## FROM EDITOR'S

# PEN

The Rotary Club of Calcutta Mahanagar is a homely club and as the new year starts under the leadership of President Jyoti Mahipal, I extend my warm greetings to her and all the Rotarians.

I joined as a Rotarian just 2 years ago and getting a chance to serve as an Editor of this prestigious club is a huge honour. On one hand I feel joy and immense pride for such an honor and on the other hand I feel nervous and anxious to be able to fulfill the expectations placed on my shoulders. Nonetheless, I pledge to provide you the best publications to the best of my ability. It's never easy to follow the footsteps of a legendary editor. My dear friend Pramila is definitely a legend. She took this publication to soaring new heights. But I am so blessed to have a wonderful editorial team with me where we divide the task and multiplies the success. We all will do our very best to maintain the high standards and perhaps take it a bit further with your help.

It is our pleasure to present the bulletin for the year 2023-24 as an important tool of communication and as an information provider to follow our rotary dreams and enhance our fellowship.

This year I am planning to introduce some new columns/features in our bulletin....

- Scratch your sharp brain and be ready to answer the 'PUZZLES' that you would find in the bulletin. The first correct answer sent on WhatsApp will get an assured gift.
- Apart this, you all will get to know some interesting and unknown facts of our members through our column 'SPOTLIGHT'... We will mention about their profession, their likings/disliking etc. This would give us the opportunity to know more about the members both old and new.

We will be introducing some regular features and we would love for you to contribute. Please email me if you think you want to be a part of all of this. Hey, if I can do it, anyone can.

Sharing my email and whatApp for your feedback and suggestions

# VISIT OF EMMANUEL KATANGOLE FROM UGANDA

We had privilege of having a special guest from Uganda, Mr. Emmanuel Katangole, who was the keynote speaker for the installation held on 12th July at City Centre Royal Bengal.

He arrived in Kolkata on 11th July and was escorted by Past President Pranay Agarwal and President Jyoti Mahipal. He then visited the Rotary Eye Hospital. We visited Star Welfare Society at Topsia where underprivileged children were offered goodies and where MrEmmaneul gave a small inspirational speech to the children. We also planted a few trees in the campus of the school in his honor. The project was attended by a good number of Rotarians. In the evening, we had dinner at Salt House hosted by President Jyoti Mahipal which was attended by Board members with spouses. There, we celebrated the arrival of the grandchild of Mr Emmanuel.

PRIP Shekhar Mehta and Rashi Bhabhi hosted lunch for him on 12th July. After that, he attended our 33rd Installation ceremony, in capacity of our keynote speaker, where he gave a heart touching and emotional speech on his own life, and the struggles he went through to reach what he is today.

It was truly encaptivating to hear him talk about his humble beginnings in a small and poor African village, which were followed by his sky-high achievements at his career, at Rotary, and beyond. Most notably, after becoming successful he has returned a lot more to society than what he received from Rotary. Truly, he served, and continues to serve, to change lives, and it was no wonder seeing the thunderous applause and appreciation that followed his speech.

Hello readers, I'm **Ajay Singh Lodha**. I joined rotary 27 years ago. My charming wife Lajo and son Aryaman blended into the Mahanagar family like sugar in water. I'm into packaging and printing business.

I was a new comer to Kolkata when at a private function Shekhar met me and made me join Rotary Mahanagar, I thought that I will get business contacts in this new city and service was the last thing in my mind then, not knowing that it will change my life. Joining Rotary and becoming president of our club has taught me a lot. I am always thankful to each and every member who has taught me to evolve as a good human being. We all members joined hands to make our clubs reach greater heights and I proudly say that with untiring efforts of all members we were adjusted best club of district for the first time during my tenure fulfilling the wishes of our dear friend Late Pradeep Tibrewal.

Our club has always been in strong hands and together we fought all unfortunate eventualities, all the presidents till now has given their 100% to retain top position of our club in District

The club has given me friends for life whom I can blindly depend upon, and now I consider the members as my extended family. I really feel proud and privilege to be member of this prestigious club. As chairman of the Shelter Kit project, it is the most noble and satisfying task.
