PRESIDENT'S MESSAGE

Dear Fellow Rotarians,

As we begin a new Rotary year, I am excited to share with you our club's goals and objectives for the upcoming year. Our focus will be on increasing membership, enhancing our community service projects, new generation projects, vocational service projects and strengthening our partnerships with local institutions. Further, we try our best to enhance/improve bonding among suburban families, increase attendance, boost teamwork/team spirit and elevate the overall energy and vibe of the club with a competitive spirit.

I am proud to report that our club has been actively involved in several new initiatives, such as Suburban PenDrive Project, Suburban Make a difference initiatives, Suburban Round table discussions, Suburban Family One-to-one Conclave, Suburban Punctuality Mementos, 6 numpe 6 contest, Suburban Premiere League, TRR (Take a Role on Rotation basis) in weekly meetings and so on. In the month of July 2024, the club carried out 10 plus projects which included around 5 district projects.

This year, our club made a concerted effort to increase female involvement in club activities. We took a significant step forward by inducting a lady Rotarian into our Director Board, who also serves as one of our team coordinators/captains. Additionally, we made a conscious effort to invite some female speakers as guests at our weekly meetings, providing a platform for them to share their perspectives and expertise. To further encourage participation, we requested our Women's Wing (Satellite Club Members) and Anns to ensure their representation at our suburban meetings and events. Through these initiatives, we aim to create a more inclusive and diverse environment, fostering greater engagement and opportunities for women to contribute to our club's activities and service projects.

Mark your calendars for our upcoming family get-together, Independence Day Celebrations, and Character Day programs. I urge you all to participate and bring your families and friends to join in these events.

As Rotarians, we have the power to make a difference in our community. Let's work together to create positive change and inspire others to do the same.

Yours sincerely,

Rtn. Dr. Baiju Ramachandran FCS
President, Rotary Club of Trivandrum Suburban
