New lady members in the club

Neeraj Agrawal

Most importantly, his parents and wife Rtn Rani are significant factor behind Neeraj's success as they keep him powered and motivated in all his endeavors. Neeraj's children – elder son Naman is pursuing his Master's at Trinity College Dublin and younger son Mehul is doing his Bachelor's in Computer Applications. It is heartening to note that both idolize their father Neeraj immensely.

Though Neeraj joined Rotary Club of Central Calcutta in the year 2004, Rotary knowledge and ethos run in his bloodline as his father Shri Hari Krishna Agrawal has been a proud Rotarian and, following his footstep was a natural act for Neeraj.

Neeraj was also associated with Rotaract Club as Vice President and President and has served RC Central Calcutta in the capacity of CICO, Hon Secretary, Vice President, and President elect. He holds The Rotary Foundation in high esteem and is a Multiple Paul Harris fellow.

Neeraj remains a dedicated family man despite his numerous social and business commitments and never engages his work schedule that encroaches on to his family times. It is his sheer intelligence, hard work, loyalty and astute determination that he is what he is and an inspiration for others to emulate.

Health Tip

by Dietitian Rtn Shruti Agarwal

Our body needs 2-2.5 ltrs i.e.6-8 glasses of water/day.

Don't drink water with meals because it dilutes the digestive juices. A moderate amount of water taken before a meal is an aid to digestion because it promotes secretion of gastric juice in stomache.

10 simple lessons about life from the Bhagavad Gita

1. Whatever happened, happened for good. Whatever is happening, is happening for good. Whatever will happen, Will also happen for the good.
2. You have the right to work, but never to the fruit of work.
3. Change is the law of the universe. You can be a millionaire, or a pauper in an instant.
4. The soul is neither born, nor does it die.
5. Lust, anger and greed are the three gates to self destructive hell.
6. Man is made by his belief. As he believes, so he is.
7. When meditation is mastered, the mind is unwavering like the flame of a lamp in a windless place.
8. There is neither this world, nor the world beyond, nor happiness for the one who doubts.
9. We're kept from our goal not by obstacles, but by a clear path to a lesser goal.
10. A person can rise through the efforts of his own mind: or draw himself down in the same manner. Because each person is his own friend or enemy.
