## Theme

### DECEMBER IS DISEASE PREVENTION AND TREATMENT MONTH

This is one of the Foundations Areas of Focus and one in which many of us would be aware of the numerous projects around the world supported by clubs and the Foundation. Look at your role in

promoting improved health at home and abroad and supporting these vital programs that contribute not only to healthy communities but peaceful communities.

Disease prevention and treatment takes on many forms, from supporting studies to helping immunize people to improving drinking water and the sanitation infrastructure. The world relies on Rotary to tackle these global challenges, and to set an example for others to follow.

## FROM SATELLITE CLUB OF BIRDERS

### Brown-Cheeked Fulvetta

**Location:** Jamshedpur

**Date:** October 2024

**Photo Credit:** Rtn Subrat Basak.

5. The brown-cheeked fulvetta measures 15 cm including its longish tail. It is brown above and buff, with no patterning on the body or wings. The crown is grey, and the cheeks are dark. Brown-cheeked fulvettas have short, dark bills. Their food is mainly insects and nectar. They can be difficult to observe in the dense vegetation they prefer, but these are vocal birds, and their characteristic calls are often the best indication that they are present.

## REFLECTIONS

### Today is the day for the letter T

- Shashi Tharoor in full flow ! ALL words beginning with the alphabet "T" ! And it ALL fits to the 'T'!!!

### A tribute to the letter "T"

By Sashi Tharoor

The tongue's terrible tendency to tell tall tales totally tarnishes traditional transcommunication theories. The tempestuous tirades traceable to the tongue testify to the traumatic tactics of this tiny tab of tissue. Thousands that take the time to think, try to tame the tumultuous torrent of the too talkative tongue. Temporarily, the tide turns. Towering tempers turn to tenderness. Then, tragically, the trend tapers. The tongue trips, teeters, then takes a tumble; the temptation to trifling twaddle triumphs.

Take time to tabulate this timeless truth: to train the tongue takes the tremendous talent of trust. Theology teaches that trust thrives through toil. Therefore, throttle the testy tongue! Terminate the trivial topics that tinge the tenor of talk! Trim the trashy, tasteless terms that transgress traditions of truth! Tounce the trite themes that toady to thoughtless tattling!

Theoretically, the tantalizing target of a true, tactful, temperate tongue torments and teases those that tackle the task. To tell the truth, thrilling triumph throngs the tracks of the tough, tenacious thwarter of tawdry talk !!!!!
