## GETTING STARTED WITH THE LEARNING CENTER

The Learning Center is customized for you according to your membership status, your language, and your role in Rotary. You get to it by signing in to My Rotary. If you know nonmembers or prospective members who would like to take courses, tell them that they don't have to be members to create a My Rotary account and use the Learning Center.

In Learning Center, Courses have an "E-learning" label and show the estimated time it takes to complete them. Typically, a course takes about 15 minutes. Click or tap a course to see its details. **ABOUT THIS COURSE** shows a course description.

You can find a course in several ways:

- Search by title or keyword
- Browse by topic
- Browse by language
- Use filters or categories

When you take a course, we recommend first looking at the course materials in the order they're listed in. You can come back to any lessons or materials you want to revisit later, even after you finish the course.

Select each plus sign to learn about how to navigate and complete a course.

When all of the materials in the course have blue check marks, you'll see a **DOWNLOAD YOUR CERTIFICATE** button. Use it to print or view a certificate of completion. You can also download the certificates you've earned from the **My Activities** page under Courses.

Connect with Public Image Team in case of any query.
