International News

Jennifer Jones
President 2022-23

Every month since I joined Rotary, I've looked forward to reading this magazine, especially the opening essay from our Rotary president. I'll admit that as much as I appreciate a digital copy, I still revel in the tactile sensation of sitting down and leafing through the glossy pages. They are a treasure trove of photos and memorable stories about our great organization the one we all know and love. I have learned so much over the years about service projects and lives that each of you have transformed.

As a communications professional, I have longed for the day that our stories were a regular part of mainstream media and that our flagship magazine might populate doctor's offices, coffee shops, or anywhere else people sit, wait, and browse. It's great that Rotary members are better informed about all we do, and wouldn't it be that much better if more people knew our stories.

All this was top of mind as I thought about our plans for promoting Rotary worldwide in the upcoming year. Over the next 12 months, we are going to shine a light on projects that put Rotary service on display to the world, and we are going to do it strategically. Nick and I will focus on some of the highest impact, sustainable, and scalable Rotary projects from our areas of focus in what we call the Imagine Impact Tour.

We are inviting top-tier journalists, thought leaders, and influencers to use their channels to help us raise awareness by reaching people who want to serve but have not yet realized they can do it through Rotary.

But there was another important issue to consider – our carbon footprint. I take seriously Rotary's emerging leadership position on environmental issues. The example set by our members during the pandemic is fundamental to how we carve out our future.

That means we will harness digital technology to tell these stories – we will be tweeting, posting, and “going live” to anyone who will listen. We must consider our environment, and part of that means not always traveling but continuing to connect in meaningful ways as we have for the past two years.

Of course, we are social people, and we still need to be together. We simply need to be more mindful of our decisions and think about how we get together just a little bit differently. For example, if we travel to visit a project, we will plan successive visits in neighboring areas.

So, what are your stories and who can help tell them? I hope you might consider your own Imagine Impact efforts – your story might be something you can promote just as easily on social media or during a Zoom call. Think about ways to showcase notable projects in your clubs and districts.

We all feel the impact that Rotary service and values have on us. Now it's our opportunity to share that feeling with others.

President's Message

Hello

Rtn. Hashu Ambwani

Greetings Friends,

The month of June started with a donation that was made to the Matru Seva Sangh via a sponsor to cover the requirements of new born babies in Government Medical College, Nagpur. Followed by this on World Environment Day we had a clean up and a tree plantation drive along with a workshop on seed ball making by our Rotractors. We also had our Charter Night Celebration of our club and it was a delight to see the overwhelming response of our members for the same! We have come close to the end of the year 2021-22 and I am grateful to each and every one of you for giving me the opportunity and responsibility of serving as the President. I dedicate the success of this year entirely to my board of directors. I am immensely grateful to our club trainer Rtn. Girish Sadhwani for guiding me in this journey. I thank all the past presidents who supported me at all times. I want to thank Hon. Secretary Manisha Manghani for being the pillar of strength in all areas and tirelessly working towards executing our projects in the best way possible. I also thank my family and my better half R/Ann Ritika for being there for me so that I could put my best foot forward in doing justice to my responsibility as the President.

I am looking forward to hand on the baton to Rtn. Jyotika Kapoor and to be there for her team, to be a Rotarian ready to serve always. I am sure she will take our club to greater heights. I congratulate her and her team of office bearers and wish them good luck for a great and successful year ahead.

I feel immense gratitude as I conclude my last message as the President of RCNN for the year 2021-22. It has been a journey full of learnings, service and great sense of responsibility. It was an absolute honour to 'Serve to Change Lives' as the President of the club. May we continue to shine as the "North Stars" and keep inculcating values and morals that keep encouraging and motivating us to serve the society as we do!

Thank You!

Yours in Rotary,

Rtn. Hashu Ambwani

President

Editor's Message

Hello

Rtn. Jyotika Kapoor

Greetings to all!

Over the past year, it has been a wonderful journey being the editor of the rotary club magazine for the year 2021-22. I would like to take this opportunity to thank the editorial team for helping me throughout the year as the Editor. As I hand over this responsibility to Rotarian Manisha Manghani, I would like to recount a few major projects that we undertook this year. Central Jail project, Beltarodi project and Singer Machine project, all under the able leadership of IPP Rtn. Hashu Ambwani. All these projects had presence of DG Rtn. Ramesh Meher. He appreciated the work done by Rotary Club of Nagpur North in the District 3030.

I CALL MYSELF A PROUD NORTHERIAN. A PROUD ROTARIAN.

With the end of my tenure as the Editor, I look forward to continue serving the community alongside all of you as your president for the coming year. I am in gratitude to all of you for inspiring me to take on this responsibility everyday. I hope we have another great year with multiple major projects which make a positive impact on the community.

Cheers!!

Stay happy!

Stay fit!

Happy Reading,

Yours in Rotary,

Jyotika Kapoor
Editor
