A poem I had penned few years ago ...

### *An Ode to Paul Harris*

*To give back to our brethren what they deserve  
 What is the truth?  
 Asked many  
 Behind closed doors met an unassuming four;  
 Friendship and Fellowship being their goal  
 They knew not how important their role  
 A club for many, a refuge for some  
 Creating opportunities and solutions galore  
 It spread it's wings across the shore  
 Harris sowed the seed in 1905  
 A century and fifteen years it's survived  
 Storms may have come and turbulence too  
 But the seed so strong  
 saw it through  
 It's the spirit of humanity  
 To serve, To endure and To persist  
 And if each individual strives to do so  
 The purpose of Rotary would be fulfilled  
 And up from the heavens we see Harris smile  
 Seeing his tribe grow at each mile!*
