Creating Hope

A NEWSLETTER BY ROTARY CLUB OF MUMBAI SHER E PUNJAB

FROM THE PRESIDENTS DESK

Building on the Magic of Rotary

Dear Fellow Rotarians and Community Members - Having completed 3 eventful months of the Vibrant year, fills me with a feeling of gratitude towards the Almighty, for having given us the blessings and opportunities to serve the community at large. At the beginning of the year, being a baby club of 11 months, I was not sure how our Club will fare and whether we would be able to do justice to the expectations of the community and the district.

One thing that I was always sure was, that we will put in our very best efforts and leave the outcome to the Almighty. Our club members were having high aspirations and brimming with boundless energy to reach newer heights.

We celebrated our Club's 1st Birthday on 21st August and despite being a baby club and as we read this Newsletter, we have completed 3 months. Looking back, with great sense of humility and sense of satisfaction, I declare that we have managed to build on "The Magic of Rotary" during this period. Some of our magical achievements during this Quarter, are reflected in the Dashboard below:

Performance Parameter	Achievement	Performance Parameter	Achievement
Projects Completed	46	Beneficiaries impacted	5084
Projects Worth	5.12 Lac	Member Manhours	691.5
New Members added	14 (50% ↑)	Fellowship events	8
District Events participated	5	TRF Achievements	1 Major Donor

We have already completed more projects, than the total count achieved last year. Our target on increasing our new members count by 50% is also achieved. Our completed projects were aligned to most of the 7 RI focus areas. Our key projects include – SMART GIRL project for adolescent girls, financial awareness & free registration of underprivileged for various Government schemes, Health Camps (General Health, Eye & Dental), Annapoorna for the truly needy, Infrastructure for schools (Library, Notebooks, Textbooks, Teaching Aids etc).

While we did our projects, we continued our focus on building greater bonding, teamwork and camaraderie amongst members through various fellowship events (Birthday celebrations, Independence Day, Teachers Day, Onam festival, Navratri etc).

In the coming months, we will continue building further magic, by focusing on bigger, ambitious and bolder projects. We also wish to focus on CSR partnerships and funding for these bigger & bolder projects. We aim to form Interact and Rotaract Club, during this year, to help achieve our goal of nurturing the next generation.

Thank you, dear Members & partners, for your unwavering support and commitment during all the projects. I urge each of you to continue the spirit of 'Service above Self' to make a real difference in the lives of those we serve. I also thank our partners Gur Samarath Foundation & Chingari Shakti Foundation for their contribution in achieving our common goals. May God continue to shower his blessings, so that we continue our journey along this noble path with unending commitment.

"Deh Shiva Bar Mohe Ehahi, Shubh karman te kab hu na taro" – Guru Gobind Singh ji
(O Lord, give me this boon, May I never ever shirk from doing good deeds)

Yours in Rotary Service,

Rtn. Jotinder Singh Ahluwalia – Club President (2024-25)

Women Empowerment in India: Catalysts and Challenges in the 21st Century

– By Rtn. Prof. (Dr) Sunita Sharma (Joint Secretary – RCMSEP)

Empowerment refers to the process of gaining freedom, authority, and control over one's own life. It involves increasing the capacity of individuals or groups to make choices and transform those choices into desired actions and outcomes. Empowerment encompasses various dimensions, which include:

Personal Empowerment: Developing confidence, self-awareness, and self-esteem.

Social Empowerment: Enhancing the social status and roles of individuals or groups.

Economic Empowerment: Increasing access to resources, opportunities, and economic independence.

Political Empowerment: Ensuring participation in political processes and decision-making.

The Journey of Women's Empowerment in India: The journey of women's empowerment in India is a complex one, marked by significant milestones and ongoing challenges. This journey spans centuries and is characterized by various social, political, and economic movements aimed at improving the status and rights of women in Indian society. It can broadly be divided into the following periods:

Ancient and Medieval Periods

Vedic Period: Women enjoyed a relatively high status, participating in religious ceremonies, receiving education, and having access to property rights.

Later Periods: The status of women began to decline, with increased patriarchal controls, the practice of sati, child marriages, and purdah (seclusion of women).

Colonial Era

Social Reform Movements: The 19th and early 20th centuries saw various social reform movements aimed at improving women's status. Key figures included Raja Ram Mohan Roy (against sati), Ishwar Chandra Vidyasagar (advocated widow remarriage), and Jyotirao Phule (worked for women's education).

Legislative Changes: British colonial rule introduced several legal reforms, such as the abolition of sati (1829), the Hindu Widow Remarriage Act (1856), and raising the age of consent for marriage.

Post-Independence Period:

Constitutional Provisions: The Indian Constitution, adopted in 1950, enshrines equality before the law and prohibits discrimination on the basis of gender. Articles 14 to 16, specifically address women's rights.

Legal Reforms: Several laws were enacted to protect women's rights, including the Hindu Marriage Act (1955), the Dowry Prohibition Act (1961), and Protection of Women from Domestic Violence Act (2005).

Women's Movements 1960s-1980s: The women's movement gained momentum, addressing issues such as dowry deaths, domestic violence, and workplace harassment. Organizations like the Self-Employed Women's Association (SEWA) and All-India Democratic Women's Association played crucial roles.

Recent Decades:

Increased activism around issues such as sexual violence, reproductive rights, and gender discrimination. The Nirbhaya case (2012) led to significant legal reforms, including stricter penalties for sexual assault.

Panchayati Raj Institutions: The 73rd and 74th Constitutional Amendments (1992-93) mandated the reservation of one-third of seats for women in rural and urban local bodies, significantly increasing their political participation.

Parliament and State Legislatures: Efforts continue to increase women's representation in higher political offices, with the Women's Reservation Bill (proposing 33% reservation in Parliament and state legislatures) still pending.

Employment and Education: Initiatives to improve women's access to education and employment, such as the 'Beti Bachao Beti Padhao' scheme and 'Skill India Mission', have been launched.

Entrepreneurship: Government schemes like the Mudra Yojana and initiatives by various NGOs support women entrepreneurs.

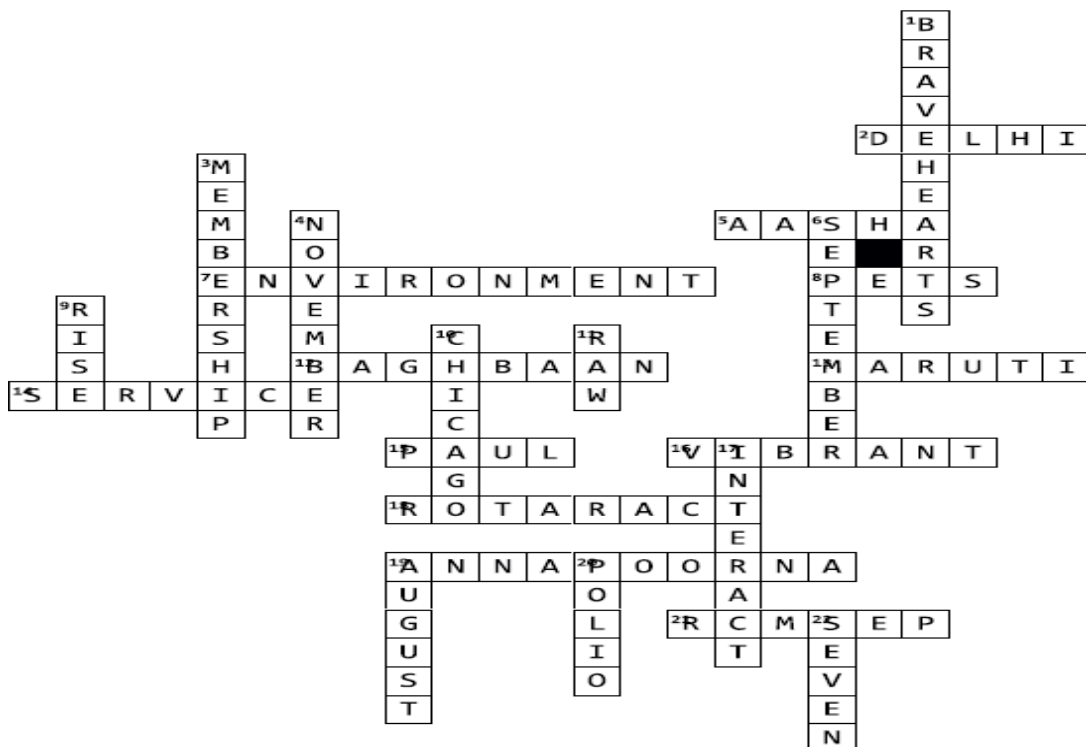

Contemporary Challenges and Progress - Despite progress, significant gender disparities remain in areas such as workforce participation, wage gaps, and access to education and healthcare. Ongoing

challenges include combating domestic violence, dowry, female infanticide, and gender-based violence. Continued efforts are being made to strengthen legal frameworks and implement policies promoting gender equality.

Rotary & Women Empowerment - Rotary principles of "Service Above Self" and commitment to ethical leadership create a solid foundation for promoting women's empowerment worldwide. By fostering equal opportunities, Rotary actively supports projects that focus on women's education, vocational training, and health, thus addressing key barriers to their social and economic independence. Rotary empowers women to build sustainable livelihoods and lead in their communities. Additionally, Rotary's dedication to diversity and inclusion ensures that women not only benefit from but also contribute significantly to leadership roles within Rotary, advancing gender equality and creating ripple effects of progress in society. This alignment of Rotary's service-oriented mission with the goal of women's empowerment reflects a shared vision of a world where every individual, regardless of gender, has the opportunity to thrive and make a meaningful impact.

Conclusion - The journey of women's empowerment in India is marked by both achievements and ongoing struggles. It involves a continuous effort from the government, civil society, and individuals to challenge and change entrenched patriarchal norms and create a more equitable society. The progress made so far is significant, but the road ahead requires sustained commitment and action. The evolution of the Industrial Revolution parallels the journey of women's empowerment. Just as the industrial revolutions have transformed economies and societies by embracing new technologies and values, the empowerment of women signifies a transformation towards a more inclusive and equitable society. The focus on societal well-being in Industry 5.0 resonates with the goals of women's empowerment, highlighting the importance of integrating gender equality into the broader narrative of progress and development.
