SEPTEMBER IS BASIC EDUCATION AND LITERACY MONTH

The world is making good progress in this area. According to a 2014 United Nations Millennium Development Goals progress report, literacy rates among adults and youths are on the rise and the gender gap in literacy is narrowing. But pressing global needs remain:

- 58 million children worldwide are out of school.
- Even after four years of primary schooling, as many as 250 million children cannot read and write.
- 781 million adults are illiterate.

Rotary supports activities and training to improve education for all children and literacy for children and adults.

FROM SATELLITE CLUB OF BIRDERS

Collaborate, Preserve, Evolve to Conserve Nature

On the auspicious day of Ganesh Chaturthi, Saturday, 7th September, RCJ Satellite Club in partnership with Tata Steel Zoological Society, initiated a unique program “ECOCON”- with the objective of collaborating with schools’ eco clubs to work towards conservation of nature.

The program was held at Nature Education Centre, Jayanti Sarovar, Tata Steel Zoological Centre. Forty eight students from 16 schools of Jamshedpur participated in the event and shared their activities and plans for the year. Some of their significant activities by the clubs related to water conservation, measuring carbon footprints, green electricity, making organic disinfectant, medicinal plants, sparrow rehabilitation, seedball making, tree plantation, the concept of reduce recycle, reuse.

Dr. Vijaya Bharat shared the immense possibilities of working together and the impact it can create on conservation.

DFO Jamshedpur & Dalma, Dr. Mr. Saba Alam, graced the occasion and gave away certificates of participation to the students. Dr Alam appreciate this program and appealed to the Satellite Club for the inclusion of village school students in this endeavour, promising all support. At the same time he urged the students present to consider enhancing their activities through large scale tree plantation and grassland rehabilitation.

The teacher Moderators were especially appreciative stating that this was a unique effort at sharing. The enthusiasm of students could be gauged from the numerous questions such as “How to measure carbon footprints, Carbon emissions, water wastage” asked of the schools presenting their activities. Students also visited the Butterfly Park to learn about butterflies, their importance in nature and their life cycle.

This initiative owes its success to the efforts of Rotarians- Dr. Shams Khan, Dr Naim Akhtar, Mr Rajat Ghosh, Mr Prosenjit Sarkar, Dr. Deepali Misra, Mr Arshian Khan and Mr Rishi Gupta. We owe thanks to our mentors Rtn. Dr. Vijaya Bharat, PDG Dr R Bharat, and Rtn Jagannath Santra.

PP Rtn Madhumita Santra, Rtn. Secretary Vijaya Vaidyanathan motivated the Eco Club members and moderators with their presence.

REFLECTIONS

THE HAIRCUT

Blessed are those that can give without remembering, and take without forgetting.

One day a florist went to a barber for a haircut. After the cut, he asked about his bill, and the barber replied, 'I cannot accept money from you, I'm doing community service this week.'

The florist was pleased and left the shop.

When the barber went to open his shop the next morning, there was a 'thank you' card and a dozen roses waiting for him at his door.

Later, a cop comes in for a haircut, and when he tries to pay his bill, the barber again replied, 'I cannot accept money from you, I'm doing community service this week.' The cop was happy and left the shop.

The next morning when the barber went to open up, there was a 'thank you' card and a dozen donuts waiting for him at his door.

Then an MP came in for a haircut, and when he went to pay his bill, the barber again replied, 'I cannot accept money from you. I'm doing community service this week.' The MP was very happy and left the shop.

The next morning, when the barber went to open up, there were a dozen MPs lined up waiting for a free haircut.

And that, my friends, illustrates the fundamental difference between the citizens of our country and the politicians who run it.

As Margaret Thatcher said: Both politicians and nappies need to be changed often and for the same reason!

"Family" isn't defined only by last names or by blood; it's defined by **commitment** and by **love**. It means showing up when they need it most. It means having each other's backs. It means choosing to love each other even on those days when you struggle to like each other. It means never giving up on each other!
