Message from RI Director

Dear fellow Rotary leaders:

As we begin a new year of service, let us not forget the importance of every one of Rotary's members.

We need your leadership now more than ever if we are to make every club and district an irresistible experience. Rotary has a chance to capture the world's attention and realize possibilities beyond our expectations. But we must build on the work that has come before us if we are to reach our goals, such as defeating polio and unlocking the power of girls and women.

Rotary offers people of action a chance to connect and find belonging, and this fellowship gives us the potential to improve our communities and the world. By following Rotary's Action Plan and helping make sure all members feel a sense of belonging in their club, you have a special opportunity to inspire members to new heights of service.

Our ability to create lasting change begins with our family of Rotary. Together, it is within our power to bring healing in a divided world.

Join me in making Rotary a source of strength for those who need it most, within and beyond our membership. Let this be the year we harness The Magic of Rotary, and let Rotary be known as an organization that takes care of its members as well as the people we serve.

It is within your power to help make Rotary a beacon of goodwill and fellowship in every community.

Remember that your work can and will change the world with The Magic of Rotary.

Warm regards,

Stephanie A. Urchick

Message from District Governor

Dear Awesome President Rtn. Tasnim and members of the Rotary Club of Thane Urbania

Greetings to all of you!!!

As we embark on another remarkable and Awesome Rotary Year, we prepare to welcome new leadership and embrace fresh opportunities to serve. Rotary's strength lies in its ability to adapt, evolve and inspire through the commitment of its members.

July 1st, 2024 marks the advent of a new Rotary year – the Awesome Year.

It was legendary American President Abraham Lincoln who said " If you give me six hours to chop down a tree, I will spend the first four hours sharpening the axe " This is what Rotary Learning Facilitates for all of us. It prepares us for the Leadership role we are about to take on in the new Rotary Year. Let's begin the year with renewed energy and dedication. We now have goals and plans in place and it is now time to execute them to perfection.

Friends, Only if there is Magic in Rotary, will you find it awesome to be a Rotarian and only through Awesome service will there be Magic in Rotary. I urge you, therefore to develop an Awesome Mindset for yourself to create the Magic in Rotary

The District has designed an awesome 31 Ready Made Projects , which every Club is free to chose from

These are

1. The Eight MEGA Projects
2. The First Lady led COLS CPR Project
3. TB MUKT RID 3142, An initiative of GOI
4. The unique 12 Amrit Mahotsav Challenges
5. The Mega Mental Health, unique, initiative
6. The Eight JDS led Events
7. The Annapurna Project that commences 1st July 2024

In addition, in our drive to create Magic in Rotary, we should strive to ensure that every Rotarian donates atleast \$ 75 to the Rotary Foundation and enthuses atleast one new member to ask to be invited to join Rotary.

The Key is not the Will to Win, ... everybody has that. To be a Winner, you must Plan to win, prepare to win and expect to win and to remember that Success is not final, Failure is not fatal but it is the courage to continue that counts.

I truly believe that nothing of major significance is achieved by doing small acts of kindness. It is though impactful projects that make a substantial and visible difference to the life of the community that Rotary will truly gain respect.

As President, learn to embrace the journey, trust the process and believe in your abilities. Dream Big, work hard and surround yourself with good people.

Always remember that the only impossible journey is the one you never began and that what you do has far greater impact than what you say

Jyoti joins me in wishing you and the members of the Rotary Club a truly AWESOME Year.

Yours truly

Dinesh Mehta

Real life experience of saving whale

Save Sapphire

Save Sapphire

We were on a holiday at Ganapatipule in Ratnagiri. When we reached there, we were informed that a BLUE WHALE was stuck in the sand.

The whale had washed out from the sea this morning and was alive. Locals helped Sapphire to be cool by pouring water on her.

The Regional Forest Officer (RFO) present there had called two JCB's and tried to lift Sapphire by tying a rope around her but were unsuccessful after many attempts, later they decided to wait for the high tide and let Sapphire get into waters herself.

Next day she was washed out on the shore again and was sunk deep in the sand. RFO and her team kept Sapphire alive by giving antibiotics and saline. This task seemed more difficult because she weighed 4 tons. RFO tried to contact Indian Coast Guard Services (ICG) and JSW as they have a BARGE which could pull Sapphire into waters. My parents have friends working at both the places so they made calls and mobilized resources from ICG and JSW both.

Within few hours the operation 'SAVE SAPPHIRE' had started but the water had receded by then, so the teams had to wait for high tide. At 8:30 p.m. ICG officer tried tying her with thick belts so that she could be pulled by the barge of JSW. There were three unsuccessful attempts as the belts were slipping from her body.

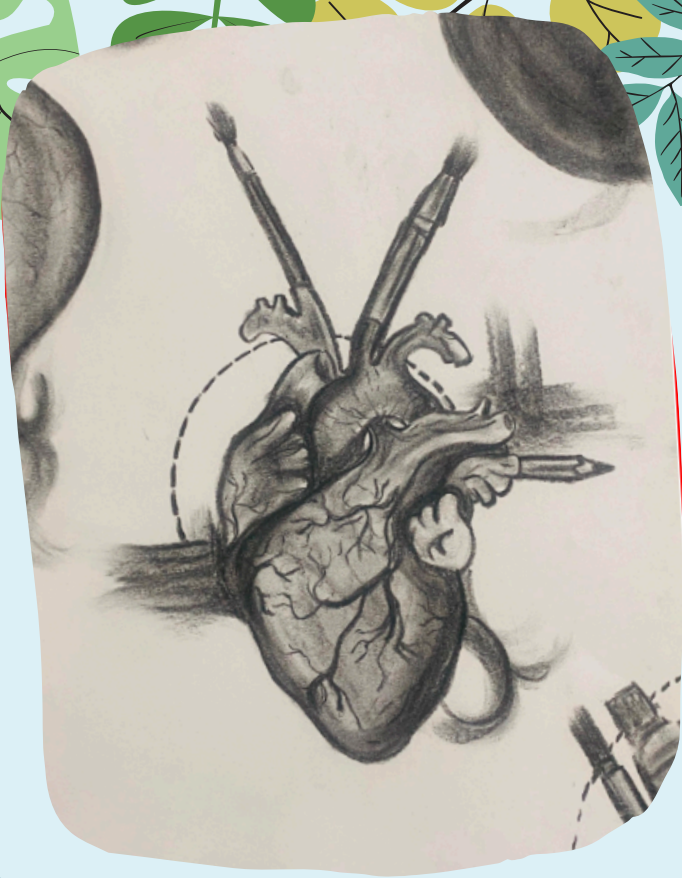

They thought of tying her with a thick net. But this was also unsuccessful as the net was hurting her which made her aggressive and she freed herself from it.

The doctor suggested to tie the belt under her fins. This try was a huge success.

Every individual was elated that the mission was a huge success. But sadly, this happiness did not last long as she was back on the shore the next day and was found dead.

This instance makes me PROUD and rightly says that Akash: sky is the limit to help someone without being egocentric.
