Theme

JULY IS MATERNAL AND CHILD HEALTH MONTH

OUR IMPACT ON THE LIVES OF MOTHERS AND CHILDREN

The **Rotary Foundation** reaches mothers and children in need by giving communities the help and training they need to take control of their own maternal and infant health care.

Rotary makes amazing things happen, like:

Mobile prenatal clinics

Haiti has the highest maternal and infant mortality rate of any country in the western hemisphere. **Rotary provided a fully equipped medical Jeep** to volunteers and midwives to reach mothers and children in remote areas.

Cancer screening

Rotarians provided a mobile cancer screening unit and awareness trainings around Chennai, India, where there is a high mortality rate of women with breast and cervical cancer due to late diagnosis.

Preventing injuries and deaths

Rotary members launched a \$3 million, five-year pilot to **save lives of mothers and children** during home deliveries in Nigeria. Since 2005, they've also repaired 1,500 obstetric fistulas — 500 more than their initial goal — restoring dignity and hope to vulnerable mothers.
