMJS area and placed under the charge of Hon. Commissioner Sir Frederick E. James, a past President (1924-26) of Rotary Club of Calcutta.

In 1931, India, Burma and Ceylon were formed into provisional Dist. 'A' and Commissioner F. E James continued in charge. On 1st July 1936, Rotary International decided

that Rotary clubs in India, having increased to 24 from 16, in recognition of the numbers, should be granted District Status. Rotary Clubs in Afghanistan, Burma, Ceylon and India (including present Pakistan) were reconstituted into R.I. District No. 89 with Rtn. Frederick E. James, OBE as the District Governor. In 1939-40, District 89 was divided into two Districts 88 and District 89. District 88 covered areas of Burma, Bengal, Bihar, Orissa, Uttar Pradesh, Punjab, Kashmir, Sind, Baluchistan, North West Frontier Province, Rajputana, Central Indian States and Jabalpur. District 89 comprised of Southern India and Ceylon. By the time India became independent, there were 71 Rotary clubs (14 in Gujarat, 10 in Maharashtra, 10 in Uttar Pradesh, 7 in Tamilnadu, 7 in Karnataka and 23 in another 10 States) with a total membership of 3121 members.

The first conference of Provision District 'A' was held in 1932 at Calcutta with Sir. F. E. James as the first Governor and total registration of 39. The 1934 and 1936 Conferences were held at Bombay and Bangalore respectively. Up to 1936, R. I. President was not represented at the Conference and there was no Conference in 1934-35. The 1955 Council on Legislation replaced the regions by 34 Zones.

In 1968-69, Pakistan became a separate District and by 1970-71, the number of districts in India was 12. During the 70s, the number of clubs which stood slightly above 300, more than doubled in the next ten years. The same tempo continued in the first half of 80s also. In 1980-81 there were 899 clubs in India in 14 R.I. Districts with a membership of 35,172 Rotarians.

In the beginning of 1995-96, when the system of regions in the Rotary world was abolished and the new Zone System was introduced, India had 1,654 Rotary clubs in 28 Districts and number of Rotarians was 58,777. In 1996 there was a remarkable growth of Rotary in India. Thanks to Calgary Challenge as many as 133 Clubs were Chartered in 1996. In 1995 the number of new Clubs was only 74.

Building a stronger future: The birth of RI District 3191

Rotary District 3190, covering parts of Karnataka and Andhra Pradesh, faced a significant challenge in 2020 due to sustained growth in membership over the last six years. The geographical area of the district has a population of 27 million, and there are large towns and urban communities that remain untapped. The district had 148 clubs at the time, with the potential for considerable growth.

To address this challenge, a committee was formed to re-district by District Governor Rtn B L Nagendra Prasad. The 3190 Re-Districting Committee was made up of 21 members from different clubs and zones, with PDG Flt Lt. K P Nagesh as the chairman, Rtn Satish Madhavan as the secretary. The committee's goal was to ensure equitable distribution of resources, members, and clubs across the proposed new districts.

The committee recognized that Rotary International requires re-districting when a district reaches a certain size, but they also aimed to ensure that the new districts would have a similar number of clubs and members. This would create a more level playing field for clubs and

members, ensuring they have equitable access to opportunities for leadership, service, and fundraising. The committee recommended bifurcation instead of trifurcation, given the unique geographical combination of seven revenue districts outside Bangalore and a large urban area of 600+ sq. km. Three revenue districts for each new district and one-half division of the urban area were deemed adequately proportioned with clear boundaries. The district governors would have more time and could focus better on growing Rotary. There were significant opportunities for service, and bigger and better projects could be executed and sustained in the long run. District governors would have ample time to spend with clubs and work on improving overall performance.

The prospect of becoming the second-largest district in the world brought a new wave of excitement to the members of District 3190. With the number of clubs projected to cross 200 and a whopping 9,000 Rotarians expected within three years, the district was poised for unprecedented growth. The experienced pool of Rotarians was eager to take on leadership roles and deliver quality service.

To ensure equitable distribution, clear parameters were set for the share of RI officers, large, medium, and small clubs, foundation contributions, endowments, directed gifts, and fundraising. It was an exciting time for the district, and everyone was looking forward to the opportunities that the re-districting would bring. The Committee also focused on ensuring that the bifurcation of urban Bangalore would benefit both districts. Bangalore is the economic powerhouse of the region, with large corporations and educational institutions calling it home. By splitting the area into two districts, both districts would have access to these resources and opportunities, which would enable them to execute bigger and better projects that could be sustained in the long run.

The re-districting of Rotary District 3190 has been a significant achievement for the Rotarians in the region. The tireless efforts of the committee members, council of governors, clubs, and members of the district have played a pivotal role in completing the process smoothly and effectively. The success of this significant endeavour demonstrates a remarkable commitment to Rotary's values and mission, and we

are incredibly grateful for everyone's outstanding support and dedication. We believe that the new district configuration will enable us to better serve our communities and advance the cause of Rotary in the years to come. We look forward to seeing the growth and development of both new districts, and we are excited about the opportunities that this re-districting will bring. We would like to express our heartfelt gratitude to each and every member who actively participated in this significant endeavour, demonstrating their commitment to Rotary's values and mission.

We also extend our thanks to the leadership of Rotary International, the regional and national leadership, and everyone else who contributed to this effort. The success of the re-districting process is a testament to the strength and dedication of Rotary's members, and we are confident that Rotary Districts 3191 and 3192 will continue to thrive and make a positive impact in their communities.

Rotary Fellowships began informally in 1928 when Rotarians with a shared interest in the language Esperanto joined together. In 1947, a group of Rotarian boating enthusiasts began flying the Rotary flag from their crafts, calling themselves the International Yachting Fellowship of Rotarians; this fellowship now boasts the longest continuous existence. The scope of Rotary Fellowships has changed much over the years, but today their purpose is still to unite Rotarians in friendship and provide venues for enjoying their favorite recreational or professional activities.

Rotary Bangalore Lakeside

*In fond remembrance of
Rtn. Anantha Bhat*

*In fond memory of a Rotarian true,
Whose spirit of service forever grew,
A beacon of light, shining so bright,
Guiding our hearts with pure delight*

*With hands that reached out to heal the weak,
A compassionate soul, humble and meek,
Through selfless acts, a difference was made,
In every life touched, a lasting cascade.*

*In the meetings held with warmth and cheer,
Wisdom and knowledge, abundantly clear,
A leader, a mentor, a friend so dear,
Rotary's values, you held so near.*

*You sparked the flame of hope within,
Inspiring us all, where dreams begin,
With dedication and unwavering will,
Your legacy lives on, and always will.*

*In service projects, side by side,
You taught us unity, a bond that won't hide,
Together we strived, for a better tomorrow,
Embracing the motto, "Service Above Self" to follow.*

*So let us gather, with heads held high,
To celebrate a life that touched the sky,
In fond memory of a Rotarian so true,
We bid you farewell, with gratitude anew.*

*For you have left footprints, strong and grand,
In the sands of service, across the land,
May your spirit guide us, as we continue the race,
In honor of your memory, with love and grace.*

Optimism is a choice, not an inherent trait. It is about seeing the glass as half full, but also being ready to fill it up the rest of the way. Choose optimism - it's the cornerstone of resilience.

Governor's Official Club Visit

The District Governor's official visit is one of the most important and distinctive functions to be performed in a Rotary year.

The DG's official visit, as required by the Rotary International Bylaws 15.090, has been defined by the Board of Directors as "The personal visit of the District Governor to each Rotary club in the district for the purpose of focusing attention on important Rotary issues, providing special attention to weak and struggling clubs, motivating Rotarians to participate in service activities and personally recognising the outstanding contributions of Rotarians in the district."

Once a year the District Governor makes an official visit to each club in the District. The schedule is already shared and clubs must comply as per the schedule.

The purpose of the visit:

- To allow the District Governor to communicate with the Club members;
- To be a useful counsellor to further the Object of Rotary among the Clubs in the District and to assist those Clubs that may need some guidance;
- To motivate Rotarians to participate in service activities to strengthen the programs of Rotary;

- Bring attention to important Rotary issues as they pertain to both the RI and District levels;
- Recognize the contributions of Rotarians in the Club.

Process: Prior to the District Governor's visit (preferably prior to July 1), your Assistant Governor (AG) will meet with your club officers to review the club's Progress on Citation requirements of RI and District. The AG will meet with the District Governor prior to the official visit of each club. Additionally, the AG will confirm with the President the meeting schedule and arrangements.

1. Reconfirm at least one month in advance of the District Governor's visit to resolve any questions as to information, format of the visit and special requirements.
2. The District Governor is a guest of your club when making an official visit. Most importantly, communicate any special plans you have for the Governor so as to be sure it fits in with his/her other plans. Contact the Governor well ahead of time to confirm times and places, thus avoiding confusion and woes.

2023-24 RI Citation Goals and Instructions

The Rotary Citation is an award that recognizes the hard work clubs do throughout the year. Taking action toward achieving the citation goals helps clubs engage their members, stay relevant in their communities, and run more efficiently. A welcoming and engaging club also reflects the values of Rotary. When clubs work to achieve these goals, they also contribute to the overall health and culture of Rotary for generations to come.

To be eligible for the Rotary Citation, clubs need to begin the year as active clubs in good standing – or having paid each invoice balance in full upon receipt. To verify that your club is in good standing, check your daily club balance report under Club Administration > Club Finances. You should have an outstanding balance of \$0.00. Invoices are due when they are posted, in mid-January and mid-July.

Rotary club leaders can go into Rotary Club Central and select at least half of the goals they wish to apply toward citation achievement. This flexibility allows clubs to choose the goals that are most relevant and achievable. In addition, many goals will be self-reported by marking “achieved” in Rotary Club Central.

To achieve the citation:

- Go to Rotary Club Central
- Review the available goals
- Set at least half of the available goals
- Achieve those goals
- Report achievement in Rotary Club Central by 30 June.

Once you are in Rotary Club Central, navigate to the Goal Center, select the year, and click on the All tab to see the goals.
