President Speaks...

Dear Rotarians and Friends,

February has been a month of impactful service, reflecting our unwavering commitment to community welfare, education, and environmental responsibility. Each project we undertook this month has brought us a step closer to creating a more inclusive, sustainable, and empowered society.

Our Club concentrated on reaching out to the most needy segments of our society viz. the disabled, the Senior citizens, the patients requiring emergency financial aid. We extended critical medical assistance by covering the hospitalization and treatment expenses to a needy girl child. To provide a better learning environment for disabled children, education and infrastructure support was strengthened for a needy institution. Similarly, we contributed towards meeting some of the basic infrastructural needs for a Senior Citizens Day Care Centre.

We also continued our focus on environmental sustainability, through E-Waste Collection and recycling drive, reducing environmental hazards and promoting responsible disposal practices, in partnership with the District team.

Our continual educational and awareness sessions continued for the youth and school children, with conduct of sessions on furthering digital literacy, cyber-security and "Good Touch - Bad Touch", ensuring that the students understand personal safety and boundaries.

Our young Rotaractors & Interactors continued their contribution by actively supporting and participating in the above Club events.

I extend my heartfelt gratitude to all members, volunteers, and partners for their dedication in making these initiatives successful. Let us continue our mission of service above self, working towards the upliftment of our communities and the betterment of our great nation.

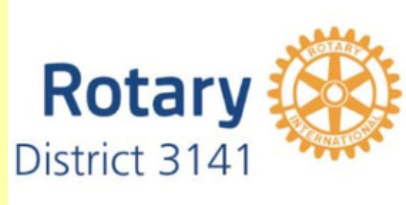

Yours in Rotary Service,
Jotinder Singh Ahluwalia
