Dear fellow Rotarians,

February is a peace and conflict prevention/ conflict resolution month.

Today millions of people are displaced as a result of conflict, violence persecution and human rights violation half of these are children.

We refuse to accept conflict as a way of life. Rotary project provides training that fosters an understanding and provides skills to resolve conflict.

Rotary creates an environment where peace can happen. Rotary has four roles in promotion of peace for rotary and its members are practitioners, educators, mediators and advocates peace

Our members have an integral role as respected, impartial participants during peace processes and post conflict conflicts resolution . We focus on creating communities and convening groups that are connected inclusive and resilient.

All these areas will need greater efforts in the coming year for potential global hotspots are growing at a fast pace

Let us build peace within and In Rotary
