GOVERNOR'S MONTHLY LETTER

District Governor's Message

My dear fellow Rotarians,

I am thrilled to share that we are living in extraordinary times for Rotary. Our organization is continuously adapting technological advancements and new ways of doing things. We are seamlessly connected with Clubs in Africa, in Europe and in the US. There is very good understanding among the Rotarians to support the needs in various geographies and once we highlight the need assessment, we are getting spontaneous support from Rotarians Nationally and Internationally. The magic of our Rotary Foundation helps us do projects of large scale, benefiting a large section of the population.

Technology has revolutionized our interaction, enabling seamless communication and knowledge sharing. Paul Harris's visionary dream of building peace and friendship worldwide is unfolding before our eyes in a massive scale in this paradigm shift. We are witnessing Rotary's core values – friendship and service – take on new dimensions. We are learning about diverse cultures, exchanging flags and visiting clubs globally, experiencing Rotary's expansive reach.

India is a destination where maximum projects of Rotary happens worldwide. Rotarians in India are launching projects every day, either through Global Grant initiatives or CSR initiatives. RI District 3234 has big plans to leverage both the CSR channel and Global Grant channel. Today lot of corporates have good faith in Rotary and are willing to work with Rotary. Every Club and every Rotarian must take advantage of this situation.

My message to the Club Presidents is if you have a very good project idea, meet your DG and discuss the funding and implementation plan. Alternatively, if you have a corporate organization and many times our own

Rotarians are willing to bring forth the CSR. We have many projects which will fit into the criteria of the corporates, and we can work to convince them. Collectively all Rotarians of RI District 3234 must make it a mission to do more and achieve more impacting our society.

There were multiple activities in November engaging Rotarians and their families. We start off with Conference Curtain Raiser in Nov the 4th at Hotel Connemara. It was a classy event. All Presidents and Secretaries were present in full attendance. The Conference name was launched – UTSAV ,26. PDG SvRm Ramanathan announced special offer for 100% registration by clubs. we had spontaneous confirmation by 19 clubs. there was lot of excitement about the Conference with Chairman Balaraman and his team highlighting special inputs about the Conference.

Annettes Halloween Night on the 8th of Nov was a grand show with many Annettes participating. There were a fashion walk and performance and many prizes were given.

World Diabetic Day – To commemorate the World Commemorate Day we had a Walkathon on 9th of November at Besant Nagar Beach. Rotaractors came

in large numbers wearing special T-shirt and caps, multi placards highlighting the importance of good health and avoidable diabetics were highlighted. More than 1500 participants took part. It was a big Public Image event for Rotary. Multiple camps on diabetes were held at strategic location across the city.

Delhi Rotary Institute - The Rotary Zone Institute "Tejas" was wonderfully conducted on Nov 14, 15 & 16 with RI President Francesco Arezzo being the Chief Guest. Multiple Speakers and Awardees took part. Arrangements were wonderful.

Curtain Raiser Report – Utsav: District Conference 2025-26

- Rtn. Revathi Sanjeevkumar, RC Madras East

The curtain raiser for the much-awaited District Conference 2025-26 was an evening that beautifully captured the spirit of Rotary—service, fellowship, inspiration, and celebration. The event was graced by distinguished Rotarians, partners, leaders, and guests, all gathered to set the tone for what promises to be a landmark conference.

One of the most memorable moments of the evening came from the heartfelt anecdotes shared by **PDG SVRM Ramanathan, Chief District Counsellor & Vice Governor**. Speaking with remarkable warmth and sincerity, he reflected on what Rotary gives—both to society and to every individual who becomes part of its vast and compassionate network. His stories, drawn from lived experiences, moved the audience deeply. They brought both **laughter and tears**, reminding everyone of the transformative power of Rotary's service and the bonds it creates.

In a gesture that exemplifies his generosity and commitment to the Rotary cause, **PDG SVRM Ramanathan also announced his sponsorship of the lucky draw prizes**, further adding excitement and goodwill to the upcoming conference.

This year's conference carries a name that is both meaningful and symbolic—**Utsav**, a word that signifies *celebration, festivity, and coming together in joy*. It perfectly embodies the essence of Rotary camaraderie and the collective spirit of service.

The enthusiasm for Utsav is already evident, with **more than 15 clubs achieving 100% registration**, a remarkable milestone that reflects the eagerness of Rotarians to participate and contribute.

Adding to the uniqueness of this year is the fact that **for the first time, the district conference will be held as a single-day event**, making it power-packed, engaging, and unforgettable. Attendees can look forward to **an exciting lineup of speakers, vibrant stalls, enriching sessions, fun activities, and exceptional hospitality**, all curated to make Utsav a truly memorable celebration.

A special highlight of the evening was the **exhilarating speech by Past RI Director Venkatesh**, whose presence added tremendous value. In a delightful coincidence—and perhaps destiny—he shares a deep affinity with the title *Utsav*. The conferences under his leadership, both when he served as Conference Chairman and later as District Governor, proudly carried the same name. His connection to *Utsav* added a sense of continuity, legacy, and pride to the theme.

We are also immensely grateful to **District Governor AKS Rtn. Vinod Saraogi**, whose leadership, energy, and vision continue to inspire every club in the district. His passion for service and ability to lead from the front have already made a significant impact, reaffirming his role as a true change maker.

Overall, the curtain raiser was a resounding success—**setting the perfect tone for the grand celebration that awaits us**. After all, what begins well ends well, and Utsav has begun on a note of enthusiasm, unity, and optimism.

A big shoutout to the **District Governor, Conference Chairman Rtn. Balaraman, and the entire organizing team** for their tireless efforts in crafting a fabulous start to the conference journey.

We take this opportunity to warmly invite you to **register for Utsav** if you haven't already. The success of any conference lies in the strength of its attendance—and your presence will make all the difference.

Let's come together to celebrate service, fellowship, and the joy that only Rotary can bring.

See you at Utsav!

Rotary International District 3234 Launches "Sa'iyam" - A Diabetes Awareness Campaign

-Rtn. Vrinda Deepak, Chair - Diabetes

To commemorate World Diabetes Day, Rotary International District 3234, under the leadership of District Governor AKS Rtn. Vinod Saraogi, First Lady Rtn. Usha Saraogi, Deputy Governor Rtn. Mohan Raghavan, and District Secretary Rtn. Sapthagiri, launched a large scale diabetes awareness campaign titled "Sa'iyam" in association with Rtn. Dr. M. C. Deepak, Senior Consultant, Madhav Diabetes Centre, Anna Nagar. The initiative is being spearheaded by District Health Chair Rtn. Suryanarayana Rao and District Diabetes Chair Rtn. Vrinda Deepak, with support from District Rotaract Representative Sathish Kumar.

Sa'iyam, meaning self-restraint or moderation, highlights the importance of balance in lifestyle choices as a key factor in preventing and managing metabolic disorders. The campaign commenced with a 1.8 km Walkathon held on November 9, 2025, at Elliots Beach, Besant Nagar, where Rotarians, Rotaractors, and volunteers from the Madhav Diabetes Centre walked together to spread awareness on diabetes prevention and control. A demonstration of yoga asanas and surya namaskar was conducted by a team from Saurav Yog, emphasizing the role of regular physical activity and mindfulness in maintaining metabolic health. Over 650 Rotaractors from Anna Adarsh College, Loyola College, MGR Janaki College, M.O.P. Vaishnav College, New College, Stella Maris College, Ambattur College, and Madras Rhythms took part in the walkathon, along with Rotarians and representatives from the medical fraternity. As part of the continuing campaign, four days of diabetes screening camps are planned this week at Chennai MGR Railway Station, Egmore Railway Station, Tambaram Railway Station, Chennai Airport, and selected housing societies across the city.

A healthy breakfast was served to all participants after the walkathon, reinforcing the importance of nutritious eating habits in leading a healthy life. Care was taken to ensure that participants did not litter and that the natural beauty of the beach was preserved.

RI District 3234 remains committed to promoting health and wellness across workplaces, schools, colleges, and the community at large. Indian Council of Medical Research studies indicate that for every one person diagnosed with diabetes, there is another who remains undetected. Early detection and good control from Day 1 can greatly improve quality of life. With initiatives like Sa'iyam, Rotary hopes that small, collective steps will lead to significant progress in the prevention of non-communicable diseases. If the world can stand on the brink of eradicating polio, we can surely aspire to overcome the growing challenge of diabetes.

The camp was Inaugurated by our DG AKS Rtn Vinod Saraogi along with the SETC General Manager – Mr Jaroline.

This was the first time that SETC has conducted a medical camp for their staff. This was possible thanks to the persistent efforts of our Chairman – Mega Medical Camps - Rtn Santosh Kumar.

The camp was put together by Presidents – Rtn Senthilkumar, Rtn Jagjit, Rtn Sudha, Rtn Antony. They were actively involved and brought in some of their members to support and participate.

169 Staff including contract workers availed the opportunity. The presence of a General Consultant Doctor helped many enquire on their regular issues – which otherwise was left untreated. Quite a few became aware of the necessity to take care of health issues for the first time. Thank you, Apollo team. The Host clubs were RC Mambalam, RC Upscale, RC Thiruvamiyur, RC Madras Central, RC Chennai Patna & RC Ashok Nagar.
