From Imagine President's Desk,

Greetings to Rotarians!

Greetings!

I derive immense pleasure in penning this message as we stepped into this new rotary year 2022-23 and in the new year's first issue of Mithuna Sandesh. We have begun this year with a very grand note and right from the time of installation, not a single day has passed without either a project execution or planning for an ensuing project. We should be proud that we have already executed about 32 projects in just a matter of two months. Reaching out to more than four thousand beneficiaries in a span of two months is by no means a small achievement- kudos to the team of stalwarts who have come forward to make significant efforts.

The projects that I as President spearheaded with the district teams on Peace & conflict resolution, Breast milk Awareness week and supporting a number of new initiatives have all been extraordinary successes and gave us immense satisfaction while facilitating relationships across the clubs. Your President had the opportunity to preside and conduct 3 sponsored club office installations (1. Rotaract club of Kilpauk Medical College 2. Rotary Community Corps 3. Annette's club) with the enormous support rendered by PP Rtn Bairavan Babu & IPP Rtn Raghu Chakravarthi. Our club's leadership had the honour to be an invited speaker at the RCC MIG meeting and two other clubs in our district and I must tell you, all this shows our club's ability to gain recognition through sheer meritocracy and manifestation of our commitment to walk the talk.

Project RBC conducted by our Dynamic Club Secretary, Rtn. Mahabu Basha in support of the district champions Rtn. AK Khan & Rtn. Bhatia has been another grand success. More than 1000 units of blood was collected which is a great record.

Customary to her integrity and commitment, PP Rtn Mythili Muralidharan has executed 10 "community economic Development" projects across the district. Our PP Rtn Sujatha Ramesh Babu has been making significant impact on the membership Development across the District and she has also been instrumental in bringing more women members in Gemini. She is setting new standards for all the Rotarians and for women members particularly. Our PP Rtn Dr S Ramesh Babu has been so consistent. His "Nalam Projects (Adults and Children's health screening camps - Detection and treatment) has earned a wide reputation across RID 3232 and in that we would have executed the 10th camp by the time you get to read this message.

Contribution of our mentor PP Rtn Dr JV krishnamurthi, Our treasurer Pugazhendhi, our green earth Champion and Environmentalist and an eminent Orthopedician Rtn Dr M. Partha Sarathy and the quiet Chartered Accountant, Trust In Charge, PP Rtn Govindaram (contributed Rs. 25000/- to the Trust recently) are all silent yet extraordinarily commendable.

Long story short, it was a nice demonstration of a great team work of Geminians. I am happy to receive great and enthusiastic volunteership emanating from Rtn Dr Prabhu Kumar, Rtn Haripriya and Rtn Dr Shiny Gideon. We need you all. Only when all of us are involved, we would reach newer and greater heights.

Our beginning by itself is great and we should sustain and continue to beat our own records. Together we should make the Rotary spirit to be re-energised, rejuvenated, revitalised, rediscovered and repurposed every fortnight to fortnight. Love you Geminians! Let's win together!

Best Regards,

Rtn. Dr. R. Ezhil Arasan
